If pressed for comment -- refer media to a number of quotes made by our DoD/Army leadership:

"The actions of the soldiers in those photographs are totally unacceptable and un-American. Any who engaged in such actions let down their comrades who serve honorably each day, and they let down their country."

"The vast majority of the men and women in uniform serve our country with honor, and they uphold the values of our country as they battle enemies that show little compassion or respect for innocent human life."

"The images that we have seen that include U.S. forces are deeply disturbing -- both because of the fundamental unacceptability of what they depicted, and because the actions of U.S. military personnel in those photos do not in any way represent the values of our country or the armed forces."

-- Secretary of Defense Donald H. Rumsfeld, Pentagon news conference, Tuesday, May 4, 2004.

"So what would I tell the people of Iraq? This is wrong. This is reprehensible. But this is not representative of the 150,000 soldiers that are over here. I'd say the same thing to the American people... Don't judge your Army based on the actions of a few."

"The coalition takes all reports of detainee abuse seriously and investigates all allegations of mistreatment."

"We are committed to treating all persons under coalition custody with dignity and respect and humanity."

"Coalition personnel are expected to act appropriately, humanely and in a manner consistent with Geneva Conventions."

"No. 1, this is a small minority of the military, and No. 2, they need to understand that is not the Army. The Army is a values-based organization. We live by our values. Some of our soldiers every day die by our values, and these acts that you see in these pictures may reflect the actions of individuals, but by God, it doesn't reflect my Army."

- Army Brig. Gen. Mark Kimmitt, deputy operations officer for Combined Joint Task Force 7

FORSCOM Wrote: "Strongly recommend that any responses to queries regarding MP training of any sort should be answered strictly generically and totally avoid specifics on what training any individual unit did or did not get at any time, pre-mob, post mob, in theater, or routine AC training. Any unit specifics would constitute commenting on on-going investigations and could influence fair conduct of any trials that will be taking place. In spite of the fact that the entire 15-6, classified, privacy act violations & all, is now on the web, does not allow us to violate the principal of a fair trial. Our SMEs should be witnesses first, spokesmen second."
