There are earlier non-electronic reports where BAU disagreed with the interrogation plan for a particular prisoner. I am pretty sure that EC is classified. The written report in summer of 2004 ultimately went to DoD over Tom Harrington's signature. Do you want the paper copy of the document that reflects BAU's disagreement?

Valerie:

Eleni was happy with the revised responses to the QFRs we discussed yesterday, but she does have one more issue.

Q 10g asks: "Please provide copies of any written reports generated since September 11, 2001, that note an FBI agent's "disagreement" with, or objection to, the handling of a prisoner by the CIA, DOD, or any other American entity, in Iraq, Afghanistan, or Guantanamo Bay."

A portion of the revised response says: "The FBI has surveyed all FBI personnel who have been in Guantanamo to determine whether any witnessed mistreatment of detainees. As of now, the FBI is aware of three incidents involving treatment that we believe should have been investigated by DOD. Those incidents were orally conveyed to members of the DOD Office of General Counsel in early 2003, and there was a follow-up written report in the summer of 2004."

Because the question requests copies of any reports, Eleni believes we need to provide a copy of the report.

From whom would I be able to get an electronic version of that report?

Thanks for your continued assistance. We should be reaching the end (she said with great hope):
