Investigation did not develop sufficient evidence to prove or disprove Ms. 7C4, 1264 allegation that she was physically abused and her property was stolen when apprehended by U.S. forces. Medical screenings were conducted by U.S. physicians and Ms. 7C4, 1264 private physician, which did not show indications of the abuse described by Ms. 7C4, 1264. Subsequent investigation did not identify any witnesses to the incident and Ms. 7C4, 1264 delay in reporting the incident negated the potential value of any physical evidence. Further investigation did not diminish the integrity or credibility of Ms. 7C4, 1264 allegation.

Basis for Investigation: About 1300, 29 Apr 04, this office was notified by 22nd Military Police (MP) Battalion (BN), Baghdad, IZ of an alleged detainee abuse of Ms. *7C4, 1764* (NFI). Ms. *7C4, 1764* reported she was arrested from her residence and transported via helicopter to an unknown interrogation center. She was detained for approximately 5 days. During her detention, she was abused, which resulted in two broken fingers, black eye and made to crawl around on all-fours as a "large man rode" on her, calling her an animal. Ms. *7C4, 1764* described the unknown subjects as 1) a fat white male, approximately 6'3", 125 kilos, 30 years old, black hair, brown eyes, who spoke Arabic (NFI). The second subject was described as a white female, 25 year old, blond hair, who did not speak Arabic (NFI). Both subjects wore military uniforms with name patches (NFI). Ms. *7C4, 1764* also received a receipt for property seized and damaged at the time of her arrest. The receipt indicated \$3,600.00 (7,550,000.00 Iraqi Dinars) and jewelry were seized and the doors and windows of her residence, which entitled her to compensation. The receipt also stated she could retrieve her property after 14 Oct 03.

About 1240, 5 May 04, SA *7C-1 1764* and SA *7C-1 1764* interviewed Ms. *7C4, 1764* with 1LT *7C4 1764*, Major Crime Unit (MCU), Iraqi Police Department, Baghdad, IZ serving as the interpreter. Ms. *7C4, 1764* stated she was taken from her home around 0000, 11 Aug 03. She related she took some valium and other medications and went to bed. She was woken by glass breaking near her bed and she noticed ten individuals on her roof and another twenty individuals in the residence. She tried to tell them she was a friend, but they did not understand her. She related the individuals searched her house and used dogs during the search. One individual asked her for money and she gave him \$60.00, which she receives monthly for retirement, and he placed it in his pocket. She also gave the individuals 500,000 Dinar she still had left from 1,000,000 Dinar she received when her husband died. She further related the individuals took five rings off her hand. The individuals were wearing desert camouflage and had American flags on their arm, but she could not further identify the individuals. Ms. *7C4, 1764* related a man explained to her they were looking for her son and her husband and she told him they were both deceased. She was then told they were going to bring her to the "CIA" and placed a bag on her head and tightened the ropes and then placed her in a vehicle. She was in the vehicle for approximately ten minutes and was transferred to a helicopter, which flew for around twenty minutes. She was then taken off the helicopter and escorted to an unknown building where her hands were placed behind her back and handcuffed, the bag was removed from her head, and she was placed in a corner of the room. She was then placed in a one meter by two meter bathroom for approximately five days and was given no food or water. Ms. *7C4, 1764* related during this time other detainees were brought in to her room and asked to identify her, which they could not. She stated she begged for food or water and was given nothing. After five days, they placed a bag on her head and placed her in a vehicle for an unknown time. When she was removed from the vehicle the bag was removed from her head and she saw a man wearing a brown t-shirt. She described the man as about 200lbs, 78" tall.

Caucasian, clean shaven, black hair, and spoke some Arabic. The man took her to a room where there was a man in white robes being questioned. The man was then disrobed and asked to identify Ms. 7C4, 664 which he could not. She was then taken to a long room and the tall man poured water on the floor in the room. The tall man instructed her to swim on the floor from one side to the other, turned music on really loud, and left the room. Ms. 7C4, 664 stated there was an interpreter in the room she could only describe as a male Lebanese. She related while she was on the ground the interpreter asked her questions about the location of military leaders and troop movements. She stated she was on the floor for about two hours. The tall man then returned and was upset because she was not swimming and stepped on her hand and applied pressure. He then stood her up and placed a bag on her head and told her to walk back and forth in the room. As she walked, the man pushed things in her way and made her fall several times. The man then removed the bag from her head and forced her on the ground on her stomach. He straddled her and placed ropes in her mouth and across her eyes and attempted to ride her like a horse. Ms. 7C4, 664 related the tall man had a stick at this time and was striking her with it in the buttocks. She further stated he placed the stick in her anus while she was on the ground. Ms. 7C4, 664 stated she heard laughing from within the room during these incidents. She described the room as large with cables and ropes on the walls and a metal bed frame located in the room. She also saw what she believed were electric cables. After the tall man assaulted her, she requested a doctor because she could not walk. The doctor treated her injuries and was accompanied by three other individuals she could not identify. Ms. 7C4, 664 stated she was in this unknown location for about five days and this type of treatment occurred daily while she was there. She stated the tall man would touch her in her private areas and tell her he liked to have sex with old women. She noticed a Caucasian female with blond hair and blue eyes and wore a desert camouflage uniform with an American flag was present during some of the abuse. Ms. 7C4, 664 stated she was removed from this location when she was placed in a helicopter and moved to another unknown location. She was taken into a room with a desk and asked questions about her life and she related she was a schoolteacher. She related she was given a polygraph in reference to her history and they told her she was telling the truth. Ms. 7C4, 664 stated about 0300 the same night the tall man from the previous location came to her room and moved her to a room with two other Iraqi women. The women were sisters of a high leader in the Ba'ath party known as 7C3, 663. The tall man then released a dog in the room and the dog attacked one of the other Iraqi women. The tall man then took Ms. 7C4, 664 away and placed her in a room with 7C3, 663 and asked to identify him. She stated he was a famous man always on the television. Mr. 7C3, 663 was then asked to identify Ms. 7C4, 664 which he could not. Ms. 7C4, 664 related she was placed back in her room and stayed there for approximately ten days and then placed on a bus with ten other women and taken to AL-SALHEI Police Station, Baghdad, IZ and released. Ms. 7C4, 664 stated she was never reimbursed for the damage caused during her apprehension and she never received her property or identification cards, which were seized. Subject: Investigative Leads

