(1) If civilians are concerned, to their countries of origin and/or residence.

(2) If combatants or EPW, CI, and RP are concerned, to their country of origin or to the Power on which they depend.

#### 1-8. The Branch PWIC

a. The Branch PWIC functions as the field operations agency for the NPWIC. It is the central agency responsible to maintain information on all EPW, CI and RP and their personal property within an assigned theater of operations or in CONUS.

b. The Branch PWIC serves as the theater repository for information pertaining to:

In the interest of national security, and the protection of the prisoners from public curiosity, and in adherence to the GPW and GC,

EPW, CI, RP and other detainees will not be photographed as per paragraph 1-5d. Interviews of EPW, CI, RP and other detainees by news media will not be permitted. Requests for media access to EPW, CI, or other detainee internment facilities will be coordinated through the Public Affairs Office, and the Staff Judge Advocate, and approved by the first commander who exercises General Court Martial Convening Authority over the internment facility. Requests for exception to policy will be forwarded through command channels to HQDA (SAPA-PP), Washington, D.C. 20310-4420

## Chapter 2 Beginning of Captivity EPW/RP

### 2-1. Initial actions upon capture

a. The commanding officer of the capturing unit will ensure that:

(1) All EPW/RP are protected, safeguarded, and accounted for per this regulation. This regulation applies from the time of capture until evacuation to designated internment facilities.

(a) Each EPW/RP will be searched immediately after capture. Use males to search males and females to search female prisoners, when possible. Weapons, ammunition, and equipment or documents with intelligence value will be confiscated and turned over to the nearest intelligence unit. Propaganda and other Psychological Operations (PSYOP) materials will be confiscated, identified by the EPW/RP name and ISN and turned over to the supporting EPW/CI PSYOP unit through intelligence channels. Currency will only be confiscated on the order of a commissioned officer and will be receipted for using DA Form 4137 (Evidence/Property Custody Document). EPW and RP are allowed to retain personal effects such as jewelry, helmets, canteens, protective mask and chemical protective garments, clothing, identification cards and tags, badges of rank and nationality, and Red Cross brassards, articles having personal or sentimental or religious value, and items used for eating except knives and forks.

(b) All prisoners of war and retained persons will, at the time of capture, be tagged using DD Form 2745. They will be searched for concealed weapons and items of intelligence. All equipment, documents, and personal property confiscated during the search must be tagged and administratively accounted for by the capturing unit. Capturing units must provide the: date of capture, location of capture (grid coordinates), capturing unit, and any special circumstances of the capture (how the EPW was captured). The remaining information will be included on the tag as it becomes available.

(c) The DD Form 2745 is perforated in three parts. The form is individually numbered and is constructed of durable, waterproof, tear-resistant material, and has reinforced eye-holes at the top of parts A and C. Part A is attached to the detainee with wire, string, or other type of durable material. Part B is retained by the capturing unit and maintained in the unit's records. Part C is attached to the property confiscated from the detainee, so that it may later be matched to that detainee.

(d) Prisoners may be interrogated in the combat zone. The use of physical or mental torture or any coercion to compel prisoners to provide information is prohibited. Prisoners may voluntarily cooperate with PSYOP personnel in the development, evaluation, or dissemination of PSYOP messages or products. Prisoners may not be threatened, insulted, or exposed to unpleasant or disparate treatment of any kind because of their refusal to answer questions. Interrogations will normally be performed by intelligence or counterintelligence personnel.

(e) Prisoners will be humanely evacuated from the combat zone and into appropriate channels as quickly as possible. Instructions given to prisoners during evacuation from the combat zone will be, if possible, in their own language and as brief as possible. When military necessity requires delay in evacuation beyond a reasonable period of time, health and comfort items will be issued, such as food, potable water, appropriate clothing, shelter, and medical attention. Prisoners will not be unnecessarily exposed to danger while awaiting evacuation. The capturing unit may keep prisoners in the

combat zone in cases where, due to wounds or sickness, prompt evacuation would be more dangerous to their survival than retention in the combat zone. Individuals presumed to have intelligence value should be separated immediately from other EPW.

(f) Accountability will be maintained for all evacuated prisoners, regardless of the evacuation channel used. Units designated to receive the prisoners at the collecting points or camps will prepare a receipt DD Form 629 (Receipt for Prisoner or Detained Person) with a list of each prisoner's name attached and provide a copy of the receipt to the escort.

(2) Prisoners will not be located next to obvious targets such as ammunition sites, fuel facilities, or communications equipment. First aid and medical treatment will be provided to the same extent that the United States provides to its own forces. Sick and wounded prisoners will be evacuated separately, but in the same manner as U.S. and allied forces. Accountability and security of prisoners and their possessions in medical facilities is the responsibility of the respective echelon commander.

b. Special policy pertaining to the temporary detention of EPW, CI, RP and other detained persons aboard United States Naval Vessels:

(1) Detention of E/W/RP on board naval vessels will be limited.

(2) EPW recovered at sea may be temporarily held on board as operational needs dictate, pending a reasonable opportunity to transfer them to a shore facility, or to another vessel for transfer to a shore facility.

(3) EPW/RP may be temporarily held aboard naval vessels while being transported between land facilities. They may also be treated and temporarily quartered aboard naval vessels incidental to their treatment, to receive necessary and appropriate medical attention if such detention would appreciably improve their health or safety prospects.

(4) Holding of EPW/RP on vessels must be temporary, limited to the minimum period necessary to evacuate them from the combat zone or to avoid significant harm that would be faced if detained on land.

(5) Use of immobilized vessels for temporary holding of EPW/RP is not authorized without SECDEF approval.

## **2-2. Evacuation and care of EPW and RP**

Those units designated to hold and evacuate EPW and RP will:

a. Collect prisoners from capturing units, and evacuate them from the combat zone as soon as possible.

b. Ensure sick and wounded EPW and RP in their custody are classified, by qualified medical personnel, as either walking wounded or litter, or as non-walking wounded. Walking wounded or litter EPW will be evacuated through established evacuation channels. Non-walking wounded or sick EPW will be delivered to the nearest medical aid station and evacuated through medical channels. All detained personnel will remain physically segregated from U.S. and allied patients.

(1) Appropriate intelligence sources will be notified when EPW and RP are found in possession of large sums of U.S. or foreign currency. A receipt DA Form 4137 will be prepared to account for all property that is taken from the EPW. Copies of DD Form 629 (Receipt for Prisoner or Detained Person) and DA Form 4137 will be maintained to establish positive accountability of the EPW and their property and can be used to substantiate proper care and treatment at a later time. DA Form 4137 will be used to account for property released before final disposition is ordered. Records of disposition of property will be evacuated with prisoners for inclusion in their personnel records.

(2) EPW will be segregated into categories of officer, noncommissioned officer, enlisted, male, female, nationality, recognized ethnic groups, deserters or any other category that the senior officer or NCO having custody of the prisoners designate to ensure the security, health and welfare of the prisoners. Segregation should prevent prisoners from communicating by voice or visual means. Guards will communicate with the prisoners only to give commands and instructions.

(3) The requirements for safeguarding prisoners are the same as those for capturing units.

c. In cases of mass capture or surrender of entire units, combatants should be disarmed and those with the greatest intelligence value identified for debriefing.

d. Repatriation or parole of the remainder should be considered, with final determination directed by HQDA. Prisoners will not be forced to be repatriated against their will. Prisoners who refuse repatriation will be treated as prisoners of war until their legal status and further disposition can be determined by competent authority.

## **2-3. Evacuation Policy**

a. Evacuation of EPW or RP outside the theater of operations requires SECDEF approval.

b. Wounded EPW generally will not be evacuated to CONUS until released from medical channels. They will be processed through U.S. military police assets. If EPW are to be medically evacuated, they will be processed and accounted for per this regulation.

## **Chapter 3**

### **Administration and Operation of EPW Internment Facilities**

#### **3-1. Establishment**

Internment facilities will be established in the communications zone of each theater of operations for the purpose of receiving, accounting for, administering, securing, and logistically supporting EPW/RP.

#### **3-2. EPW internment facilities**

a. The operation of all EPW internment facilities is governed by the provisions of the Geneva Conventions.

b. The theater commander remains responsible for the location of EPW facilities. EPW/RP may be interned only in premises located on land and affording proper health and hygiene standards. Except in extreme circumstances, in the best interests of the individual, EPW/RP will not be interned in correctional facilities housing military or civilian prisoners. Prisoners will not normally be interned in unhealthy areas, or where the climate proves to be injurious to them, and will be removed as soon as possible to a more favorable climate. Transit camps or collecting points will operate under conditions similar to those prescribed for permanent prisoner of war camps, and the prisoners will receive the same treatment as in permanent EPW camps.

c. The internment facility will be marked with the letters "PW" (Prisoner of War Camps) and will be placed so they will be clearly visible from the air during the daytime. Other markings may be used when agreed to by the combatant commanders and approved by HQDA.

#### **3-3. EPW Facility Management**

a. The United States may subject EPW/RP to internment and may have contingency plans to confine and enclose EPW in camps located both in and outside CONUS. Medical personnel and chaplains classified as RP, while retained by the Detaining Power with a view to assisting prisoners of war, shall not be considered prisoners of war. The EPW facility commander will provide command, control, accountability, administrative, and logistical support for the operation of all EPW/CI facilities. The EPW/CI facility commander will:

(1) Intern prisoners captured by or transferred to the custody of U.S. forces.

(2) Process interned prisoners to include tagging, assignment of ISN, fingerprinting, photographing, and weighing, as needed.

(a) EPW and RP may be required to show their identity card issued by his or her government; however in no case may the card be taken from the individual.

(b) If an EPW does not hold an identity card issued by his or her

government, the EPW will be issued a completed DA Form 2662-R (EPW Identity Card). The identity card will be in the possession of the EPW at all times. A notation indicating preparation of DA Form 2662-R will be made under item 36 of DA Form 4237-R (Detainee Personnel Record). DA Form 2662-R will be reproduced locally on 5-by 3-inch card head to foot. A copy for reproduction purposes is located at the back of this regulation. DA Form 4237-R will be reproduced locally on 8 1/2 by 11-inch paper. A copy for reproduction purposes is located at the back of this regulation. These forms are for the use of Army only.

(c) DA Form 2663-R (Fingerprint Card) will be prepared in duplicate for each EPW/RP. One copy will be retained at the camp in which the EPW/RP is confined and will accompany the EPW/RP upon transfer. The other is forwarded to the Branch PWIC.

(3) Provide prisoners with humane treatment, health and welfare items, quarters, food, clothing, and medical care. Health Services Command (HSC) provides medical and dental care for EPW in federal or civilian health care facilities per HSC plans.

(4) Provide for morale, religious, intellectual, educational, social, physical and recreational activities for the prisoners.

(5) Establish liaison with the supporting Branch PWIC, collect necessary information regarding the location, the physical well-being, legal status, and any change thereto, of all prisoners interned by the command.

(6) Allow prisoners to correspond with their families and receive relief shipments.

(7) Provide prisoners copies of the 1949 Geneva Conventions (in their own language, if possible).

(8) Employ and compensate assigned prisoners based on verified needs/requirements and monitor all aspects of EPW and RP employment per this regulation. If sundry packets are provided, no advance pay is required.

(9) Provide command and control, and operate, administer, and secure the camp.

(10) Prepare necessary documents for administrative actions, court-martial charges or any disciplinary proceedings for prisoners.

(11) Post personnel files and maintain unit level records of proceedings.

(12) Supervise qualified EPW/RP in providing medical care and field sanitation/preventive medicine for prisoners.

(13) Provide the initial medical examination and monthly screening of prisoners.

(14) Maintain EPW labor and finance records on each prisoner per AR 37-1.

(15) Ensure preparation of monthly pay credit statements of prisoner's personal accounts and ensure pay for prisoners.

(16) Direct activities relating to the assignment and supervision of work projects for prisoners.

(17) Advise employers of provisions for handling EPW.

(18) Establish and maintain records of prisoner labor projects.

