# Black List Way Ahead

- The Black List was developed to Identify key Iraqi regime leaders
- Not a viable tool for dual-use as former regime and current insurgent leaders
- An Insurgent Leader List will be included in the DIA Insurgency Database
- All insurgents that were not former regime leaders AND added to the Black List after major combat operations ended will be purged from the Black List and migrated to Insurgent Leader List
- Those former regime leaders at large AND assessed as participating in the Insurgency will appear on both lists