Sir,

My office is currently conducting three separate investigations into possible detainee abuses

- 1 First investigation involved an elderly lady, Ms. 7C4 b64 have you been briefed about her case? If not, I will send you a synopsis of the incident/allegation. If so, could we get a copy of any reports forwarded to you by any other agencies. Also, do you have further information on the victim possibly being paid \$3,600.00? Yes, TF 6-26 conducted an inquiry that did not substantiate the allegation. Due to the nature of the inquiry, it was not releasable to me. The unit is making a CERP based solatia payment to Ms. 7C4 b64 based on property damage and loss of a ring. The TF 6-26 legal advisor is CPT 7C3 b63 who is on the "cc" line.
- 2 Second investigation involved a detainee and TF 20, detainee related he was abused, while in custody of TF 20 prior to his release to the 1CD DIF. This incident is only now being investigated by BG Formica, CG, III Corps Artillery. This investigation, appointed by LTG 7C3 b63 is more systemic in nature and is to be coordinated with you at all times. BG Formica's legal advisor is MAJ 7C3 b63 who is on the "cc" line.
- 3 Third investigation is reference to TF 6-26, Camp Nama, Baghdad, where an interrogator related he witnessed harsh tactics and possible abuse involving one soldier, who attempted to give a detainee a bottle of urine. Do you have a POC for Camp Nama? This incident is to be investigated by an investigating officer appointed by MG McCrystal. I know of no other details than those I forwarded to LTC 7C3 b63 is my understanding that a CID investigator who is attached to the parent organization of TF 6-26 is coming into theater to investigate the incident. Again, CPT 7C3 b63 is the POC.

Do you have a POC for the above-mentioned locations/Task Force units, so my agents can conduct interviews reference detainee abuse allegations. Thank You for your assistance.

Chief,

The one 4137 with everything but the money on it shows that she was given all those items when released. they're not at the HVD. As for the money and her rings. I have no 4137 that shows we ever had any rings from her. The 4137 with the money listed on it that you sent to me is the only copy of that document I've seen. There is no 4137 in the HVD like that nor any money at all in the HVD that can't be assigned to a particular person.

You're welcome to go to the HVD and look through what we have.

I'm going to the HVD on monday and I'll be there for a few hours. Would you like to meet me there at 0830 hrs on Monday?

The 115th MP Bn, HHC is in Kuwait. They're conducting customs operations

So far I can't find any info about the existence of a 115th MP Co

As for TF 20, I'm still looking.

The 115th and 770th are a Puerto Rico NG unit. English is a second language for them so possible they made a mistake on the documents with regards to unit designation. I'll keep digging.

Lucky day. We found all the documentation we have on her case. We've scanned them and they're attached. You're still invited to the HVD to look at the original documents and ask any and all questions you need.

Again, I owe you info on the 115th because they're the only ones who will possibly be able to answer any issues about her condition.

Anyway as promised here's the latest information. We found her listed on an a data disk. As for her property...that's the hard part for which I was asking your patience. We found stacks of boxes in a closet that include documents associated with property custody. We would be more than glad to accept help from your investigators if they want to help us sift through them, otherwise we still have several days work ahead of us. Nothing would give us more pleasure than to find this ladies property but the descriptions based on the investigator's statement don't give us much to go on for the description of the five rings and the money figures seem to move from one to another

I've already given the green light to LTC 7C 063 for your investigator to contact him directly. He can help with any and all aspects of the investigation

Just seemed like your initial request for access to the HVD was for a ghost hunt so I wanted to help narrow your search and hopefully provide all the documentation I can to help 1) find the soldiers or persons who abused this woman if in fact it did occur 2) help find the doctor that treated her for her injuries and 3) find her property

We will continue to determine what, if any, involvement the 115th had. In other words we'll try and match the timing of her incarceration with the presence of the 115th MP Bn at the facility

If there's anything I'm missing, let me know.