(19) Provide initial reports of and perform initial investigation and inquiries into prisoner labor injuries or incidents.

(20) Report allegations of criminal acts or war crimes committed by or against EPW/RP to the supporting element of the U.S. Army Criminal Investigation Command (USACIDC). Deaths resulting from other than natural causes will be investigated by USACIDC.

(21) Provide assistance to the medical facility commander to assess the threat posed by hospitalized EPW.

(22) Establish and maintain complete and accurate accountability information regarding the location, physical and legal status, training, and employment of all individuals in the custody of, or assigned to, the EPW facility. Information will be posted to the individual's personal, medical, and financial records, and will be provided to the supporting PWIC and next higher headquarters, as required.

(23) Provide an area for intelligence collection efforts.

b. USACIDC will ensure criminal investigative support for EPW and RP is planned and resources are allocated for this purpose.

#### 3-4. Operation of prisoner of war internment facilities

EPW camps will be organized and operated, when possible, as other military commands. Each internment facility will be commanded by a commissioned officer of the U.S. Military. The following provisions will be observed:

a. The Geneva Conventions will be posted within the camp in the language(s) of the EPW/RP nation(s). A copy of the text will be supplied, on request, to any person who does not have access to posted copies. The supporting EPW/CI PSYOP unit can assist in preparing and disseminating native language copies of the text as well as other translation, printing, and audio-visual information dissemination support.

b. EPW will be interned in camps according to their nationality and language. They will not be separated from other prisoners belonging to the Armed Forces with which they were serving at the time of their capture, except with their consent. Officers will be separated from enlisted personnel and females will be separated from males.

c. EPW representatives will be authorized for EPW Camps.

(1) At each enlisted EPW or branch camp, EPW will select a prisoner representative. These representatives will be elected by secret ballot every 6 months and are eligible for reelection. EPW will be permitted to consult freely with their representatives. In turn, their representatives will represent them before:

(a) The military authorities.

(b) The Protecting Power.

(c) The ICRC.

(d) Other relief or aid organizations.

(2) In officer EPW camps or in camps with both officers and enlisted EPW, the senior EPW officer, unless incapacitated or incompetent, will be recognized as the prisoner representative. In officer EPW camps, one or more advisers chosen by the EPW officers will assist the prisoner representative. The supporting EPW/CI PSYOP unit can assist in identifying officers, key communicators, and English speaking EPW who may be hiding within the camp population.

(3) In mixed camps (officers and enlisted), one or more enlisted advisers will be elected to assist the EPW officer representative.

(4) The camp commander will be designated as the final approval authority for each elected prisoner representative. When the camp commander denies, approves, or dismisses an elected representative, a notice to that effect will be sent through channels to HQDA, (DAMO-ODL) NPWIC for forwarding to the ICRC or the PP. Reasons for the refusal will be included. EPW will then be permitted to elect another representative.

(5) RP (medical personnel and chaplains) are not considered prisoners of war and therefore may not elect prisoner representatives. The senior medical officer in each camp will be responsible for matters connected with the activities of retained medical personnel. Individual chaplains, like the responsible medical officer, will have direct access to camp authorities.

(6) Prisoner representatives may appoint EPW assistants. These assistants are in addition to the advisers provided for in (2) above. The camp commander will also approve the selection of such assistants and their continuance in those positions.

(7) Prisoner representatives must be of the same nationality, observe the same customs, and speak the same language as the EPW they represent. EPW interned in separate compounds due to differing nationality, language, or customs will be permitted to have their own prisoner representative according to (1) through (4) above. The internment facility commander will establish the local policy for an escort to accompany the representative.

(8) Duties, responsibilities, and available resources.

(a) Representatives will be responsible for furthering the physical, spiritual, and intellectual well-being of the persons they represent. They will not exercise any disciplinary powers. They will not perform any other work if the work interferes with their duties as representatives. They will be allowed a reasonable time to acquaint their successors with their duties and related current affairs.

(b) Representatives may be given the freedom of movement

needed to accomplish their duties, such as inspection of labor detachments and receipt of supplies. Ordinarily, representatives will be permitted to visit places where EPW, whose interests they represent are detained.

(c) Postal and telegraph facilities will be made available to prisoner representatives for communicating with the U.S. Army authorities; Protecting Powers, if any; the ICRC and its delegates; the Mixed Medical Commission, and other organizations authorized to assist EPW. Prisoner representatives at branch camps will be granted the same facilities for communication with the prisoner representative of the parent camp.

d. EPW/RP social privileges. Social privileges will be subject to security considerations and camp discipline. EPW/RP will be encouraged to take part in intellectual, educational, and recreational activities. The introduction of political overtones into or the furtherance of anti-U.S. propaganda objectives through these activities is prohibited. The supporting EPW/CI PSYOP unit can assist in identifying agitators, malcontents, and political officers who may create resistance within the camp. These units are also trained to develop and implement programs to reduce hostile political activity and to persuade EPW/CI populations to accept U.S. authority and regulations.

e. EPW/RP will be quartered under conditions as favorable as those for the force of the detaining power billeted in the same area. The conditions shall make allowance for the habits and customs of the prisoners and shall in no case be prejudicial to their health. The foregoing shall apply in particular to the dormitories of EPW/RP as it regards both total surface and minimum cubic space and the general installation of bedding and blankets. Quarters furnished to EPW/RP must be protected from dampness, must be adequately lit and heated (particularly between dusk and lights-out), and must have adequate precautions taken against the dangers of fire. In camps accommodating both sexes, EPW/RP will be provided with separate facilities for women. When possible consult the preventive medicine authority in theater for provisions of minimum living space and sanitary facilities.

f. The daily food rations will be sufficient in quantity, quality, and variety to keep EPW/RP in good health and prevent loss of weight or development of nutritional deficiencies.

(1) Account will be taken of the habitual diet of the prisoners.

(2) EPW/RP who work may be given additional rations when required.

(3) Sufficient drinking water will be supplied to EPW/RP.

(4) The use of tobacco will be permitted in designated smoking areas.

(5) EPW will, as far as possible, be associated with the preparation of their meals and may be employed for that purpose in the kitchens. Furthermore, they will be given means of preparing additional food in their possession. Food service handlers must have training in sanitary methods of food service.

(6) Adequate premises will be provided for messing.

(7) Collective disciplinary measures affecting food are prohibited.

g. Clothing, underwear, and footwear will be supplied to EPW/RP in sufficient quantities, and allowances will be made for the climate of the region where the prisoners are detained. Captured uniforms of enemy armed forces will, if suitable for the climate, be made available to clothe EPW/RP. The camp commander will ensure the regular replacement and repair of the above articles. EPW/RP who work will receive clothing appropriate to the nature or location of the work demands.

h. Canteens. EPW/RP will be provided sundry/health and comfort packs, which may be supplemented with items tailored to their cultural needs, as a temporary substitute for establishing canteen operations. When directed by the Theater Area Provost Marshal or senior Military Police officer in the internment facilities' chain of command, canteens will be installed in all camps, where EPW/RP may procure foodstuffs, soap, tobacco and ordinary articles in daily use. The tariff will never exceed local market prices. When authorized, canteens will be operated IAW the provisions of the GPW. Procedures regarding EPW/RP payment for canteen purchases are

contained in AR 37-1. Profits made by camp canteens will be used for the benefit of the prisoners; a special fund will be created for this purpose. The prisoners' representative may make suggestions regarding the management of the canteen and of this fund. When an internment facility is closed, the credit balance of the special fund will be transferred to another U.S. internment facility operating in theater. When all facilities are closed, funds will be turned over to an international welfare organization. The fund will be employed for the benefit of EPW/RP of the same nationalities as those who have contributed to the fund. In case of a general repatriation, profits will be kept by the United States.

i. Hygiene and medical care:

(1) The United States is bound to take all sanitary measures necessary to ensure clean and healthy camps to prevent epidemics. EPW/RP will have access, day and night, to latrines that conform to the rules of hygiene and are maintained in a constant state of cleanliness. In any camps in which women EPW/RP are accommodated, separate latrines will be provided for them. EPW/RP will have sufficient water and soap for their personal needs and laundry. The necessary facilities and time will be made available for those purposes. The supporting EPW/CI PSYOP unit can assist in maintaining and improving health and sanitary conditions by producing and disseminating informational products concerning proper hygiene, sanitation, and food preparation, where required.

(2) Every camp will have an infirmary. EPW/RP with a contagious disease, mental condition, or other illness, as determined by the medical officer, will be isolated from other patients. A list of endemic diseases of military importance can be obtained from the theater surgeon or preventive medicine officer. EPW/RP will be immunized and reimmunized against other diseases as recommended by the Theater Surgeon. EPW/RP suffering from serious disease, or whose condition necessitates special treatment, surgery, or hospital care, must be admitted to any military or civilian medical unit where such treatment can be given. Special facilities will be available for the care and rehabilitation of the disabled, particularly the blind. EPW/RP will be accorded the attention of medical personnel of the power on which they depend and, if possible, of their nationality. EPW/RP will not be denied medical care. The detaining authorities shall, upon request, issue to every EPW/RP who has undergone treatment, an official certificate indicating the nature of the illness or injury, and the duration and kind of treatment received. A duplicate of this certificate will be forwarded to the ICRC. The detaining authority will also ensure medical personnel properly complete the SF 88 (Report of Medical Examination), SF 600 (Chronological Record of Medical Care and DA Form 3444 (Treatment Record). The cost of treatment will be borne by the United States.

(3) Medical inspections of EPW/RP will be held at least once a month, where each detainee will be weighed and the weight recorded on DA Form 2664-R (Weight Register). DA Form 2664-R will be reproduced locally on 8- by 5-inch card. A copy for reproduction purposes is located at the back of this regulation. This form is for the use of Army only. The purpose of these inspections will be to monitor the general state of health, nutrition, and cleanliness of prisoners and to detect contagious diseases, especially tuberculosis, venereal disease, lice, louse-borne diseases and HIV.

(4) EPW who, though not attached to the medical service of the Armed Forces, are physicians, surgeons, dentists, nurses, or medical orderlies may be required to exercise their medical functions in the interests of prisoners of war dependent on the same power after being certified per Paragraph 3-15. They will continue to be classified as EPW, but will receive the same treatment as corresponding RP (medical personnel). They will be exempted from any other work.

(5) Experimental research will not be conducted on EPW/RP.

### 3-5. Procedures for prisoner of war correspondence

a. EPW/RP will be allowed to send and receive letters and cards. There is no restriction on the number or length of letters or cards EPW/RP may receive. EPW/RP will be permitted to send not less than two letters and four cards monthly, in addition to the capture

cards provided in Article 70, GPW. In the event EPW/RP are prevented from writing their monthly quota of letters and cards because of a lack of stationery forms, they will be allowed to make up their quotas when forms are available.

b. All persons may address complaints, in writing to U.S. military authorities and the Protecting Power. These communications will not be limited in length or number, nor will they be charged against the person's correspondence quota. They will be transmitted without delay.

c. Letters and cards addressed to persons other than representatives of a Protecting Power or to U.S. military authorities will not:

d. Correspondence forms.

(1) EPW will use DA Form 2667-R (Prisoner of War Mail (Letter)) and DA Form 2668-R (Prisoner of War (Post Card)) for correspondence, except as authorized elsewhere in this regulation. DA Form 2667-R will be reproduced on 8 1/2-by 11-inch paper, head to head. DA Form 2668-R will be reproduced locally on 6-by 4-inch cards, head to foot. Copies for reproduction purposes are located at the back of this regulation. These forms are for the use of Army only. Legal documents may be written on blank paper instead of DA forms. Prisoner representatives may use ordinary paper in writing to:

- (a) The Protecting Power.

- (b) ICRC.

- (c) Other approved relief or aid organizations.

- (d) U.S. military authorities.

(2) Except for official correspondence by prisoner representatives or unless required by HQDA, communication in two or more copies is prohibited.

(3) Camp commanders will distribute DA letter and card forms to EPW/RP.

