[ ]

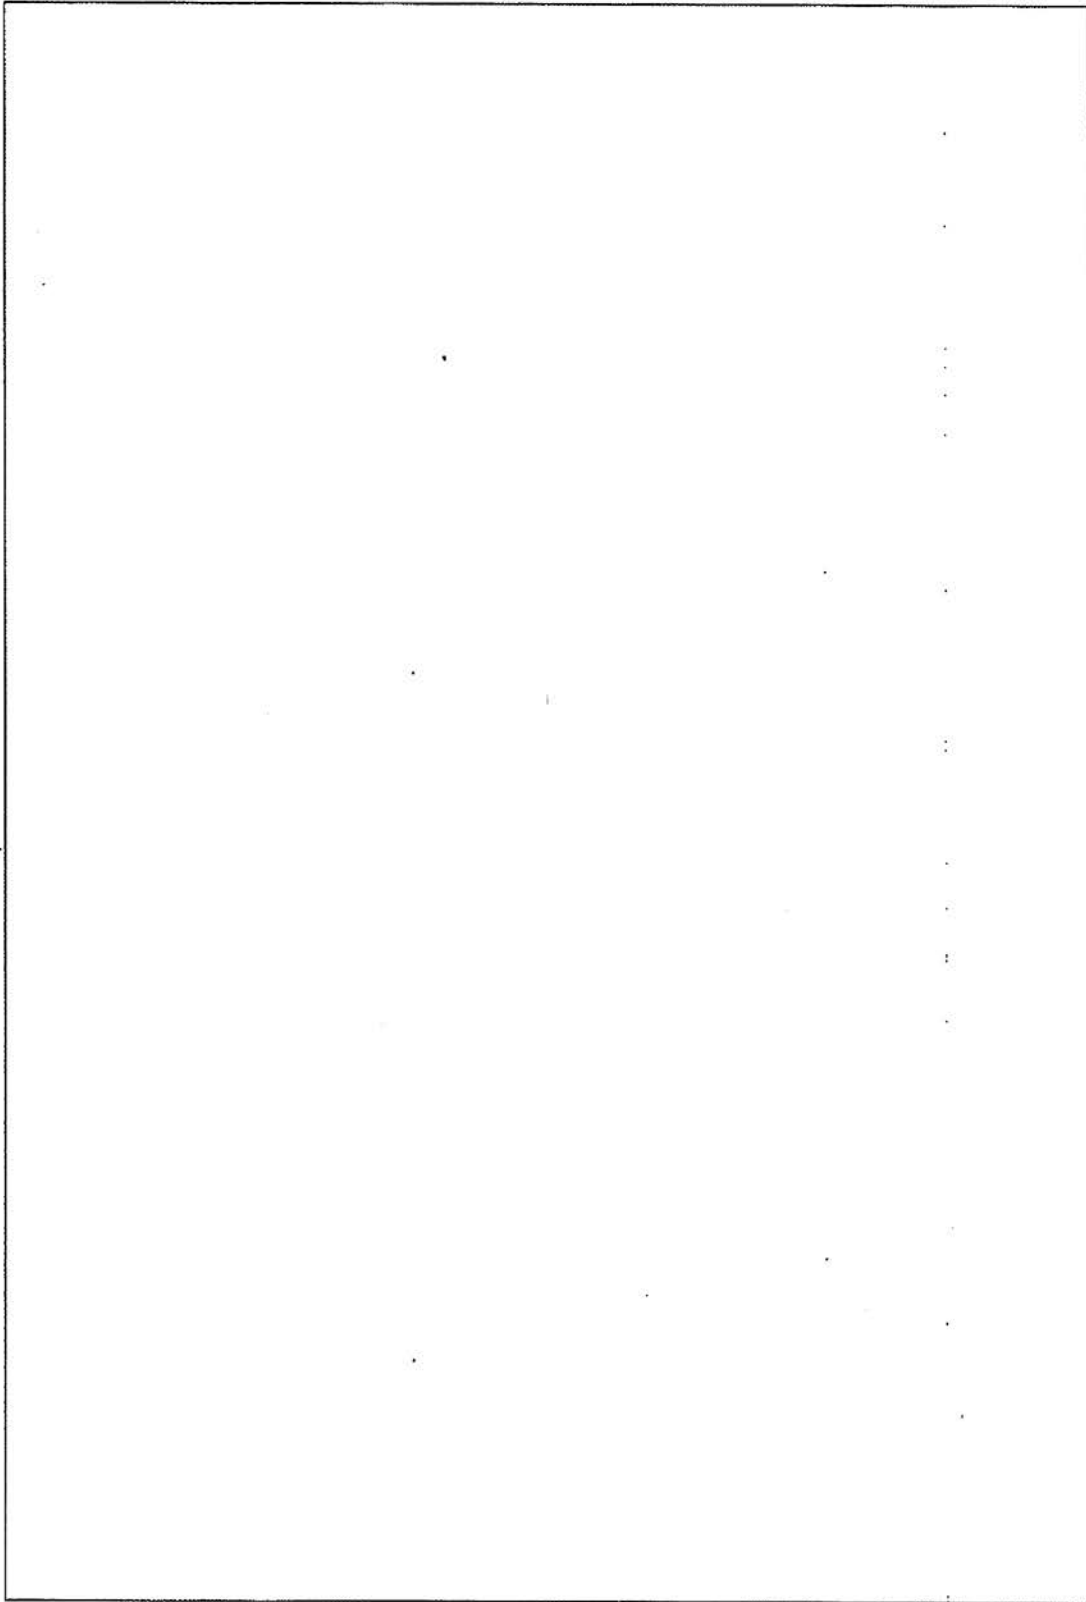

103. Gul Rahman, a suspected Afghan extremist associated with the Hezbi Islami Gulbuddin organization, was captured in [ ] on [ ] October 2022 and rendered to [ ] COBALT on [ ] November 2002. Between [ ] and [ ] November 2002, Rahman underwent at least six interrogation sessions conducted by various members of a team that included the COBALT [ ] Site Manager, an independent contractor psychologist/interrogator, [ ], and an independent contractor [ ] linguist. Rahman was subject to sleep deprivations sessions of up to 48 hours, at least COBALT one cold shower and was without clothing for much of his time at [ ]. Despite these measures, Rahman remained uncooperative and provided no intelligence. On [ ] November 2002 [ ] guards found Rahman dead in his cell. The ambient temperature was recorded at a low of 31 degrees. Rahman was in a short-chain position that required him to sit, naked from the waist down, on the concrete floor of his cell. He wore only a sweatshirt. OIG opened an investigation into the circumstances surrounding this incident. DOJ declined prosecution of the Agency employee COBALT responsible for [ ]
