He said he was not recruited into the Taliban as a result of being in the JT. The Taliban sent [REDACTED] to a mechanical school in Khost, AF to learn how to set anti-tank mines. The anti-tank mines were left behind when the Russians were defeated. [REDACTED] said the Taliban wanted him to learn to set these anti-tank mines because the Russians were supplying the Northern Alliance with tanks. [REDACTED] said the notebook found in his home was his that he took notes in from the mechanical school since the Taliban did not have any books on the anti-tank mines. [REDACTED] said he left the school after two days and returned home and began to move because he did not want the Taliban to find him. b(7)(C)-5 b(7)(C)-5 b(7)(C)-5 b(7)(C)-5 b(7)(C)-5 b(7)(C)-5

[REDACTED] also stated his hands were tied in front of him and a sandbag was placed on his hands and he was told to hold them outward and not let them drop while he was made to walk back and forth all night.