(4) Upon Completion of DA Form 4237-R, but not later than 1 week after arrival at a camp for processing, each EPW or RP will be permitted to send a DA Form 2666-R to a relative or next of kin.

(5) Within a period of not more than 1 week after arrival at the first EPW camp or when an EPW/RP's address is changed by transfer to a hospital or to another camp, a DA Form 2665-R (Capture Card for Prisoner of War) will be filled out and forwarded to the Branch PWIC. DA Form 2665-R will be reproduced locally on 6-by 4-inch card, head to foot, a copy for reproduction purposes is located at the back of this regulation. This form is for the use of Army only.

e. Subject to (1) and (2) below, outgoing letters and cards will be sent unsealed directly from the camp to the theater commander's designated censorship element. All incoming letters and cards that arrive at a camp without having been censored will be sent to the designated censorship element before delivery to addressees.

(1) Communication to the Protecting Power or the ICRC. Letters and cards not intended for other addresses and not containing enclosure for other addresses will be forwarded directly from the camp to the proper Branch PWIC

(2) Other correspondence. Outgoing letters and cards from a branch camp's EPW will be forwarded as soon as possible.

f. Date and packaging of correspondence. Letters and cards will be forwarded without undue delay in pouches or in government envelopes.

(1) EPW/RP may not write letters for others who are able to write. If an EPW/RP is unable to write, the camp commander may

permit another person to write the message. The person doing the writing will countersign the message.

(2) EPW/RP legal documents may be enclosed with outgoing correspondence. When it becomes necessary for a detainee to send a legal document, the document and forwarding letter or card may be enclosed in a plain envelope.

(3) EPW/RP will not send maps, sketches, or drawings in outgoing correspondence.

g. Individuals will not be permitted to mail or receive registered, certified, insured, or COD.

h. Letters and cards to or from EPW/RP sent by ordinary mail are postage free.

i. Outgoing letters and cards will be secured by using locked boxes or similar means. Only authorized U.S. personnel will handle outgoing mail. Incoming mail may be sorted by detainees when supervised by U.S. personnel.

j. Censorship of EPW/RP mail may be instituted by the theater commander as follows:

(1) Outgoing letters and cards may be examined and read by the camp commander or his designated representative. No censorship action of any kind will be taken at the camp. The camp commander will return to the sender for rewriting any outgoing correspondence containing obvious deviations from regulations with a copy provided to the supporting counterintelligence element.

(2) Camp commanders will designate U.S. military personnel to supervise the opening of all mail pouches containing incoming letters and cards for detainees. These items will be carefully examined by the named personnel before delivery to detainees.

(3) EPW/CI wishing to make complaints concerning mail delivery must direct those complaints to:

- (a) The camp authorities

- (b) The responsible major commander.

- (c) The Protecting Power/ICRC.

k. Parcels.

(1) Persons may receive individual parcels and collective shipments containing:

- (a) Foodstuffs.

- (b) Clothing.

- (c) Medical supplies.

- (d) Articles of a religious, educational, or recreational nature.

(2) EPW/RP will not be permitted to mail parcels (Article 16, 1974 Universal Postal Convention).

(3) Parcels received for transferred persons will be forwarded immediately.

(4) Nonperishable articles received for persons who have died or escaped, or who have been repatriated, will be forwarded to the Branch PWIC. Perishable items received for deceased or escaped persons will be released to the prisoner representative who will deliver them to the camp infirmary or hospital for the benefit of EPW/RP.

(5) The contents of all incoming parcels will be examined at the camp by a U.S. officer in the presence of the addressee or the named representative. When considered necessary, the camp commander may request that the parcel be examined by the censors. The articles in each parcel will be removed. The string, the inner wrappings, the outer container, and any extraneous items found in the parcel will not be turned over to the EPW/RP or the designated representative. Examination will be close enough to reveal concealed articles and messages; however, undue destruction of contents of parcels will be avoided.

l. EPW/RP may send and receive telegrams as determined by the camp commander. They may not make or receive telephone calls.

(1) At a minimum:

- (a) A detainee who has not received mail from next of kin for 3 months may send a telegram. One month from the date a previous telegram was sent, a detainee who has not received a written answer or other communication from the addressee may send another telegram.

- (b) Detainees unable to receive mail from their next of kin or send mail to them by ordinary postal routes, or who are a great

distance from their home, will be permitted to send one telegram a month.

(c) A person who is seriously ill, or who has received news of serious illness or death in the family, may be permitted to send a telegram. The camp commander may authorize the sending of additional telegrams.

(2) The sending of telegrams as provided for in (1) above will be governed by the following:

(a) The message proper will consist of not more than 15 words.

(b) The cost of sending the telegram will be debited to the person's account.

(e) No telegram will be sent to a Government official or to a Protecting Power.

(f) Telegrams are subject to the same procedures for censorship listed in paragraph 3-5j(2).

m. EPW/RP may receive books. Books that arrive at camps uncensored will be censored. Publications containing maps may be made available to the EPW/RP upon approval of the camp commander, provided they do not contain maps of the territory surrounding the camps. Books, included in parcels of clothing and foodstuffs, may be confiscated on order of the camp commander.

n. The following may be made available to EPW/RP:

(1) Current newspapers and magazines published in the English language and selected by the camp commander.

(2) Unmarked, unused magazines in the English language, published in the United States, and distributed by approved relief or aid organizations at the discretion of the camp commanders after censorship.

(3) Foreign language newspapers and magazines published in the United States, upon approval of the camp commander and after censorship of individual issues.

(4) Newspapers and magazines published outside the United States, regardless of language, must be approved by the theater commander.

### 3-6. Discipline and security

Measures needed to maintain discipline and security will be established in each camp and rigidly enforced. The camp commander will maintain records of disciplinary punishments. These records will be open to inspection by the Protecting Power.

a. The following acts will not be permitted:

(1) Fraternization between EPW, RP and U.S. military or civilian personnel. Fraternization is defined as improper or intimate communications or actions between U.S. Armed Forces personnel and EPW/RP.

(2) Donating or receiving gifts or engaging in any commercial activity between persons in U.S. custody and U.S. personnel.

(3) Setting up of courts by detainees. Disciplinary powers will not be delegated to or exercised by EPW/RP. Punishment will not be administered by EPW/RP.

b. The GPW, regulations, orders, the contents of any special agreements and notices on the conduct and activities of detainees will be published in a language the detainee understands. They will be posted in places within each camp where the detainees may read them and will be made available to persons who do not have access to posted copies. Additional copies will be given to the prisoner representatives. Every order and command will be addressed to detainees personally. The supporting EPW/CI PSYOP unit may assist in providing necessary printed, loudspeaker, or other audio-visual support in communicating directly to EPW/RP. To protect persons from acts of violence, bodily injury, and threats of reprisals at the hands of fellow detainees, a copy of the following notice in the detainees' language will be posted in every compound:

#### NOTICE

EPW/RP who fear that their lives are in danger or that they may

suffer physical injury at the hands of other EPW/RP will immediately report the fact personally to any U.S. Armed Forces Personnel of this camp without consulting the EPW/CI representative. From that time on, the camp commander will assure adequate protection to such EPW/RP by segregation, transfer, or other means. EPW/RP who mistreat fellow detainees will be punished.

Signed (Commanding Officer)

c. The following military courtesies are required of EPW:

(1) When the U.S. national anthem is played or "To the Colors" or "Retreat" is sounded, EPW not in buildings will stand at attention and face toward the music or colors.

(2) Besides the courtesies required in their own armies toward their officers, enlisted EPW will salute all commissioned officers of the U.S. Armed Forces. Officer EPW will be required to salute only officers of a higher rank and the camp commander regardless of grade.

(3) EPW may salute in the way prescribed by regulations in force in their own armies.

(4) Other military courtesies will be rendered per AR 600-25 (Salutes, Honors, and Visits of Courtesy) and FM-22-5 (Drill and Ceremonies).

d. U.S. military personnel will extend the following courtesies toward EPW:

(1) U.S. military personnel will not be required to salute EPW or assume the position of attention when addressing them; however, U.S. officers will return the salutes of EPW.

(2) When addressing senior officer EPW on official business, U.S. military personnel will be courteous and extend the respect due them by grade and age.

e. Flags upon which an enemy political emblem or device appears will be seized. EPW/RP will not have any political emblem, insignia, flag, or picture of political leaders. Badges of grade and nationality, and decoration worn as part of the uniform are permitted. EPW/RP may have pictures of political leaders that appear in magazines, books, and newspapers if the pictures are not removed.

f. Security guidelines outlined below concern the custody and use of EPW/RP.

(1) *Guard work details.* EPW on work details will be guarded as required to provide security against escape. Selected EPW/RP may be employed without guards in areas where military personnel are on duty if:

(a) EPW/RP are under a U.S. work supervisor.

(b) Frequent counts of detainees and work inspections are made at irregular intervals.

(2) *Preventing escape.* The camp commander will ensure that each EPW/RP understands the meaning of the English word "halt". If EPW/RP attempt to escape, the guard will shout "halt" three times, thereafter the guard will use the least amount of force necessary to halt the EPW/RP. If there is no other effective means of preventing escape, deadly force may be used.

(a) In an attempted escape from a fenced enclosure, a prisoner will not be fired at unless he/she has cleared the outside fence and is making further effort to escape.

(b) EPW/RP attempting to escape outside a fenced enclosure will be fired on if they do not halt after the third command to halt.

(c) An EPW/RP will have succeeded in escaping when he or she has:

1. Joined the armed forces of the power on which he or she depends or those of an ally of that power.

2. Left the territory under U.S. control or control of U.S. allied powers.

3. Joined a ship flying the flag of the power on which he or she depends, or of an ally of that power, in U.S. territorial waters, and the ship is not under U.S. control.

(d) An EPW who has successfully escaped shall not be punished for the escape if subsequently recaptured.

### 3-7. Punitive Jurisdiction

a. EPW/RP are subject to punishment under the Uniform Code of Military Justice and other U.S. Laws, regulations and orders in force during the time of their detention.

b. Judicial proceedings against EPW and RP will be by courts-martial or by civil courts. When EPW are tried by courts-martial, pretrial, trial, and post-trial procedures will be according to the UCMJ and the U.S. Manual for Courts-Martial. An EPW will not be tried by a civil court for committing an offense unless a member of the U.S. Armed Forces would be so tried.

c. When possible, disciplinary rather than judicial measures will be taken for an offense. The disciplinary measures below are authorized:

(1) Suspend or eliminate privileges granted over and above the minimum privileges provided for in the GPW and GC.

(2) Confinement.

(3) A fine not to exceed one-half of the advance of pay (article 60 GPW) and working pay (article 62 GPW) that the detainee would otherwise receive during a period of not more than 30 days.

(4) Fatigue duties not exceeding 2 hours daily. This punishment will not be applied to officers.

d. EPW and RP rights. Before any disciplinary punishment is pronounced, EPW/RP will be given precise information regarding the offenses for which they are accused. They will be given a chance to explain their conduct and to defend themselves. They will be permitted to call witnesses and to have use of a qualified interpreter, if necessary and reasonably available. The board's decision will be announced to the person and to the person's representative.

e. The following are limitations on punishment:

(1) Collective punishment for individual acts, corporal punishment, imprisonment in premises without sunlight, and any form of torture or cruelty is forbidden.

(2) EPW may not be deprived of their grade or prevented from wearing insignia of grade and nationality.

(3) No EPW or RP will be handcuffed or tied, except to ensure safe custody or when prescribed by a responsible medical officer as needed to control a medical case requiring restraint.

(4) No EPW or RP may be punished more than once for the same act or sentenced to any penalties except those authorized herein.

(5) In no case will disciplinary punishments be inhumane, brutal, or dangerous to the person's health. The length of a single disciplinary punishment will not exceed 30 days. Confinement served while awaiting the hearing of a disciplinary offense or the award of disciplinary punishment will be deducted from punishment awarded. No more than 30 days punishment may be prescribed even if a person is answerable for several acts at the same time. This is true whether such acts are related or not. The period between pronouncing an award of disciplinary punishment and commencing punishment will not exceed 30 days.

