2LT is an aggressive and capable officer that can accomplish any mission. His leadership ability allowed his platoon to effectively transition from training, to combat, to "Stability and Support Operations". 2LT assumed control of his platoon just prior to NTC 02-03. During the NTC rotation he effectively maneuvered his platoon in 6 separate missions, often as the company main effort. After a successful NTC and redeployment he immediately began preparing for Operation Iraqi Freedom. During Operation Iraqi Freedom his platoon conducted a wide variety of missions as part of "Stability and Support Operations" within Baghdad. 2LT demonstrated an exceptional level of courage and duty in dealing with a continuous and asymmetrical threat while adhering to the ROE. In just two months 2LT and his platoon apprehended over 200 civilians caught looting Iraq government facilities. His platoon also confiscated over 100 illegal weapons from Iraqi civilians. As Unit Movement Officer he prepared the company for deployment and redeployment from the NTC, with a focus on railroad operations. During deployment stage of Operation Iraqi Freedom he successfully supervised the movement of all company property shipped by rail, sea, and air. Continue to develop as a tank platoon leader and then challenge with a specialty platoon or as a tank company executive officer. 2LT has unlimited potential.

c. COMMENT ON PERFORMANCE/POTENTIAL			
☐ ABOVE CENTER OF MASS (Less than 50% in top box; Center of Mass if 50% or more in top box)		2LT is an outstanding young armor officer. Challenged from the first day in the battalion, he drew his equipment and proceeded to a tank Level I gunnery. quickly integrated into the battalion, shot UCOFT gunnery with a new gunner and then qualified on his first run; truly exceptional! 2LT continued his stellar performance with a strong NTC rotation and upon redeployment immediately prepared and deployed his company in support of Operation Iraqi Freedom as the Unit Movement Officer. easily transitioned from combat operations to stability and security missions in Baghdad without losing momentum. has unlimited potential. Continue to develop as a tank platoon leader and then challenge this fine officer as a company executive officer or scout platoon leader.
