Message: The answer is yes. We have been giving our times to [redacted] as 7 + 7. Does she know how to do the OT? We will work on Monday and report that to [redacted]

b6 -1
b7C -1

Thanks

>>> [redacted] 08/28 3:27 PM >>>

[redacted] are you and [redacted] reporting your shifts as 12hrs per day? [redacted] is not here or I would have asked her. I understood you should be on 12 hr shifts with 2 hrs of OT per day. You get holiday pay if you work on Monday or any other 5 days next week. Are we in agreement?

b6 -1
b7C -1

Thanks

Some more info re what we are doing. This can serve as our weekly report, if you like. I know [redacted] is forwarding you the Sit Reps.

b6 -1
b7C -1

We have heard (read) from [redacted] re the approval to get re-imbursed for our "living" expenses. We have the receipts and will submit to her the itemized list.

b6 -1
b7C -1

1) We are continuing our assistance to the FBI/CITF and secondly the DHS interview teams. We are following up with the progress (yes, these folks ARE making progress) and keep notes of that here. They are chipping away and getting some results. I will not report on too many specifics here [redacted]

2) There is a release package for about 20 detainees now up at Belvoir for authority to release. That will be a big boost here for the cooperation of

b1
b5 -1
b6 -1,4
b7C -1,4
b2 -3
b7E -1

(S)

others.

3) [redacted] met with the Joints Chief of Staff Review Board re who we are, what we do and our recommendations. (Their request) They were very impressed with this kind of resource offered by the FBI and expressed how needed and appropriate it is (their words not ours) Our recommendations were obvious [redacted]

b5 -1
b6 -1
b7C -1

4) We got drafted into a PsyOps meeting by [redacted] our new best friend. He is in charge of like everything and digs our stuff. The BSCT [redacted] [redacted] are involved with this more than we are. We attended the briefing and our suggestions were focussed on the relationship of the plan with the interview process [redacted] told us later that he wanted our involvement to make sure that the plan remains practical and realistic. (You can imagine some of the ideas that these folks are floating) I will not go into details, as it is just too lengthy and classified.

b6 -1,2
b7C -1,2

5) [redacted] also asked us to review some DIA Behavioral Ops plan. We are looking at that now and will give you details later. There is no request for us to actually do anything, but [redacted] has taken on the attitude that he wants us (BAU) to be aware of all the behavioral Ops and have us review them. It is also classified, so we will give you more on that later.

b6 -1
b7C -1

6) Providing on-going training to the new folks coming in on the interview teams. [redacted] that is an on-going thing here. The DHS command has asked for our program (disc) on this, but have been informed that this is our creation and we will be happy to continue our training for them. I am still re-tooling the presentation to fit the needs here. I will e-mail it to you later.

b6 -1
b7C -1

7) We met with the medical staff, re the detainees and interview process. They gave us an insight into the outpatient clinic and the fleet hospital. They were very agreeable to working directly with the interviewers and the MP's on getting treatment to the detainees. We had a situation with a detainee that told the interviewers that he would talk and tell them whatever they needed if ONLY they would help him get some relief from his constipation. Ah, mother nature works in beautiful ways.

8) [redacted] has arranged for us to meet with the JFT-160 personnel (guards) re what kinds of information our interview teams would want to know. We are having sessions with some of them tomorrow and more on Friday.

b6 -1
b7C -1

9) We are still searching for all of the resources available to these teams that they are not aware of. It is the "Chief's" job, but he is too retentive to share. [redacted] is leading this effort and has really come up with a lot of stuff out there that is helpful. We are sharing that with the group today at the OPS meeting. She attends the daily Scheduling meetings and has networked beautifully with these folks.

b6 -1
b7C -1

10) All of the above is being facilitated and coordinated with the appropriate command and interview team folks, so that we are in sync.

[redacted] .I will plug you into all of this when you get here.

b6 -1
b7C -1

There is probably more, but I have to take off now for the OPS meeting.

[redacted] ..we eagerly await your arrival. I-repeat, we eagerly await your arrival.

We would really appreciate someone looking through our mail and fed-exing some stuff to us.

We have a half-day on Sat. and off days are Sun. & Mon. By the way, do we get holiday pay for Monday, since we are TDY? We appreciate any "bennies" we can get.

b6 -1
b7C -1

There is a library here, with minimal resource info for this stuff. [redacted] have procured some resource material that we will leave here for you. I am currently trying to learn the Quran, so look out when I get home. I will probably demand prayer sessions. Would that qualify for a disability (mental) retirement?

Later, Gators,

[redacted]