(6) When EPW or RP are awarded a further disciplinary punishment, a period of at least 3 days will elapse between punishments if the length of one of the punishments is 10 days or more.

(7) EPW or RP being disciplined or judicially punished will not be subjected to more severe treatment than that authorized for the same offense by members of the U.S. Armed Forces of equal grade.

(8) EPW or RP sentenced by a courts-martial or awarded disciplinary punishment will not be treated differently from other detainees after their punishment.

f. Offenses and warranted punishments. EPW or RP who attempt to escape or escape the confines of the camp, but who do not succeed in their escape, will be liable only to disciplinary punishments for those escape acts. They will not be liable to judicial proceedings, even if they are repeat offenders. Escapes or attempts to escape, even if they are repeat offenses, will not be considered aggravating circumstances if detainees are tried by judicial proceedings for offenses committed during their escapes or attempts to

escape. Offenses, such as those against public property, theft without intention of self-enrichment, drawing up or use of false papers, or wearing of civilian clothing, that are committed by detainees with the sole intent of making their escape easier and that do not entail any violence against life or limb will warrant disciplinary punishment only. Because of attempts to escape, EPW and RP may be subjected to close watch. The watch must not affect the state of their health. The EPW and RP watched must be in camp. The watch must not deprive them of the safeguards granted by the Geneva Conventions. Persons who aid or abet an escape or an attempt to escape will be liable on this count for disciplinary punishment only.

g. Offenses against discipline. EPW and RP accused of an offense against disciplinary measures will not be confined pending a hearing, unless members of the U.S. Armed Forces would be confined if they were accused of a similar offense or unless camp order and discipline would be jeopardized. A period spent in confinement awaiting disposal of an offense against disciplinary measures will be reduced to an absolute minimum. It will not exceed 14 days.

h. Confinement. A pretrial investigation of an offense alleged to have been committed by a detainee will be conducted as soon as circumstances permit so that trial, if warranted, will take place as soon as possible. A detainee will not be confined while awaiting trial unless a member of the U.S. Armed Forces would be so confined if accused of a similar offense, or unless national security would be served. In no case will this confinement exceed 3 months. A period spent in confinement while awaiting trial will be deducted from a sentence of imprisonment. The period will be taken into account in fixing a penalty.

i. Retention of Geneva Convention benefits. Persons prosecuted for an act committed before capture will retain, even if convicted, the protection of the Geneva Conventions. EPW, RP undergoing confinement will:

(1) Continue to enjoy the benefits of the Geneva Convention except when such benefits do not apply because detainees are confined.

(2) Be permitted to exercise their right to complain and to confer with visiting representatives of the Protecting Power.

(3) Not be deprived of the prerogatives attached to their grade.

(4) Be allowed to exercise and to stay in the open air at least 2 hours daily.

(5) Be given medical attention as prescribed in this regulation.

(6) Be permitted to read and write and to send and receive letters and cards. Parcels, however, may be withheld from them until the punishment is completed. Such parcels will be released to the safe-keeping of the detainee representative. If perishable goods are contained in the parcels, the detainee representative will give them to the camp infirmary or hospital to distribute them fairly among the other detainees.

### 3-8. Judicial proceedings

a. No EPW or RP will be tried or sentenced for an act that was not forbidden by U.S. law or by international law in force at the time the act was committed.

b. No moral or physical coercion will be exerted to induce EPW or RP to admit guilt for any act.

c. No EPW or RP will be convicted without having had the chance to present a defense and without having the assistance of a qualified advocate or counsel.

d. Accused persons will be notified promptly of the charges in writing. Charges will be in a language understood by the accused. These persons will be tried as soon as possible. A notification (in duplicate) of proceedings against a detainee will be submitted through channels to the NPWIC. The NPWIC will send such notification to the Protecting Power in cases of charges involving the death penalty or imprisonment for 2 years or more. Upon request, the Protecting Power will be furnished data on the status of such proceedings. Furthermore, the Protecting Power will be entitled, upon request, to be furnished with all data or any other proceedings started against a detainee. The information will be sent without delay. Trial will not commence until 3 weeks after the Protecting

Power has been notified. Unless evidence is submitted at the opening of the trial that this regulation has been fully complied with, the trial will not proceed. The following information will be provided:

(1) Surname and first name, grade, if proper, ISN, date of birth, and profession, trade, or prior civil capacity of the detainee.

(2) Place of internment or confinement.

(3) Specification of the charges with penal provisions under which they are brought.

(4) Designation of the court that will hear the case.

e. The EPW representatives will be informed of all judicial proceedings against EPW and RP and the results of the proceedings. Records of trials will be kept by the first Staff Judge Advocates General office in the internment facility's chain of command. These records will be open to inspection by representatives of the Protecting Power.

f. In each trial by court-martial, accused persons will be entitled to assistance by one of his prisoner comrades, a qualified advocate or counsel of their own choice, to the calling of witnesses, and services of a competent interpreter, if needed. The commander concerned will appoint a Judge Advocate to serve as defense counsel in addition to any other counsel of the accused person's choice. The commander concerned will notify the accused person of these rights in ample time before the trial.

(1) If the accused does not exercise the right to choose an advocate or counsel, notice to that effect will be sent through the NPWIC to the Protecting Power to permit the Protecting Power to choose counsel. If the accused and the Protecting Power fail to choose an advocate or counsel, the commander concerned shall appoint a counsel, which in normal circumstances will be the judge advocate previously appointed. The accused person must consent to the service of the appointed advocate or counsel.

(2) If requested by the accused person, the commander concerned will appoint an interpreter to assist the accused person during the preliminary hearing and the hearing in court. The interpreter must not be a trial counsel, a defense counsel, an assistant to either, a witness, or have any bias or interest in the case. Accused persons have the right to object to the interpreter appointed, and to ask for a replacement.

(3) A judge advocate will serve as defense counsel in any general or special court-martial of an EPW/RP.

g. Representatives of the Protecting Power may attend the trial. It may be decided that in the interest of security, the trial will be conducted with the public excluded. If so, a notice will be given to NPWIC at least 3 weeks before the trial opens to permit notice to the Protecting Power.

h. Two copies of the findings and the sentence, if applicable, will be forwarded immediately to NPWIC. A summary will be sent to the Protecting Power, and the detainee representative. Notice of the EPW, RP decision to use or waive the right of appeal to the Court of Appeals for the Armed Forces, when review by that court is not mandatory, will also be forwarded (in duplicate) to HQDA (DAMO-ODL), NPWIC, WASH, DC 20310-0400. NPWIC will send a copy of the decision to the Protecting Power. An EPW, RP waiver of the right to appeal will in no way affect, or change the requirement for, review by a supervisory authority, a board of review, or the U.S. Court of Military Appeals when such review is required under the UCMJ. If the sentence adjudged is death, one copy of the court-martial record of trial will be forwarded to ODCSOPS, NPWIC. NPWIC will send a copy of the record of trial to the Protecting Power. The following information will be included:

(1) A precise wording of the approved finding and sentence.

(2) A summary report of the evidence, including any preliminary investigation, elements of offenses, and any defense raised thereto.

(3) If applicable, the place where the detainee will serve confinement.

i. A sentence to confinement imposed on EPW, or RP will be served in the same type of place and under the same conditions as in the case of a member of the U.S. Armed Forces. EPW and RP sentenced to U.S. Disciplinary Barracks (USDB) or Federal penitentiaries will remain EPW/RP. Accountability requirements will be

coordinated prior to any transfer by the losing commander and Commandant, USDB through HQDA (DAMO-ODL) NPWIC. Accused persons and the Protecting Power will be informed as soon as possible of all offenses that are punishable by the death sentence under U.S. laws. Lists of these offenses will be posted in all camps. Duplicate lists will be given to detainee representatives. Other offenses will not thereafter be made punishable by the death penalty without the concurrence of the power on which the detainee depends.

(1) An EPW or RP can be sentenced to death only if the court has taken into consideration, to the maximum extent possible, the fact that the accused is not a US citizen and is not bound to it by any duty or allegiance and is in US custody as a result of circumstances beyond their own will or control.

(2) If the death sentence is pronounced, it will not be carried out until 6 months have passed from the date the Protecting Power received the U.S. notice of the judgment and sentence.

(3) ODCSOPS will monitor and acknowledge when the ICRC/Protecting Power has received the notice permitting the execution of the sentence.

### 3-9. Loss or damage to property

a. Persons will be held responsible for the loss of, or damage to, any Government property through negligence or wrongful acts. A complaint may be made to the installation commander that property of a private person has been destroyed, lost, or damaged by a person interned at the installation, including any branch camp. If the EPW, RP does not accept responsibility for the damage, the commander will appoint a board of one to three officers to investigate the complaint.

b. Reports of survey or statements of charges will be processed according to AR 735-5. For this purpose, the commanding officer of an internment facility will be considered an installation commander. Amounts collected will be disposed of according to AR 735-5.

c. Supporting EPW/CI PSYOP units can assist the commanding officer in improving relations with local populations following loss or damage to private property.

### 3-10. Death and burial

a. For general procedures and authorized expenses for the care and disposition of remains, see AR 638-30 and AR 600-8-1.

b. When EPW and RP have chosen to make a will, the original will and two certified copies will be forwarded to the supporting PWIC upon death or at their request.

c. When an EPW or RP in U.S. custody dies, the attending medical officer will immediately furnish the camp (or hospital) commander or other officer charged with their custody before death, the following information:

(1) Full name of deceased.

(2) ISN of deceased.

(3) Date, place, and cause of death.

(4) Statement that death was, or was not, the result of the deceased's own misconduct.

(5) When the cause of death is undetermined, the attending medical officer will make a statement to that effect. When the cause of death is finally determined, a supplemental report will be made.

d. The camp or hospital commander, or other officer charged with custody of the person before death, will notify the proper Branch PWIC immediately, by telegram or the most expeditious means, of the death. The data listed in subparagraph c above will be included. If the required data has not been determined, a supplemental report will be made as soon as possible.

e. The attending medical officer and the appropriate camp commander will complete a DA Form 2669-R (Certificate of Death). DA Form 2669-R will be reproduced locally on 8 1/2 by 11-inch paper. The form is located at the back of this regulation. This form is for the use of Army only. Enough copies of form will be made out to provide distribution as follows:

(1) Original—information center.

(2) Copy—information center (branch), if necessary.

(3) Copy—The Surgeon General.

- (4) Copy—EPW or RP personal file.  
(5) The proper civil authorities responsible for recording deaths in the particular state if the EPW dies in the United States.

*f. Investigating officer's report:*

(1) The camp commander will appoint an officer to investigate and report:

(a) Each death or serious injury caused by guards or suspected to have been caused by guards or sentries, another detainee, or any other person.

(b) Each suicide or death resulting from unnatural or unknown causes.

(2) One copy of the investigating officer's report will be forwarded to the NPWIC.

(3) USACIDC special agents will investigate deaths from other than natural causes per AR 195-2. A copy of the USACIDC report of investigation, if any, will be attached to the camp commander's report.

*g. Burial, record of internment, and cremation.* Deceased detainees will be buried honorably in a cemetery established for them according to AR 638-30. Deceased detainees will be buried, if possible, according to the rites of their religion and customs of their military forces. Unless unavoidable circumstances require the use of collective (group or mass) graves, detainees will be buried individually. Graves Registration Services will record any later movement of the remains. The United States will also care for the ashes of cremated persons. Ashes will be kept by Graves Registration Service persons until proper disposal can be decided according to the wishes of the power on which that person depended. A body may be cremated only due to imperative hygiene reasons, the detainee's religion, or the detainee's request for cremation. When a body is cremated, this fact together with the reasons will be set forth in the death certificate.

*h. Burial at sea and after land transfer.* If a detainee dies at sea, the body will not be buried there unless absolutely necessary. If the body has to be buried at sea, the procedures prescribed for U.S. troops will be followed as far as possible; however, a U.S. flag will not be used. When death occurs during a land transfer, the responsible officer will follow the same procedures for burial prescribed for U.S. military personnel.

