[3] 3 rd Bn, 7th MAR 1 st MARDIV, I MEF <i>NON-INCIDENT</i>	19 Apr 04	19 Apr 04	SUSPECT: N/A LOCATION: Husaybah, Iraq (3/7 holding area) On 19 Apr 04, a detainee (suspected Muj martyr) captured during heavy combat operations died of unknown causes 36 hours after he was apprehended. The detainee is suspected to have died from head injuries suffered during one of over 20 escape attempts, including one in which he escaped from his restraints and threw himself through a window, landing on his head. Subsequent examination by a medical officer (MO) had him conscious, with good pupils, and responsive. However, a few hours later he took a turn for the worse and died with a Corpsman present. The examining MO surmised that the detainee died from internal cranial bleeding from the fall that was slow to kill him. The entire period of the detainee's captivity occurred during an intense combat engagement. Since the fall out the window did not appear to have caused any injury, the detainee was not evacuated due to military necessity.
