MEMORANDUM FOR RECORD

SUBJECT: [REDACTED]

1. (FOUO) On 25 June 2004, the undersigned conducted a telephonic interview of [REDACTED] Medical Corps, South Dakota National Guard, [REDACTED]
2. (FOUO) [REDACTED] was deployed to Abu Ghraib from early October to late December 2003. He was the head of a medical team for detainees in Camp Vigilant and the security holds (inclusive of MI holds) in the Hard Site. [REDACTED] was the primary physician and supervised a physician's assistant and several medics' a total of 5-10 personnel which constantly varied. His team worked in the medical treatment station which was located across the road from Camp Vigilant. Camp Gancy received medical support from a different medical team.
3. (FOUO) [REDACTED] neither heard of or observed abuse while at Abu Ghraib. He saw no indications of abuse during his treatment of detainees. He recalled after the first visit of the International Committee of the Red Cross (ICRC) they informed him they had observed treatment of the detainee which they didn't like; specifically that [REDACTED] described his treatment and records as very good and detailed. When he departed all records remained at Abu Ghraib and were turned over to his replacement, [REDACTED]
4. (FOUO) [REDACTED] recalled the detainee involved in the shooting at Abu Ghraib [REDACTED]. He treated [REDACTED] immediately following the shooting and evacuated the detainee to the Combat Army Surgical Hospital (CASH). Upon [REDACTED] return he again provided him care. He did not observe injuries or indications of abuse upon his return. He did recall just before his departure in December and during his handover to [REDACTED] being treated for a dislocated shoulder. [REDACTED] was treated and evacuated to the CASH. He did not recall [REDACTED] having a catheter or any other detainees with catheters. In accordance with standard procedure, a catheter would be removed before a detainee's return to the Hard Site.
5. (U) POC is the undersigned.