*i. The personnel file of a deceased person with all pertinent records will be forwarded to the Branch PWIC.*

### 3-11. Transfer of prisoners of war

*a. General.* Permanent transfer of EPW in the custody of the U.S. forces to the host nation or other allied forces requires approval of the Secretary of Defense (SECDEF). The permanent transfer of EPW to foreign national control will be governed by bilateral national agreement and in accordance with subparagraph b below following SECDEF approval. Temporary transfer of EPW/RP to accommodate surges in prisoner population beyond the immediate capability of U.S. forces to manage is authorized. Theater commanders will develop measures to ensure accountability and humane treatment of prisoners so transferred.

*b. EPW/RP may only be transferred from the custody of the United States to a power which is a party to the GPW, and only after a representative of the United States has visited the Power's internment facilities and is satisfied that the Power in question is willing and able to apply the GPW.* EPW/RP transfers should not increase the difficulty of repatriation. Prisoners of war during transfer will have sufficient food and drinking water to keep them in good health, and will be provided adequate clothing, shelter, and medical attention. Precautions will be taken, especially in case of transport by sea or by air, to ensure their safety during transfer. A complete list of all transferred prisoners will be made before their departure and maintained by the Branch PWIC.

*c. The supporting Branch PWIC and NPWIC will be notified immediately by the EPW camp commander of any EPW or RP transferred.*

*d. Transfer within the territory of the detaining power will always be carried out humanely and in conditions no less favorable*

*than those enjoyed by the troops of the detaining power during their movements. If EPW/RP are transferred on foot, only those who are fit to walk may be so transferred. The EPW/RP will not be exposed to excessive fatigue during transfer by foot.*

*e. The sick, wounded, or infirm EPW and RP as well as maternity cases will be evacuated through U.S. military medical channels and will remain in medical channels until they are certified "fit for normal internment" by competent medical authorities.*

*f. Necessary clothing, adequate shelter, and medical attention will be made available.*

*g. Suitable precautions will be taken to prevent EPW and RP, from escaping and to ensure their safety. Wounded and sick EPW and RP will not be transferred as long as their recovery may be endangered by the journey, unless their safety demands it.*

*h. The EPW and RP will be permitted to take with them their personal effects and property. The weight of their baggage may be limited if the conditions of transfer so require, but in no case will it be limited to less than 55 pounds per EPW/RP. The personal property that the EPW and RP are unable to carry will be forwarded separately.*

*i. The mail and parcels addressed to EPW and RP who have been transferred will be forwarded to them without delay.*

*j. Property, such as that used for religious services, or items donated by welfare agencies, will be forwarded as community property. These items are not to be considered a part of the 55 pounds of personal effects and property that each EPW is authorized to take.*

*k. When EPW and RP are to be transferred, they will be notified of their new postal addresses before departure. Notice will be given in time to pack and tag their luggage. They will also be given time to inform their next of kin and the Branch PWIC of their transfer and new address.*

*l. EPW and RP will not be confined in a jail or other correctional institution during transfer except in an emergency. They will be confined only in such fashion while the circumstances that necessitate the measures continue to exist. Transfer will be effected under conditions not less favorable than those under which U.S. Armed Forces are transferred.*

*m. Receipt of transferred EPW/RP.*

(1) EPW and RP will not be accepted for detainment or transfer to U.S. Military control from outside nations without prior approval from SECDEF. EPW and RP received by transfer from an allied nation will be properly receipted for by the officer designated to accept them. The receipt will indicate the place and date the United States assumed custody and the name, grade, ISN, and nationality of each transferred EPW and RP. Three or more copies of the receipt will be prepared. The original, plus one copy, will be delivered to the commander of the camp to which the EPW and RP are assigned. Upon receiving the copies, the camp commander will forward immediately one copy directly to the Branch PWIC, or to the NPWIC if the Branch PWIC is not operational. A DA Form 4237-R or an allied equivalent form for individuals listed on the receipt should be delivered to the accepting officer at the time the transfer is effected.

(2) EPW and RP transferred between EPW facilities and hospitals will be receipted for as above when there is little chance that the EPW/RP will be returned to the original camp. When EPW and RP are transferred to hospitals outside the jurisdiction of the EPW/CI camp, the hospital commander is required to submit their strength accountability reports to the supporting branch PWIC.

(3) The use of a manifest identifying the name, rank/status, ISN, power served/nationality, and physical condition of each EPW and RP transferred and received is required. The manifest will be attached to the original receipt of transfer and forwarded to the Branch PWIC.

*n. EPW and RP captured or detained by the U.S. Marine Corps, Navy, Air Force, or Coast Guard are turned over to the U.S. Army at receiving points designated by the Theater Commander.*

(1) All inter-service transfers should be effected as soon as possible after initial classification and administrative processing has been accomplished.

(2) CI will only be transferred within theater, unless directed by DOD.

(3) A manifest is required to identify as a minimum the: name, rank/status, ISN (if assigned), power served/nationality, and physical condition of each EPW and RP transferred and received. The manifest will be attached to the receipt of transfer and will become a permanent record to assure accountability of each prisoner.

*o.* When EPW are moved to a port of debarkation from an interior point, the theater commander will provide for:

(1) Transportation of the EPW up to and including their departure from the port.

(2) Care and security of the EPW, their baggage, monies, other valuables, and records until their custody is assumed by the CONUS EPW command.

*p.* *Transfers between Army commands.* The EPW's command, with the advice of military medical authority, is authorized to transfer injured, sick, and wounded EPW to other commands.

*q.* *Transfer of personal effects.*

(1) Each EPW and retained person will be permitted to hand carry personal effects and property not to exceed 55 pounds.

(2) EPW/RP who have been serving as chaplains or clergymen during their internment will be permitted to transfer, at Government expense, an additional 110 pounds to take other religious materials with them.

*r.* The transfer of physically disabled, insane, mentally incompetent, or wounded EPW/RP in a theater of operations will be according to procedures set up by the Theater Commander.

*s.* When a railroad car other than an U.S. Military-owned or operated hospital car is used to transfer EPW or RP patients, Red Cross signs will be placed on the inside of the middle window of each side of the car and on the inside of each door window of the car. These signs will be made of white paper or cardboard with a large red cross in the center of the sign. The word "hospital" will be placed above, and the word "car" below the red cross, in black letters. When EPW/RP patients are transferred in a compartment, drawing room, bedroom, or roomette, a sign as described above, with the exception of the word "car," in proportionate dimensions will be placed on the outside of the door of the compartment, drawing room, bedroom, or roomette.

*t.* Theater commanders are subject to the general restrictions on transfers contained in this regulation. They may transfer injured, sick, or wounded EPW who are within their commands to or from hospitals designated by the theater surgeon or Commander, HSC with guidance from the Joint Medical Regulation Office (JMRO) or the Theater Patient Movement Requirements Center (TPMRC) if:

(1) The EPW requires prolonged hospitalization or specialized treatment, including surgery, that is not available locally.

(2) The transfer is recommended by a medical officer after an examination of the EPW.

*u.* When EPW no longer require hospital care, they may be returned to the command from which transferred or to an EPW camp within the receiving command.

### 3-12. Repatriation of sick and wounded EPW/RP

*a.* Sick and wounded prisoners will be processed and their eligibility determined for repatriation or accommodation in a neutral country during hostilities. Both will be according to the procedures set forth below.

(1) Sick and wounded prisoners will not be repatriated against their will during hostilities.

(2) Procedures for a Mixed Medical Commission will be established by HQDA, according to this regulation and Annex II of the GPW. The purpose of the Commission will be to determine cases eligible for repatriation. The Mixed Medical Commission will be composed of three members. Two of the members, appointed by the ICRC and approved by the parties to the conflict, will be from a neutral country. As far as possible, one of the neutral members will be a surgeon and the other a physician. The third member will be a medical officer of the U.S. Army selected by HQDA. One of the members from the neutral country will act as chairman.

*b.* If for any reason the use of neutral doctors cannot be arranged for by the ICRC, the United States, acting in agreement with the

Protecting Power concerned, will set up a Medical Commission. This Commission will perform the duties of a Mixed Medical Commission.

*c.* The Mixed Medical Commission will:

(1) Examine EPW, and RP who have applied for repatriation.

(2) Inspect clinical records pertaining to these EPW.

(3) Determine those cases eligible for repatriation or hospitalization in a neutral country.

*d.* Decisions made by the Mixed Medical Commission will be a majority vote and cannot be changed to the detriment of the EPW and RP examined, except upon concurrence of the Commission.

*e.* The decisions made by the Mixed Medical Commission on all cases will be communicated to HQDA (DAMO-ODL), NPWIC, the Protecting Power, and the ICRC, during the month following the Commission's visit. Each EPW and RP examined will be informed by the Mixed Medical Commission of the decision made on the case.

*f.* The United States will carry out the decisions of the Mixed Medical Commission as soon as possible and within 3 months of the time after it receives due notice of the decisions.

*g.* The U.S. member will arrange all administrative details to expedite the work of the Commission. Commanders concerned will assist, facilitate, and expedite the operations of the Commission to the fullest extent.

*h.* The EPW and RP noted below will be examined by the Mixed Medical Commission.

(1) EPW and RP designated by a camp or hospital surgeon or a retained physician or surgeon who is exercising the functions of the surgeon in a camp.

(2) EPW and RP whose applications are submitted by a prisoner representative.

(3) EPW and RP recommended for examination by the power on which the EPW and RP depend or by an organization duly recognized by that power and that gives assistance to them.

(4) EPW, RP who submit written requests. These EPW will not be examined until the EPW listed in (1), (2), and (3) above have been examined.

*i.* An EPW or RP found ineligible by the Mixed Medical Commission may apply for reexamination 3 months after the last examination.

*j.* Each commander will be notified before arrival of the Commission. Before arrival of the Commission at a camp, hospital, or other designated place, the commander will prepare DA Form 2670-R (Mixed Medical Commission Certificate for EPW) and update and make available the records. For each EPW and RP to be examined, DA Form 2670-R will be completed in four copies. DA Form 2670-R will be locally reproduced on 8 1/2 by 11-inch paper. This form is located at the back of this regulation. This form is for the use of Army only.

*k.* The commanding officers of designated hospitals will complete DA Form 2671-R (Certificate of Direct Repatriation for EPW) and forward to the Branch PWIC. DA Form 2671-R will be locally reproduced on 8 1/2 by 11-inch paper. The form is located at the back of this publication. This form is for the use of Army only. The certificate will be in four copies to:

(1) Make the repatriation of sick and wounded EPW, RP easier.

(2) Relieve the Mixed Medical Commission of the need to visit EPW and RP patients who are eligible for direct repatriation.

*l.* The following EPW and RP are eligible for direct repatriation:

(1) EPW and RP suffering from disabilities as a result of injury, loss of limb, paralysis, or other disabilities, when these disabilities are at least the loss of a hand or foot, or the equivalent.

(2) Sick or wounded EPW and RP whose conditions have become chronic to the extent that prognosis appears to preclude recovery in spite of treatment within 1 year from inception of disease or date of injury.

*m.* The original and one copy of DA Form 2671-R will be forwarded to ODCSOPS, NPWIC. The other two copies will be attached to the clinical record. In all instances, these records will accompany the records of the EPW or RP when transferred.

### 3-13. Repatriation of other EPW/RP

Prisoners who are not sick or wounded will be repatriated or released at the cessation of hostilities as directed by OSD.

