MEMORANDUM FOR JTF-GTMO/J2

SUBJECT: JTF GTMO "SERE" INTERROGATION SOP DTD 10 DEC 02

1. On 14 December 02, prior the "Decision Making" brief with the CG, you provided me a copy of JTF GTMO SERE INTERROGATION SOP dated 10 Dec 02 and asked me to review it and provide you my opinion. [REDACTED] b(5)-1

[REDACTED] However, I do want to reiterate CITF-G's general position on this matter. As outlined in our memorandum for JTF GTMO dated 15 Nov 02, CITF-G [REDACTED]

[REDACTED] While the subject SOP clearly does not apply to LEA (CITF and FBI) interrogators (applicable only to military and civilian interrogators assigned to JTF-GTMO), LEA in conjunction with the FBI's Behavioral Analysis Unit want to provide you the following general observations on [REDACTED]

2. General Observations: Both the military and LEA share the identical mission of obtaining intelligence in order to prevent future attacks on Americans. However, LEA has the additional responsibility of seeking reliable information/evidence from detainees to be used in subsequent legal proceedings.

3. [REDACTED] b(7)E

4. The SERE methods were designed for use in a battlefield environment as a means of collecting tactical intelligence (e.g., to uncover enemy plans, determine enemy strength, movement, weapon capabilities and logistical support, etc.) [REDACTED] b(5)-1

5. LEA agents are responsible for investigating a wide variety of criminal and counterintelligence matters around the world. Accordingly, they are highly trained and experienced in eliciting information from reluctant subjects of diverse cultural and socioeconomic backgrounds. [REDACTED]

7. Utilizing rapport-based methods, LEA have realized numerous successes during several major terrorism investigations including the bombings of embassies in East Africa, the bombing of the USS Cole and the 1993 World Trade Center bombing. Like most of the GTMO detainees, the perpetrators of these terrorist acts were motivated by a distorted religious doctrine and reinforced by a group/cultural dynamic.
