| <p><b>SCOPE: JOINT MEDICAL GROUP (JMG)</b></p>  |  |

## **I. BACKGROUND:**

Compliance with widely held standards of medical ethics demands that medical staff follow set procedures when interacting with intelligence gathering operations. It is important that medical staff focuses on the provision of medical care to the detainees and not become involved in intelligence gathering objectives.

## **II. POLICY:**

Detention Medical staff will not participate or assist in Intelligence gathering. Detention Medical staff will not provide intelligence gathering operations access to Medical Records. Any request for medical information will be routed through the JMG Medical Planner and the Senior Medical Officer.

## **III. PROCEDURES:**

### **Medical Information**

- All requests for limited medical information will be made through the JMG Medical Planner and the Senior Medical Officer.
- Authorization for any limited information sharing will be via the Joint Task Force Surgeon in accordance with the Joint Medical Group Standard Operating Procedures.

### **Medical Response at Interrogations**

- Detention Medical Emergency Response Teams (ERT) will respond to Urgent/Emergent situations anywhere in the camp including interrogations.
- The Delta Clinic Nurse will triage all calls and send the ERT as necessary.

NOV00432

- The ERT will respond to, stabilize and transport the detainee to Delta Clinic for further evaluation.
- If the situation is not Emergent/Urgent, the Clinic Nurse will recommend that the Detainee be returned to the block where the Corpsman will evaluate the detainee's routine medical issues.
- Under no circumstances will a Detainee receive Emergent/Urgent medical care and be allowed to continue interrogations.