### 3-14. Repatriation transfer procedures

a. Control and accountability of EPW and RP will be maintained until the EPW or RP is receipted for by the serving power or designated protecting power.

b. The use of a manifest identifying at the minimum; name, rank/status, ISN, power served/nationality, and physical condition of each EPW and RP transferred is required. The manifest will be used as an official receipt of transfer and will become a permanent record to assure accountability of each EPW and RP until final release.

c. Copies of appropriate personnel, finance, and medical records will accompany the released and/or repatriated EPW/RP. These records will be transferred to the custody of the designated official receipting for the EPW/RP.

d. All confiscated personal property that can be released, will accompany the released or repatriated EPW/RP. An inventory will be conducted and any discrepancies identified. The individual will sign a property receipt for his personal items.

e. Upon completion of the transfer, the U.S. escort guard will forward the official receipt of transfer to the Branch PWIC.

f. Upon notification from the PWIC that the transfer is complete, the losing EPW or RP internment facility will forward all official records and confiscated property that cannot be released to the Branch PWIC for final disposition.

g. The PWIC will:

(1) Notify the NPWIC of final status of released/ repatriated EPW and RP.

(2) Forward all EPW and RP records and reports per AR 25-400-2, The Modern Army Recordkeeping System (MARKS).

(3) Dispose of confiscated property in their possession per instructions received from the NPWIC and applicable Army Regulations.

### 3-15. Retained personnel

a. Enemy personnel entitled to a retained status should have on their person at the time of capture a special identity card attesting to their status. The minimum data shown on the card will be the name, date of birth, grade, and service number of the bearer. The card will state in what capacity the bearer is entitled to the protection of GPW. The card will also bear the photograph of the owner and either the signature or fingerprints or both. It will be embossed with the stamp of the military authority with which the person was serving at time of capture.

b. Enemy personnel who fall within any of the following categories, are eligible to be certified as RP:

(1) Medical personnel who are members of the medical service of their armed forces.

(2) Medical personnel who are exclusively engaged in:

(a) The search for or the collection, transport, or treatment of the wounded or sick.

(b) The prevention of disease.

(c) Staffs exclusively engaged in administering medical units and establishments.

(3) Chaplains.

(4) The staff of the National Red Cross, Red Crescent, and other voluntary aid organizations. These organizations must be duly recognized and authorized by their governments. The staff of these organizations may be employed on the same duties as persons in (2) above, if such organizations are subject to military laws and regulations.

c. RP whose status is certified will not be considered as EPW; however, they will receive the benefits and protection of an EPW.

d. EPW who are certified to be proficient medically or religiously continue to be considered and identified as EPW, as appropriate, but will be administered and treated in the same way prescribed for RP. Enemy personnel who are classified in these

categories and are determined qualified by competent Army authority are eligible to be certified as proficient to perform medical or religious duties:

(1) EPW who are ministers of religion; however, they have not officiated as chaplains to their own forces.

(2) Specially trained EPW, employed at the time of their capture as hospital orderlies, nurses, or auxiliary stretcher-bearers, in search for, or in collecting, transporting, or treating of the wounded and sick. These EPW are not eligible for RP status but may be employed only on medical duties they are qualified to perform.

e. Certification of the retained status of personnel will be effected upon the decision that the special identity card held by each such person is valid and authentic. This certification will be decided, if possible, at the time of processing by the camp commander.

f. The Theater Commander, or CINCUSACOM will confirm the certification of the technical proficiency of the persons described in paragraph 3-15d. Qualified U.S. Military medical and religious personnel must first confirm the medical or religious proficiency of each EPW.

g. Classification forms will be completed as follows:

(1) DA Form 2672-R (Classification Questionnaire for Officer Retained Personnel) will be completed in three copies by captured officers and civilians of equal grade who have or:

(a) Claim RP status.

(b) Are applicants for a certificate of medical proficiency. DA Form 2672-R will be locally reproduced on 8 1/2 by 11-inch paper. The form is located at the back of this publication. This form is for the use of Army only.

(2) DA Form 2673-R (Classification Questionnaire for Enlisted Retained Personnel) will be completed in three copies by all captured enlisted persons and civilians of equal grade who have or are applicants for a certificate of medical proficiency. DA Form 2673-R will be locally reproduced on 8 1/2 by 11-inch paper. The form is located at the back of this publication. This form is for the use of Army only.

h. The camp commander will retain one copy of each of the forms noted in subparagraph g above. The second will be forwarded to the next higher commander. The third copy will be forwarded to the Branch PWIC.

i. Verifications of retained status and religious or medical proficiency will be recorded on the DA Form 4237-R of the person concerned. Denials of claims to retained status or certification of proficiency will also be recorded together with a brief statement of the reason.

j. RP are subject to the internal discipline of the camp in which they are retained; however, they may not be compelled to do any work except that relating to their medical or religious duties.

k. RP, who are members of the enemy's Armed Forces, will be assigned to EPW camps. If available, they will be assigned in the ratio of two physicians, two nurses, one chaplain, and seven enlisted medical personnel per 1,000 EPW. Economy of medical staffing may be achieved at higher levels per guidance from Commanding General, HSC. As much as possible, these RP will be assigned to camps containing EPW from the same Armed Forces upon which the RP depend.

l. CINCs, Task Force Commanders, Joint Task Force Commanders are authorized to transfer RP and EPW who are qualified to perform medical or religious duties between EPW camps within their jurisdiction in order to distribute them equitably.

m. Subject to security requirements the theater commander will ensure:

(1) Full use of enemy medical personnel for the treatment of sick and wounded EPW/RP.

(2) Release of U.S. medical personnel, when possible, from caring for sick and wounded EPW except for supervision and training of enemy medical personnel.

n. The senior medical officer in each camp will provide close and continuing supervision of the professional activities of the retained medical persons and report all improper activities.

o. RP will not be allowed access to or custody of narcotic drugs or other controlled substances as delineated in Title 21, United

States Code, except under close supervision of U.S. medical personnel.

p. EPW camp surgeons or hospital commanders in which retained persons are used will verify:

- (1) Accuracy of the final diagnosis.
- (2) Adequacy of treatment.
- (3) Final disposition of patients treated by RP.

q. While caring for the sick and wounded, RP will receive the same daily rate of pay as is received by EPW.

r. Monthly allowances for RP will be the same as those prescribed for EPW of the same rank.

s. RP may be detained in EPW camps. When practical, they will be assigned quarters separate from EPW.

t. RP will wear on their left sleeve a water resistant arm band bearing the distinctive emblem (Red Cross, Red Crescent) issued and stamped by the military authority of the power with which they have served. Authorized persons who do not have such armbands in their possession will be provided with Geneva Convention brassards (AR 670-1).

u. RP will enjoy the same correspondence privileges as EPW. Chaplains will be free to correspond, subject to censorship, on matters about their religious duties. Correspondence may be with ecclesiastical authorities both in the country where they are retained and in the country on which they depend, and with international religious organizations. RP will be authorized the following additional privileges:

- (1) They will be granted facilities necessary to provide EPW with medical care, spiritual assistance, and welfare services.
- (2) They will be authorized to visit EPW periodically in branch camps and in hospitals outside the EPW camps in order to carry out their medical, spiritual, or welfare duties.
- (3) They will be given the necessary means of transportation for making such visits.
- (4) The senior retained medical officer, as well as chaplains, will have the right to correspond and consult with the camp commander or his or her authorized representatives on all questions about their duties.

v. RP are subject to the same disciplinary measures as are EPW.

w. RP will be retained only insofar as the state of health, the spiritual needs, and the number of EPW require. Persons whose retention is not required will be repatriated as soon as military requirements permit. Nothing precludes reasonable measures to prevent such persons from carrying information of strategic or tactical value. Should they come into possession of such information, their return to their own armed force may be delayed until the information is of no significant value.

### 3-16. Complaints and requests to camp commanders

a. EPW and RP have the right to make complaints and requests to camp commanders and the ICRC/protecting powers regarding the conditions of their internment. EPW and RP may not be punished for making complaints, even if those complaints later prove unfounded. Complaints will be received in confidence, as they might endanger the safety of other detainees. Appropriate action, including segregation, will be taken to protect detainees when necessary. This policy also applies to persons who are confined pending trial or as a result of a trial.

b. EPW and RP may take complaints or requests to the camp commander.

c. Persons exercising the right to complain to the ICRC or protecting power about their treatment and camp may do so:

- (1) By mail.
- (2) In person to the visiting representatives of the ICRC or protecting power.
- (3) Through their detainee representative.

d. Written complaints to the protecting power will be forwarded promptly through HQDA, ODCSOPS (DAMO-ODL) NPWIC. A separate letter with the camp commander's comments will be included. Military endorsements will not be placed on a detainee's communication.

e. If an ICRC/protecting power communicates directly with an EPW/CI camp commander about any matter requiring an answer, the communication and commander's reply will be forwarded to HQDA, ODCSOPS (DAMO-ODL) NPWIC, for proper action.

f. Any act or allegation of inhumane treatment will be investigated and, if substantiated, reported to HQDA as a Serious Incident Report (SIR) per AR 190-40. Once completed, a copy of the SIR accompanies the prisoner to the EPW/CI camp, and a copy is furnished to the monitoring Branch PWIC. All available pertinent information that the EPW or RP is willing to give, will be entered on the form.

### 3-17. EPW/RP safety program

A safety program for EPW and RP will be set up and administered in each EPW camp. Army regulations, circulars, and pamphlets in the 385-series may be used as guides for establishing an EPW and RP safety program. Accident injury forms used in the EPW and RP safety programs will be prepared, administered, and maintained separately from those prepared for other persons included under the Army Safety Program.

## Chapter 4 Employment and Compensation for EPWs

### Section I General Policy and Guidelines

#### 4-1. General principles

a. To the extent possible, EPW will be employed in work needed to construct, administer, manage, and maintain EPW camps. EPW will be employed in other essential work permitted by this regulation only when qualified civilian labor is not available. Essential work is work that must be done, despite the availability of EPW.

b. EPW labor, external to DOD, is regulated by contract. When authorized by theater directives, EPW, RP may be given advance pay. Procedures for administering this advance pay are set forth in AR 37-1.

#### 4-2. Restricted employment

a. EPW will not be employed in positions that require or permit them:

- (1) Access to classified defense information or records of other personnel.
- (2) Access to telephone or other communication systems.
- (3) Authority to command or instruct U.S. personnel.
- b. EPW may be employed in the following types of labor:
  - (1) EPW camp administration, installation, or maintenance.
  - (2) Agriculture.
  - (3) Public works, public utilities, and building operations which have no military character or purpose.
  - (4) Transportation and handling of stores which are not military in nature or purpose.
  - (5) Domestic service.

#### 4-3. Liability to perform labor

a. Subject to the limitations stated in paragraph 4-5 and 4-6, EPW will be required to perform any and all work consistent with their grade and status as follows:

(1) Officer EPW. Officer EPW will not be required to work. Officer EPW, however, may make a written request for work. The camp commander will provide such work, if feasible. Officer EPW may, at any time, revoke a voluntary request for work. Officer EPW are required to maintain their personal areas, equipment and other items/areas in a manner that promotes good health and personal hygiene.

(2) Noncommissioned officer (NCO) EPW. NCO EPW will be required to do supervisory work only. NCO EPW, however, may make a written request for work other than supervisory work. NCO

EPW may, at any time, revoke a voluntary request for work other than supervisory work.

(3) Enlisted EPW. Enlisted EPW will be required to do any and all work consistent with this regulation.

b. Fitness of EPW for labor will be verified at least once a month by medical examination. An attending medical officer will classify the level of physical fitness EPW can perform for work as follows: heavy work, light work, and no work. Lists of these individual labor levels of EPW will be posted in each EPW camp. If physical conditions permit, each EPW will perform labor as directed by the camp commander.

#### 4-4. Authorized work

a. Categories. Levels of work for which each EPW are authorized and may be compelled to perform are categorized as follows:

(1) Restricted work. EPW may be compelled to perform the following types which may not be of a military nature or purpose:

(a) Public works and building operations. The primary factor in deciding whether EPW may be employed is the nature of the construction being undertaken. If the construction is purely military in nature, each EPW may not be compelled to engage in such work. If the construction is not purely military in nature, the purpose for which the structure is to be used is the deciding factor. If the completed construction is intended to be used primarily by units engaged in, or in direct support of, military operations against the enemy, EPW may not be compelled to work on the project.

