### SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS

#### Contract Summary -

<b>Firm Fixed Price/Level-of-Effort = Base Plus Option Year One -</b>	<b>\$30,685,592</b>
<b>Cost Plus Fixed Fee = Base Plus Option Year One -</b>	<b>\$10,218,092</b>
	<b>-----</b>
	<b>\$40,903,684</b>

#### **B-1. 152.216-741 Type of Contract and Consideration (FFP-LOET) (NOV 2004)**

- (a) This is a Firm Fixed Price Level-of-Effort Term Contract as identified in FAR 16.207. The total price for full performance hereunder is **\$30,685,592**.
- (b) The Contractor shall expend its best effort towards accomplishing the work outlined in the clause entitled "Scope of Contract". The level-of-effort required for total performance under this contract is a minimum of 187,324 labor hours and a maximum of 198,912 labor hours.
- (c) The estimated composition of the total labor-hours under this contract is as follows:

	<b>BASE plus ECP 1&amp;2</b>	<b>Option Year I plus ECP 1&amp;2</b>	<b>Revised Total</b>
<b>Level-of-Effort-Target</b>	<b>66,398</b>	<b>126,720</b>	<b>193,118</b>

- (d) The Contractor shall continually evaluate the total level-of-effort required and recommend to the Government changes thereto which are considered beneficial in attaining the overall objectives of this contract. In controlling the utilization of labor-hours, the Contractor shall promptly notify the Contracting Officer, in writing, when there is an indication that premature exhaustion of the total labor-hours is predicted.
- (e) It is understood and agreed that the rate of labor-hours per month may fluctuate in pursuit of the technical objective; however, such fluctuations will be controlled to avoid an exhaustion of the total labor-hours of effort before the expiration of the term of the contract.
- (f) It is further agreed that the Contractor may submit written requests for acceleration of the average hourly rate of effort that will result in the utilization of the total labor-hours set forth above prior to the

expiration date of this contract. If the contractor's request is approved by the Contracting Officer, the accelerated performance shall be without increase in contract price and the transaction formalized by modification to this contract.

(g) On or about the completion date of this contract, the Contractor shall submit to the Contracting Officer a brief certified statement supported by a breakdown, by labor category, of the labor hours actually expended in the performance of this contract.

(h) The Firm Fixed Price for performance under this contract is predicated upon the Contractor furnishing at least the minimum but up to and including the maximum effort specified. In the event the minimum level-of-effort is not provided as specified, the Contracting Officer shall either require the Contractor to continue to perform work under the contract until the minimum level-of-effort has been provided (if consistent with appropriations law) or make an equitable downward adjustment in contract price in accordance with the following formula:

$$\text{Price Reduction} = \frac{\text{FFP (in \$)} \times (\text{Target LOE} - \text{Expended LOE})}{\text{Target LOE}}$$

Target LOE

"Price Reduction" computed by the above formula is the dollar amount by which the contract price will be reduced. "FP" in the above formula means the fixed price specified in the contract. "LOE" in the above formula means "level of effort".

(b) The Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor will not be obligated to continue work on this contract beyond that point. The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount allotted to this contract by the Government notwithstanding any language to the contrary in clauses elsewhere in this contract including but not limited to "Type of Contract and Consideration" and "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination for convenience includes costs incurred for work performed prior to termination, profit on work done by the Contractor for the terminated portion, and estimated termination settlement costs.

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (a) of this clause, the Contractor will notify the Contracting Officer in writing at least 90 days before the date when, in the Contractor's best judgment, the total amount payable by the Government (including any cost for termination for convenience), will approximate 85 percent of the total amount allotted to the contract. The notification will state (1) the estimated date when the Contractor will reach the 85 percent point and (2) an estimate of additional funding, if any, needed to continue performance of the contract up to the next scheduled date for allotment of funds identified in paragraph (a) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the contract effort funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (a) of this clause or otherwise agreed to by the parties. If the Government does not allot additional funds by the date identified in the Contractor's notification, or by an agreed substitute date after such notification, the Contracting Officer will terminate any effort, for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When the Government allots additional funds for continued performance of the contract, the parties will agree to the period of contract performance that will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the Contracting Officer will modify the contract accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds by the dates indicated above in amounts sufficient for timely performance of the contract, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price (including appropriate target, billing, and ceiling price where applicable) of the contract, or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time before termination allot additional funds for performing the contract.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract as set forth in paragraph (a) of this clause. This clause no longer applies once the Government fully funds the contract, except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

**All other contract terms and conditions not reflected herein as revised remain unchanged and in full force and effect.**
