hereby voluntarily request discharge in lieu of trial by court-martial under AR 635-200, chapter 10. I understand that I may request discharge in lieu of trial by court-martial because of the following charges which have been preferred against me under the Uniform Code of Military Justice, one of which or a combination of which authorizes the imposition of a bad conduct or dishonorable discharge:

Article 119-Manslaughter

- 2. I am making this request of my own free will and have not been subjected to any coercion whatsoever by any person. I have been advised of the implications that are attached to it. By submitting this request for discharge, I acknowledge that I understand the elements of the offense(s) charged and am guilty of (one or more of) the charge(s) against me or of (a) lesser included offense(s) therein contained which also authorize the imposition of a bad conduct or dishonorable discharge. Moreover, I hereby state that under no circumstances do I desire further rehabilitation, for I have no desire to perform further military service.
- 3. Prior to completing this form, I have been afforded the opportunity to consult with appointed counsel for consultation. I have consulted with counsel for consultation who has fully advised me of the nature of my rights under the Uniform Code of Military Justice, the elements of the offenses with which I am charged, any relevant lesser included offenses thereto, and the facts which must be established by competent evidence beyond a reasonable doubt to sustain a finding

of guilty; the possible defenses which appear to be available at this time; and the maximum permissible punishment if found guilty. Although he has furnished me legal advice, this decision is my own.

- 4. I understand that, if my request for discharge is accepted, I may be discharged under conditions other than honorable. I have been advised and understand the possible effects of an Under Other Than Honorable Discharge (including but not limited to reduction to the lowest enlisted grade (Private E-1) by operation of law) and that, as a result of the issuance of such a discharge, I will be deprived of many or all Army benefits, that I may be ineligible for many or all benefits administered by the Veterans Administration, and that I may be deprived of my rights and benefits as a veteran under both Federal and State law, as indicated on a copy of DA Poster 635-1, which was provided me). I also understand that I may expect to encounter substantial prejudice in civilian life because of an Under Other Than Honorable Discharge. I further understand that there is neither automatic upgrading nor review by any Government agency of a less than honorable discharge and that I must apply to the Army Discharge Review Board or the Army Board of Corrections of Military Records if I wish review of my discharge. I realize that the act of consideration by either board does not imply that my discharge will be upgraded.
- 5. I understand that, once my request for discharge is submitted, it may be withdrawn only with consent of the commander exercising general court-martial authority, or without that commander's consent, in the event trial results in an acquittal or the sentence does not include a punitive discharge even though one could have been adjudged by the court. Further, I understand that if I depart absent without leave, this request may be processed and I may be discharged even though I am absent. This request is conditioned upon disapproval of the findings and sentence of any court-martial, if applicable in this case.
- 6. I have been advised that I may submit statements I desire in my own behalf, which will accompany my request for discharge. Statements in my own behalf are not submitted with this request.
- 7. I hereby acknowledge receipt of a copy of this request for discharge.

MEMORANDUM FOR Commander, Taskforce Ironhorse, 4th Infantry Division (Mechanized), Tikrit, Iraq.

SUBJECT: Letter in Support of Discharge in Lieu of Trial by Court-Martial -- SSG
D Battery, 319th AFAR, 173rd Airbirne Brigade, Iraq

- 1. I am writing this letter to help explain the circumstances that led to this entire situation. I am not writing this to excuse my actions but to shed some light on the day that led up to the incident.
- 2. On 1 August 2003 a soldier in my unit, SPC was killed by an RPG round. All of us were upset and nervous about the death. The following day was probably the worst day of my life. Early on 2 August 2003, some local Iraqi's brought a dead body to our police station. They told us that they had found the man in the river and that he had been strangled. Until this moment I had never seen a dead man before. The sight of this was very upsetting. This first event of the morning set the mood for the day.
- 3. About an hour after the body was brought to the police station we had reports of some Iraqi's stealing pipes in town. We went to investigate the incident and actually found the men. We detained fourteen men and began to transport them to our police station. As we left we noticed that another car was following us. The two men in the car were with the pipe stealers earlier. We had a few local Iraqi police in the vehicle with us and they began shooting at the car. We looked back at the car to see why they were shooting. We saw that one of the men in the car was holding a grenade. He was holding the grenade as if he were about to throw it at us. The driver of our vehicle stomped on the brakes and this forced the car behind us to abruptly stop. We detained the two men and their grenade.
- 4. About thirty minutes after dropping these detainees at the police station we were made aware of shots being fired at the market. We immediately left for the market area. The two men that we found were local Kirkuk police and they were carrying AK-47's. They were not suppose to be carrying weapons outside of their city as that was the law. We searched the men and found fuses and full magazines for the AK-47's. We asked the artillery guys about the fuses and were told that they were either mortar or RPG fuses. We took them to the police station.
- 5. By the time we arrived to the police station all of our emotions were high and we were all on the edge. We called our commander and asked what to do with the two police that

SUBJECT: Letter in Support of Discharge in Lieu of Court-Martial, SSG1

had the AK's. We found out moments earlier that the local Iraqi judge had ordered that they be released. The commander told us to question them anyway.

- 6. After questioning the two for awhile the translator told me that one of the men had stated that he would kill me and the others that had questioned him. He also stated that he would blow up the police station with an RPG. We all took them seriously.
- 7. The day had started with me seeing a dead mans body and it ended with threats on mine. I am not making excuses for my actions but hope to put that day in perspective. I have been in the Army for twelve and a half years. My MOS is not in police work or law enforcement. I am a communications sergeant. I have never been trained in police work and have no training in handling prisoners or detainees. I say this not to make excuses but to try and make sense of the situation.
- 8. I regret many things in my life and I hope that I can come to terms with the actions I have taken. I realize that you have the power to discharge me from service. My only request is that you discharge me with a General discharge. Very respectfully.

DATE: 24 August 2003

- 1. On 24 August 2003, I conducted a detention review for at the Task Force Ironhorse Central Detainee Facility. I have determined that continued detention is warranted.
- 2. After reviewing the relevant facts and the circumstances concerning and the detention and the detainee, I make the following factual determinations:
 - A. Mr. was in possession of an AK-47 and a mortar fuse.
- B. There is probable cause to find that Mr. has committed a serious crime or is a threat to himself or the community.
 - C. Mr. is awaiting judicial proceedings for this serious crime.
- D. Continued confinement is necessary because less severe forms of restraint are inadequate and it is foreseeable that Mr. will not appear at trial, pretrial hearing or investigation or that he will commit a serious crime.
- 3. Based upon the relevant law and the above facts applied to that law, I find that continued detention is warranted in this case.
- 4. Determined this 24th day of August 2003.

DATE: 24 August 2003

- 1. On 24 August 2003, I conducted a detention review for at the Task Force Ironhorse Central Detainee Facility. I have determined that continued detention is warranted.
- 2. After reviewing the relevant facts and the circumstances concerning and the detention and the detainee, I make the following factual determinations:
 - A. Mr. was in possession of an AK-47 and a RPG.
- B. There is probable cause to find that Mr. has committed a serious crime or is a threat to himself or the community.
 - C. Mr. is awaiting judicial proceedings for this serious crime.
- D. Continued confinement is necessary because less severe forms of restraint are inadequate and it is foreseeable that Mr. will not appear at trial, pretrial hearing or investigation or that he will commit a serious crime.
- 3. Based upon the relevant law and the above facts applied to that law, I find that continued detention is warranted in this case.
- 4. Determined this 24th day of August 2003.