(b) Transporting and handling stores. The first consideration is the nature of the property being handled. If the stores are military in nature, EPW may not be compelled to transport or handle them. If the items are not military in nature, then their purpose is the deciding factor. EPW may not be required to transport or handle stores specifically consigned to units engaged in military operations. EPW and RP may, however, be required to handle stores when handling is incidental to the performance of authorized types of work. For example, work in a military mess may be classified as domestic service. Handling of rations by EPW in connection with domestic service may be required.

(c) Public utility services. Construction, repair, or maintenance of water, sewage, drainage, gas, or electrical facilities are not of an inherent military nature. The purpose of these services is the deciding factor as to whether or not EPW may be compelled to engage in such activities. Such services may be intended primarily or exclusively for the benefit of units engaged in, or directly supporting, operations against the enemy. If so, EPW may not be required to perform these services. On the other hand, services intended primarily or exclusively for other purposes represent work that EPW may be compelled to perform.

(2) Nonrestricted work. EPW may be compelled to perform types of work listed below having no direct military purpose:

(a) Construction, administration, management, and maintenance of EPW camps.

(b) Agriculture.

(c) Manufacturing industries, with the exception of metallurgical, machinery, and chemical industries.

(d) Commercial business and arts and crafts.

(e) Domestic service, including a clothing repair shop, laundry, bakery, or a mess hall.

#### 4-5. Unauthorized work

a. Unhealthy or dangerous work. EPW and RP may not be employed in any job considered injurious to health or dangerous because of the inherent nature of the work, the conditions under which it is performed, or the person's physical unfitness or lack of technical skill. A specific task should be considered, not the industry as a whole. The specific conditions for each job are the deciding factors. For example, an otherwise dangerous task may be rendered safe by the use of safety equipment. Likewise, an otherwise safe job may be dangerous because of the circumstances under which the work is required to be done. Similarly, dangerous work may be safe for

those whose training and experience have made them adept at it. EPW will not be employed in tasks requiring:

(1) Exertion beyond physical capacity.

(2) Use of inherently dangerous mechanisms or materials such as:

(a) explosives or mine removal.

(b) Mechanisms that are dangerous because the person is unskilled in their use.

(3) Climbing to dangerous heights or exposure to risk of injury from falling objects under motion and not under full control.

b. Humiliating work. No person will be assigned labor that is humiliating or degrading for a member of the U.S. Armed Forces. This prohibition does not prevent EPW from doing ordinary and frequently unpleasant tasks such as maintaining sanitation facilities, ditch digging and manual labor in agriculture.

c. Other specifically prohibited work. Certain occupations or types of work are prohibited for safety, security, or other reasons. EPW and RP will not be:

(1) Permitted to work in an area where they may be exposed to combat zone fire.

(2) Employed as personal servants to members of the U.S. Armed Forces.

(3) Employed to tend bars or serve alcoholic beverages in officers' messes or similar establishments.

(4) Permitted to work inside correctional facility walls or near inmates.

d. Questionable work. In case of doubt as to whether certain work is authorized, the next higher HQ Staff Judge Advocate (SJA) will review the proposed tasks. The purpose of the review will be to ensure consistency with this regulation and the law of war. The SJA will provide recommendations in writing to the camp commander. A copy will be forwarded to HQDA (DAJA-IA), WASH DC 20310-2214.

#### 4-6. Decisions on work conditions and safeguards

Commanders will make on-the-job decisions as to whether work is safe. They will take into account the guidance set forth in this regulation. Commanders will make decisions by ordinary standards of sound judgment, assisted by the informed advice of persons familiar with the occupations and other available data. Data will include the opinions of the SJA. Preliminary job training will be given when necessary and; protective clothing and accessories will be provided as required (e.g., hard-toed shoes, goggles, and gloves). Such safety devices will be equal to safeguards provided for civilian labor. Commanders will make periodic inspections to ensure satisfactory conditions and safeguards are maintained at all times.

#### 4-7. Referrals to HQDA, ODCSOPS

a. When substantial doubt exists as to whether or not a type of work is permissible according to this regulation, a request to ODCSOPS for specific instructions will be made through channels by the most expeditious means.

b. Each question forwarded will be accompanied by a statement as to:

(1) Type and place of work.

(2) Tasks to be performed.

(3) Number of EPW to be employed.

(4) Other facts having a direct bearing on the employment.

#### 4-8. Length of workday

a. The length of the workday for EPW, including the time for travel will not exceed that permitted for civilians in the locale who are employed in the same general type of work. The working period may be extended but will not be considered excessive because EPW are laboring under a task system. EPW contracts will contain specific terms on the hours of employment.

b. Except as provided in subparagraph c below, the EPW will not be required to work more than 10 hours (in one day) exclusive of a one hour lunch and rest period. They will not be kept out of camp for more than 12 consecutive hours, including travel time. Rest

cycles consistent with the wet bulb, black globe temperature will be monitored and followed.

c. EPW may be required to work any number of hours for the efficient operation of the EPW compound messes. EPW are responsible for preparing food within these messes.

#### 4-9. Rest periods

a. Day of rest. Each EPW will be allowed a rest period of 24 consecutive hours every week. These hours will preferably be on Sunday or on the day of rest in the prisoner's country of origin or as established by his or her religious affiliation.

b. Annual. Each EPW who has worked for one full year will be given a rest of eight consecutive days during which the U.S. will give working pay to the EPW.

#### 4-10. Responsibility for work supervision

The EPW camp commander will:

(1) Decide, as far as practical, how adequate the technical supervision is which is provided by the using agency.

(2) Report the facts on inadequately supervised details to the using agency.

(3) Refuse to continue details on contract work unless adequate work supervision is provided.

#### 4-11. Work detail leaders and interpreters

EPW camp commanders are authorized to use selected EPW as work detail leaders and interpreters. The time of work detail leaders and interpreters will be included in labor reports under the same project work classification as their details. The supporting EPW/CI PSYOP unit can assist the camp commander in identifying key communicators, informal leaders, and linguists among the camp population for use as work detail leaders and interpreters.

#### 4-12. Task system

The task system will be used when it is possible to predetermine the amount of finished work that an EPW, or group of EPW, can reasonably be expected to complete in a specific period of time.

a. Elements of the task system. The task system consists of:

(1) Assigning each EPW, or each group of EPW, a definite and reasonable amount of work to be completed within each workday or other predetermined time period.

(2) Payment for completed work according to this regulation.

(3) Incentive adjustments of the required work according to this regulation.

(4) Penalty measures needed to enforce the task system.

b. Decision on daily tasks. The camp commander will decide the reasonable amount of completed work to be required of each EPW or group of EPW during a day.

c. Notice to EPW. EPW will be informed of the adoption of the task system before it is put into effect. Each EPW or group of EPW, depending upon whether separate or group tasks are assigned, will be informed of the amount of completed work required each day.

d. Incentives. As an incentive, EPW who have completed the required amount of work in less than normal time may be returned to quarters.

e. Enforcing the task systems. The camp commander may take disciplinary action against physically qualified EPW who habitually fail to complete the assigned tasks.

#### 4-13. Employing EPW

a. The greatest benefit from EPW labor on work projects will be obtained. EPW will be employed, as far as practical, on work for which they are qualified. The Dictionary of Occupational Titles, U.S. Government Printing Office, WASH, DC, will be used as a guide in deciding the qualifications of each EPW.

b. In assigning EPW to details requiring special training and skills, the following qualification will be considered:

- (1) Technical skills.
- (2) Aptitudes.
- (3) Past work records.
- (4) On-the-job training.

c. EPW capable of performing skilled and semi-skilled work should be employed on essential work. Persons on work details that require special training or skill will remain as constant as practical. When it is necessary to substitute an EPW in such a detail, the using agency will be notified.

#### 4-14. Paid work

EPW will be compensated for performing work for which pay is authorized. The rate of such pay shall be not less than as prescribed in Article 62, GPW. Compensation for all such work will be made as authorized from U.S. Army appropriated funds, canteen funds, or camp EPW funds. Types of paid work for which compensation is authorized are:

a. Labor performed for a contract employer or for a federal agency.

b. Services as orderlies and cooks (for officer EPW).

c. Services to construct, administer, manage, and maintain EPW camps, branch camps, and hospitals when such services are performed by EPW permanently assigned to certain duties or occupations.

d. Labor of RP for their duties.

e. Spiritual or medical duties required to be performed by EPW for fellow EPW.

f. Service as prisoner representative or assistant. Such persons will be paid from the camp EPW fund. If no such fund exists, they will be paid the prescribed rate of pay from U.S. Army appropriated funds.

g. Work as detail leaders or interpreters.

#### 4-15. Restriction on paid work

a. Mess personnel. The number of EPW cooks and assistant cooks who will be paid for work in camp messes will in no case exceed the total number authorized for Army enlisted messes of the same or similar size.

b. Fatigue details. Kitchen police, latrine orderlies, and other fatigue details will normally be provided by rotating enlisted EPW. Each EPW assigned to these details will not be paid from Government canteen or camp EPW funds. Assignment of persons to such details by rotation on a duty roster may interfere with the work program. If so, the Camp Commander may assign those duties to EPW who volunteer and whose skills or training are not essential for other work details. In such cases, EPW assigned may be paid the authorized daily rate from canteen credits contributed by all EPW. Payment will be under supervision of the Camp Commander.

c. Gardening work.

(1) To the extent practical, EPW will be required to raise their own vegetables. This work will be classified as paid work.

(2) The produce from gardens operated with EPW labor will be U.S. property. It will be used for the benefit of EPW and U.S. Armed Forces personnel. It should not be sold or traded in civilian markets.

#### 4-16. Rates for paid work

EPW employed for paid work will be compensated at a rate to be specified, on either piecework or by the workday, as provided below:

a. *Piecework rates.* Piecework rates will be used in compensating EPW when the work performed is for a contract employer or a Federal agency other than DOD.

b. *Working rates.* Working rates will be used for compensating all other paid work (other than contract work) as follows:

(1) EPW of all grades, whether acting in a supervisory capacity or otherwise, will be compensated at the authorized daily rate per full workday.

### Chapter 5

#### Beginning of Internment (CI)

##### 5-1. General protection policy—civilian internee

###### a. Treatment.

(1) No form of physical torture or moral coercion will be exercised against the CI. This provision does not constitute a prohibition against the use of minimum force necessary to effect compliance with measures authorized or directed by these regulations.

(2) In all circumstances, the CI will be treated with respect for their person, their honor, their family rights, their religious convictions and practices, and their manners and customs. At all times the CI will be humanely treated and protected against all acts of violence or threats and insults and public curiosity. In all official cases they will be entitled to a fair and regular trial as prescribed by this regulation.

(3) The CI will be especially protected against all acts of violence, insults, public curiosity, bodily injury, reprisals of any kind, sexual attack such as rape, forced prostitution, or any form of indecent assault.

(4) The CI will be treated with the same consideration and without adverse distinction based on race, religion, political opinion, sex, or age.

(5) The CI will be entitled to apply for assistance to the protecting powers, the International Committee of the Red Cross, approved religious organizations, relief societies, and any other organizations that can assist the CI. The commander will grant these organizations the necessary facilities to enable them to assist the CI within the limits of military and security considerations.

(6) The following acts are specifically prohibited:

(a) Any measures of such character as to cause the physical suffering or extermination of the CI. This prohibition applies not only to murder, torture, corporal punishment, mutilation, and medical or scientific experiments, but also to any other measure of brutality.

(b) Punishment of the CI for an offense they did not personally commit.

(c) Collective penalties and all measures of intimidation and terrorism against the CI.

(d) Reprisals against the CI and their property.

(e) The taking and holding of the CI as hostages.

(f) Deportations from occupied territory to the territory of the occupying power or to that of any other country, occupied or not, are prohibited.

b. Authorization to intern. Internment of protected civilian persons in a CI camp is authorized and directed provided that such

persons satisfy the requirements for being accorded the status of CI. One of the following two conditions must apply:

(1) Internment has been determined by competent U.S. Military authority to be necessary for imperative reasons of security to the United States Armed Forces in the occupied territory.

