Maj [redacted] COL [redacted] (b)(6)-2

Got 2 new taskers this afternoon. One was Mr. Cambone asking again for Army EA responsibilities, I will rework the 3 May answer to this question and e-mail it up this afternoon. 2nd was a question about what the MP FM says about. MPs roles in interrogation. Mr. [redacted] just discussed this in his previous mission so he will run with this tasker. I brought him up to speed on what we are doing so that we have another person to assist the team. I will forward you the EXSUMs as they are complete.

Yesterday, I talked to MAJ [redacted] (b)(6)-2 advisor to CID on the Bagram death investigations about the email strand below.

I would like to talk to you on Friday (got your voice mail about meetings today) regarding the applicability of AR 190-8 to operations in Afghanistan from May - Dec 02.

It seems the theater personnel were told that AR 190-8 did not apply to captured Al Qaeda or Taliban personnel. I want to get your insights on this.

Sir:

Respectfully request your assistance with my request (below COL [redacted] (b)(6)-2 email). COL [redacted] (b)(6)-2 suggested sending the request to you for assistance.

In the Bagram investigation, we have definitely come to a point where we absolutely must ensure our regulatory interpretations are 100% accurate. We have some extremely important interviews and titling decisions upcoming that depend on them. It would be preferable if we could have the information within a week.

If you need me to do anything else to facilitate this request, please just let me know Sir.

Very Respectfully,

016172

 Importance: High

Sir:

I would like an authoritative interpretation of the applicability of AR 190-8, paragraphs 1-5b and c to all detainees in Afghanistan during the time period of May 02 thru Dec 02 from DAMO-ODL (the proponent) in coordination with OTJAG. Further, I would like a definition of "corporal punishment" and "sensory deprivation" as those terms are used in paragraph 1-5b. (NOTE: If OTJAG has a copy of my proposed judge's instruction, it will provide them with my proposals for definitions and for applicability.)
