 I was the Case Agent for the first 14 months of GTMO. I spoke with Valerie Caproni two months ago when I was in Iraq and the Abu Gharib fallout was just breaking. At that time, it seemed the Bureau's focus was identifying any liability in the form of direct involvement. I would be happy to sit down with you and walk you through what I saw as the predictable onset of aggressive treatment, interrogations or interview techniques. In short, the Bureau personnel there had no direct participation. But I think I may be able to assist in describing the landscape for you and giving you the details about where some things went off the tracks. I just moved to TSC and am phone-less, but I have this e-mail