(2) Internment has been directed by a properly constituted U.S. military court sitting in the occupied territory as the sentence for conviction of an offense in violation of penal provisions issued by the occupying U.S. Armed Forces.

c. Order for internment.

(1) A protected civilian person in occupied territory will be accepted for evacuation to, and/or for internment in, a CI camp only on receipt of one of the following:

(a) An internment order for imperative security reasons authenticated by a responsible commissioned officer of the United States Military specifically delegated such authority by the theater commander.

(b) An order of an authorized commander approving and ordering into execution a sentence to internment pronounced by a properly constituted U.S. military court sitting in the occupied territory.

(2) The internment order will contain, as a minimum, the following information:

(a) The internee's personal data to include full name, home address, and identification document number, if any.

(b) A brief statement of the reason for internment.

(c) Authentication to include the signature of the authenticating officer over his or her typed name, grade, service number, and organization.

d. Compassionate internment. Notwithstanding the provisions of b and c above, requests by the CI for the compassionate internment of their dependent children who are at liberty without parental care in the occupied territory will normally be granted when both parents or the only surviving parent is interned.

e. Spies and saboteurs.

(1) As individually determined by the theater commander, protected civilian persons who are detained as alleged spies or saboteurs or as persons under definite suspicion of activities hostile to the security of the United States as an occupying power, will be regarded as having forfeited rights of communication with the outside world under the Geneva Convention (GC) for reasons of military security. Such forfeiture will be viewed as an exceptional and temporary measure. Due to the seriousness of the charges, such persons will not be processed as ordinary CI.

(2) Suspected spies and saboteurs will be afforded the same human rights treatment as the CI, and in case of trial, will be accorded the rights of fair and regular trial prescribed by the GC and by this regulation.

(3) When by the direction of the theater commander, suspected spies and saboteurs rights of communication with the outside world have been restored, their internment in a CI camp may be ordered in accordance with the provisions stated in paragraphs b and c above. When so interned, they will be accorded full CI status and rights and privileges as provided for by these regulations.

(4) At the earliest date consistent with the security of the United States, they will be released and granted full rights and privileges as protected persons under the GC.

f. Custodial security. The degree of security and control exercised over the CI will reflect the conditions under which their internment is authorized and directed and will recognize the escape hazards and difficulties of apprehension attendant on the internment of the CI in the occupied territory.

g. Appeals and periodic review of security internment cases.

(1) *Appeals.* The CI who are interned for imperative security reasons will be accorded the right to appeal the order directing their internment. Such appeals will be decided with the least possible delay by a board of officers. Appeals will be decided only on the grounds of the existence or nonexistence of imperative security reasons requiring the internment of the protected person.

(2) *Periodic review.* In the case where an appeal has been rejected, the board will review the case at least every 6 months, if

possible, to determine whether continued internment is essential to the security of the U.S. Armed Forces.

(3) *Reclassification to assigned residence.* In each CI case reviewed by the board in which continued control is necessary, the CI will be considered for an assignment to a residence in an area where there is adequate control.

h. *Support of dependents.* The United States will financially support the CI's dependents who are at liberty in the occupied territory and are without adequate means of support or are unable to earn a living.

## 5-2. Civilian Internee Safety Program

All such forms will be prepared, administered, and maintained separately from those prepared for personnel included under the Army Safety Program.

## 5-3. Republic of Korea/United States Agreement on processing civilian internees in Korea

The CI will be advised of these rights by the commander concerned in due time before the trial.

(2) When the accused does not exercise the right to choose an advocate or counsel, notice to that effect will be sent through

However, the protecting power must always be notified by HQDA (DAMO-ODL) as to the exception to the 6-month waiting period.

h. Civil proceedings. In every case where the CI is a party to any civil litigation, the camp commander will if the CI so requests inform the court of his or her detention. The camp commander will, within legal limits, take all necessary steps to prevent the CI from being in any way prejudiced by reason of his or her internment regarding the preparation and conduct of the case or execution of any judgment of the court.

i. Confinement pending trial. A pretrial investigation of an offense alleged to have been committed by the CI will be conducted rapidly so that the trial will take place as soon as possible. The CI will not be confined while awaiting trial unless a civilian national of the occupied territory would be so confined if accused of a similar offense. The CI may be confined if it is essential to do so in the interest of camp or national security. However, this confinement will never exceed 3 months.

j. Confinement facilities. CI confined as judicial punishment will serve their sentences in an internment facility, assigned by the theater commander, in the occupied territory as long as U.S. authorities can guarantee their protection.

- (4) Statement that in his or her opinion death was, or was not, the result of the CI's own misconduct.
- (5) When the cause of death is undetermined, the medical officer will make a statement to that effect.
- (6) When the cause of death is finally determined, a supplemental report will be made.

d. Notifying the Branch PWIC of a death. The camp or hospital commander or other officer charged with custody of the CI prior to his or her death will notify the local Branch PWIC immediately by telegram of the death. Notification will include all data required in c above. The use of supplemental reports is authorized until requirements have been met.

e. Certificate of Death. A copy of DA Form 2669-R is contained in this regulation. For each death, the attending medical officer and the responsible camp commander will complete a DA Form 2669-R. The form will be made out in enough copies to provide the distribution below.

(1) Original—NPWIC.

(2) Copy—Branch PWIC.

(3) Copy—The Surgeon General.

(4) Copy—CI's Personnel File.

(5) If the CI dies in the United States, a copy will be sent to the proper civil authorities responsible for recording deaths in that State.

f. Investigating officer's report.

(1) The camp or hospital commander will appoint an officer to investigate and report the following:

(a) Each death or serious injury caused, or suspected to have been caused, by guards or sentries, another CI, or any other person.

(b) Each suicide or death resulting from unnatural or unknown causes.

(2) The precepts outlined in GC 1949, part IV, section 3, will be used as a guide. (See DA Pam 27-1.)

(3) Military police investigators may be used at the discretion of the camp commander.

g. Burial, record of internment, and cremation.

(1) The deceased CI will be buried honorably in a cemetery set up for them according to AR 638-30 and if possible, according to the rites of their religion. Unless unavoidable circumstances require the use of collective (group or mass) graves, the CI will be buried in a separate grave.

(2) Graves Registration Services will record information on burials and graves. A copy of DD Form 551 (Record of Internment) will be forwarded to the Branch PWIC. The United States will care for graves and record of any subsequent moves of the remains.

(3) A body may be cremated only because of imperative hygiene reasons, the CI's religion, or the CI's request for cremation. The reason for cremation of a body will be cited on the death certificate. Ashes will be kept by Graves Registration until proper disposal can be decided according to the instructions of the protecting power.

h. Forwarding deceased person's file. The personnel files of a deceased person with all pertinent records will be forwarded to the Branch PWIC.

#### 6-15. Transfers

a. Authority to transfer. Theater commanders may direct the transfer of the CI, subject to the following conditions:

(1) The CI may not be transferred beyond the borders of the occupied country in which interned except when for material reasons it is impossible to avoid such displacement. The CI thus evacuated will be transferred back to the area from which they were evacuated as soon as hostilities in that area have ceased.

(2) The sick, wounded, or infirmed CI, as well as maternity cases, will not be transferred if the journey would be seriously detrimental to the health of the CI.

(3) If the combat zone draws close to an internment camp, CI may not be transferred unless they can be moved under adequate conditions of safety. However, CI may be moved if they would be exposed to greater risks by remaining than by being transferred.

b. Notification of transfer.

(1) The CI to be transferred will be officially advised of their departure and their new postal address in time for them to pack their luggage and notify their next-of-kin. The Internee Committee members to be transferred will be notified in time to acquaint their successors with their duties and related current affairs.

(2) The Branch PWIC and NPWIC will be notified immediately of any CI transferred.

c. Treatment during transfer.

(1) Generally, the CI will be transferred under conditions equal to those used for the transfer of personnel of the U.S. Military in the occupied territory. If, as an exceptional measure, the CI must be transferred on foot, only those who are in a fit state of health may be so transferred. The CI will not be exposed to excessive fatigue during transfer by foot.

(2) The sick, wounded, or infirmed CI as well as maternity cases will be evacuated through U.S. military medical channels and will remain in medical channels until they are certified "fit for normal internment" by competent medical authorities.

(3) Potable water and food sufficient in quantity, quality, and variety to maintain them in good health will be provided to the CI during transfer.

(4) Necessary clothing, adequate shelter, and medical attention will be made available.

(5) Suitable precautions will be taken to prevent CI from escaping and to ensure their safety.

d. Transfer of personal effects and property.

(1) The CI will be permitted to take with them their personal effects and property. The weight of their baggage may be limited if the conditions of transfer so require, but in no case will it be limited to less than 55 pounds per CI. The personal property that the CI are unable to carry will be forwarded separately.

(2) The mail and parcels addressed to CI who have been transferred will be forwarded to them.

(3) Property, such as that used for religious services, or items donated by welfare agencies will be forwarded as community property. These items are not to be considered a part of the 55 pounds of personal effects and property that each CI is authorized to take.

#### **6-16. Release**

a. General.

(1) Control and accountability of CI will be maintained until the CI is receipted for by a representative of his or her country of residence or a designated protecting power.

(2) After hostilities cease and subject to the provisions of (3) below, CI will be released as soon as the reasons for their internment are determined by the theater commander to no longer exist.

(3) The CI who are eligible for release but have judicial proceedings pending for offenses not exclusively subject to disciplinary punishment will be detained until the close of the proceedings. At the discretion of the theater commander, the CI may be detained until completion of their penalty. The CI previously sentenced to confinement as judicial punishment may be similarly detained. Lists of the CI held under this guidance will be forwarded to the Branch PWIC and NPWIC for transmittal to the protecting power.

b. Return of impounded personal effects. Upon release, the CI will be given all articles, moneys, or other valuables impounded during internment and will receive in currency the balance of any credit to their accounts. If the theater commander directs that any impounded currency or articles be withheld, the CI will be given a receipt.

c. Cost of transport. The United States will pay the cost of returning the released CI to the places where they were living when interned.

d. Medical fitness. The CI will not be admitted into the general population until their medical fitness is determined.

##### **7-6. Length of workday**

#### **Appendix B** **Internment Serial Number**

The internment serial number (ISN) is a unique identification number assigned to each EPW, RP and CI taken into the custody of the U.S. Armed Forces. Throughout internment/detention, EPW/CI are identified. PWIS accountability for EPW, RP and CI by the U.S. is established when the ISN is assigned. The ISN will consist of three components, with the first two separated by a dash as follows:

*a. First Component.* The first component will contain five characters. The first two will be the alpha-characters 'US'. The third character will be either the alpha or numeric designation for the

command/theater under which the EPW, RP and CI came into the custody of the U.S. The fourth and fifth positions are alpha-characters designating the EPW, RP and CI serving power.

*b. Second Component.* The second component is a six character numeric identifier. These numbers will be assigned consecutively to all EPW, RP and CI processed through ISN assigning organizations. The Branch PWIC will assign blocks of numbers to ISN assigning organization/elements in the supported theater.

*c. Third Component.* The third component will consist of an acronym identifying the classification of the individual: either EPW, RP, or CI, to represent Enemy Prisoner of War, Retained Person, or Civilian Internee, respectively. Should an individual that was initially classified as an EPW later determined to be a medically or religiously qualified retained person, the classification may be changed to "RP" with the approval of the EPW command/brigade.

*d. Example.* The first EPW processed by an ISN assigning organization in a theater designated as "9" and whose country was designated as "AB" will be assigned the following ISN: US9AB-000001-EPW. The tenth such EPW processed by the same command will be assigned the ISN of: US9AB-000010-EPW. If the eleventh individual processed by the same command was an RP and the fifteenth a CI, their ISNs would be: US9AB-000011-RP and US9AB-000015-CI, respectively.

*e.* EPW transferred to CONUS without having been assigned an ISN and those captured within the Continental U.S., will be processed and assigned an ISN as above, by the CONUS EPW organizations.