Please speak with LTC 704 004 I sent him an email on this case today. I will cooperate fully but on my timeline and under my conditions. Not CID or anyone else gets free access to the HVD.

My HVD staff is doing all they can to find anything and everything related to this case. We have found a record of her being held at the Camp Cropper Corps Holding Area. We are searching through stacks of documents in an attempt to find her belongings.

There is no one at the HVD who has any knowledge of the 115th MP Bn. They are long gone. In fact, no one at the HVD has been there longer than early February 2004.

Let me finish conducting our data call and search for her property then we can discuss the circumstances under which you might need access to the HVD.

Whoever took her statement did not do such a great job of having her express her thought to assist in determining where her alleged abuse took place. If the doctor actually treated her, then there should be medical records. If her claim of abuse actually occurred, then I suspect it occurred where she was taken captive and not necessarily at the Camp Cropper HVD. I'm running the gates to determine if the Camp Cropper she refers to is the same as we're using for the HVD.

Expect to have closure on our data search and the whereabouts of her belongings within a day or so. I'll contact you then.

Sir,

I have researched the incident in our own files, and have not found anything that would help us begin an investigation or help identify the proper agency to conduct that investigation. I have sent the info available to the folks who manage the detainees at CJTF 7 in an effort to try and develop more info to move forward. I am still waiting for a response. If you have any other avenues you can research for more info, it would be greatly appreciated. I've included my point of contact at CJTF 7 who forwarded the info to the detainee cell. I'm certain he will forward the info as soon as he receives it. When you say White House, what exactly are you referring to?

7C3 Can you check on this. This has some attention with folks at CPA. The sooner we can resolve the better. Can you bounce it to b63 don't have his npr

Gentlemen,

I've asked the CID LNO to coordinate with the detainee folks at CJTF to see if we can get more info on this situation. I'll advise when I get a response

but no response received. I am concerned that messages are not getting through. Could you please liaise with him on this matter – assuming that it will be a matter for the CID

In the event that matter is investigated, what is the procedure for briefing up the chain of command? I do not wish to interfere but would appreciate the benefit of your experience in handling the politics of such issues. Ideally, I am looking at getting the White House guys off the backs off the MOI folks. Thanks.

Please read sequence of e-mails. This information came to me from JCW. JCW is one of the policy guys in MOI. He has a friend who works in the White House and this seems to have been the method by which the information had been transmitted. Do you require any further information at this stage or can this be taken as the basis to initiate an investigation? FYI - JCW is a senior Member of Parliament in the UK

All I have been able to track down is her address which was given to me as: Hiy JC3 hb3
JC3 There is no phone number for her JC3 net with her along with JC3 om INDICT but I'm not sure where. Apparently the woman had also met with ICRC and told them her story as well. One other detail that I forgot to include is that she was given a receipt for property seized and damaged at the time of her arrest. It indicated that \$3,600, 7,550,000 (?) Iraqi dinars, and jewelry were seized and that doors and windows of her home were broken during the forced entry, entitling her to compensation. It further stated that she could retrieve her property after 14 October 2003. That's all I have

Just need to clarify a couple of things

Who is requesting that an investigation be

<https://webmail.us.army.mil/attach/text/html?sid=e9hAVfh0n+g&mbox=INBOX&charset...> 4/29/2004

done – i.e. are we dependent on a complaint being made (from the victim) before proceeding or is higher authority insisting that this matter be investigated regardless? Who can we say your friend ~~703~~ 3s for the purposes of CJTF-7?

Is there any way of finding from ~~703~~ 3 office any more information on the victim e.g. where she met her, were any contact details taken.

This would be helpful before forwarding onto CJTF-7.

I have been asked to follow up with you about an allegation of abuse that was raised by ~~703~~ 3 (~~703~~ 3 the Special Advisor to PM ~~3~~ on Iraq Human Rights Issues. This was transmitted to the White House by ~~703~~ 3 office. Specifically, Ms ~~703~~ 3 as reported that she met with a woman named

~~703~~ 3 last September. Ms ~~703~~ 3 alleges that she was arrested from her home (no date provided), was transported via helicopter to an interrogation center, and was held for 5 days. During the time of her detention, she says that she was abused with the result that she had two fingers broken, received a black eye, and was made to crawl around on all-fours as a "large man

<https://webmail.us.army.mil/attach/text/html?sid=e9hAVfh0n+g&mbox=INBOX&charset...> 4/29/2004

rode" on her, calling her an animal. She described her two interrogators as 1) a fat white male, about 6'3", 125 kilos, 30 yoa, black hair, brown eyes, who spoke Arabic; and 2) a white female, 25 yoa, blond hair, who did not speak Arabic. Both were wearing military uniforms with name patches on them. After her release, Ms. 7C 66 3 went to Al-Jamia Hospital in Baghdad and was examined by a Dr. 7C 126 3 who can corroborate her injuries.

This is probably a matter for Army CID since it would appear to involve military personnel. I realize the difficulty in tracking down this specific detention and in identifying who may have been involved -- particularly after this length of time -- but a commitment was made here that the matter would be investigated.
