## EXECUTIVE SUMMARY

1. This investigation was initiated pursuant to a U.S. Army Criminal Investigation Division (USACID) Request for Assistance (RFA) (# 0184-04-CID259-80230) regarding allegations of detainee abuse. Tasking was limited to the review of detainee records and screening interviews of Al Baghdadi detention facility staff regarding allegations of abuse made by [REDACTED] and [REDACTED]

## NARRATIVE

1. Between 18Oct04 and 28Oct04 contact was made with MNF-I, 1stMarDiv Detention Operations and Baghdad Central Correctional Facility (BCCF), Abu GHARYB in an effort to review the detainee records of [REDACTED] and [REDACTED]. This effort disclosed [REDACTED] was captured on 08Feb04, by E Troop, 3ACR. Between the date of capture and the date of induction into Abu Gharyb (18Feb04), he was moved to three different camps. One of the camps, near the city of Hit, IZ, was named Baghdadi. [REDACTED] claims he was physically assaulted by U.S. military personnel in Baghdadi. Currently there is no camp by that name; therefore, screening interviews of assigned staff were not conducted. Due to lack of information on the records, Reporting Agent was unable to obtain names of members of the capturing unit. [REDACTED] was released on 29Jun04.

2. [REDACTED] was captured on 04Mar04, by 1stAD, 4 BCT and inducted into the BCCF on 10Mar04. The only evidence of possible abuse is contained within [REDACTED]'s Chronological Record of Medical Care of 10Mar04. [REDACTED] indicated he had received lacerations and abrasions caused by handcuffs and barbwire during his capture. Both capturing units have returned to their assigned posts; therefore, no interviews of unit members were conducted. Exhibit (1) provides amplifying details. Lead tasking is completed. This investigation is closed.

## RESULTS OF INVESTIGATIVE EFFORTS

1. Between 18Oct04 and 28Oct04, Reporting Agent attempted to locate and review detention records of the "Al Baghdadi" detention facility in reference to [REDACTED] and [REDACTED]. No detention facility with the name Al Baghdadi was located. The Camp Al Asad detention facility was contacted, as the town outside the Camp's perimeter is named Baghdadi. MNF-I, Abu GHARYB, and 1stMarDiv detention operations personnel were contacted and were able to provide the following information:

[REDACTED]  
Captured by E Troop 2/3ACR on 08Feb08, near the Saudi Arabian-Iraqi border. Transported to forward operating base (FOB) Quinn (named under the U.S. Army control, now named Camp Mudaysis). [REDACTED] was held at a camp near the city of HIT named Camp Baghdadi (no longer occupied since the U.S. Army's departure) for 8 days, where he claimed he was assaulted by U.S. military members (current Standard Operating Procedure (SOP) allows for capturing units to hold detainees for up to 18 hours prior to placing them into any detention facility). He was subsequently transferred to the 3ACR, detention facility, Camp Al Asad and inducted into the Baghdad Central Correctional Facility (BCCF), Abu GHARYB on 18Feb04. Attempts to retrieve and review any and all records of the Camp Al Asad detention facility, now under the control of the U.S. Marine Corps Regimental Combat Team-7 (RCT-7) disclosed no records prior to 18Feb04, as 3ACR did not leave records in place upon their departure on that date. A search for possible records at the RCT-7 database revealed a single interrogation summary regarding [REDACTED] dated 11Feb04 and prepared by [REDACTED] (NFI). A review of said document failed to disclose any information regarding allegations of detainee abuse (enclosure 1). [REDACTED] was released from the BCCF on 29Jun04 and his records are maintained at the MNF-I headquarters, Camp Victory, Iraq. Point of contact is [REDACTED] USA, Detainee Operations at [REDACTED]@iraq.centcom.smil.mil.

[REDACTED]  
Captured by 1stAD, 4BCT on 28Feb04 and possibly held at the 1stAD detention facility, but the records are not clear. He was inducted into the BCCF on 10Mar04, and has been transferred to Camp BUCCA (another permanent detention facility). A review of [REDACTED] chronological records of medical care dated 11Mar04, revealed observations of abrasions and lacerations to his arms and back, which he claimed occurred during his apprehension, and caused by barbwire and handcuffs (enclosure 2). Point of contact at Camp BUCCA is [REDACTED] at [REDACTED]@tbl8.arfor.army.smil.mil.
