On 05/18/2004, Language Specialist (LS) [redacted] EOD [redacted] telephone number [redacted] assigned to FBI Houston, was contacted by SSA [redacted] [redacted] at the J Edgar Hoover Building, FBIHQ, Washington, D C , regarding his knowledge concerning FBI personnel activities at Abu Ghurayb Prison, Baghdad, IRAQ [redacted] provided the following information

b6 -1
b7C -1

[redacted] stated that between 09/12/2003 through 11/11/3003, he served as an interpreter at the Abu Ghurayb pnsion. During that time, he did not observe any misconduct of mistreatment of pnsoners [redacted] stated that on one occasion, he witnessed one military police (MP) officer yelling in the face of a pnsoner who did not understand the directions of the MP. This particular incident stood out because several agents, and MPs were around and witnessed the MP shouting and "talking down" to the prisoner. However, no observations of physical contact or abuse were noted.

b6 -1
b7C -1

[redacted] advised that he was part of interview teams that consisted of at least two FBI agents, two HRT members, and him. The agents, [redacted] (phonetic), from FBI El Paso, and [redacted] LNU, from FBI Los Angeles were [redacted] primary team members.

[redacted] stated that all contact with the prisoners was conducted in either an office outside the cell blocks, an au conditioned tent, or a fixed office building (similar to a trailer) detached from the cell blocks, but on the Abu Ghurayb Prison compound. [redacted] stated that all prisoners were afforded water, restroom breaks, and chairs. Detainees were placed in comfortable settings and agents went out of their way to treat all detainees with dignity and respect. On several occasions, FBI agents delivered messages to family members of detainees. All interviews were conducted in a professional manner and in accordance with Department of Defense and/or Department of Justice protocols. [redacted] stated that FBI employees went out of their way to ensure each detainee was treated with dignity and respect.

b6 -1
b7C -1

[redacted] stated that dunnig his interviews with detainees, on three occasions, pnsoners brought to his team's attention acts of abuse had taken place prior to arriving at Abu Ghurayb Prison. [redacted] stated that his interviews determined those acts of abuse occurred during arrests by military personnel further described as non-American (presumed to be Iraqi Military). Examples of the reported acts of abuse included being kicked in the stomach, electric shock, threats to harm family members, and one burn victim. The burn victim, an Iraqi Intelligence Officer (10) was the only individual [redacted] recalled contacting outside the pnsions compound. This individual was a patient in a Baghdad hospital and was contacted there several times by himself and SA [redacted]. [redacted] stated that FBI Agents took pictures of all injuries, even those which occurred prior to the incarcerations at the AGP. These findings were documented on the FD-302's of interviewing agents.

[redacted] stated that only agents had direct contact with MPs. His role as the translator did not lend itself to other outside contacts. [redacted] advised that during the time in Abu Ghurayb Prison, he did not record, photograph, or video tape any instances of abuse nor did he have the same in his possession. The following investigation was conducted by SSA [redacted] on 05/21/2004. The information was gathered from a telephonic follow up interview of SA [redacted] to a personal interview between SSA [redacted] and SA [redacted] on 05/18/2004.

b6 -1
b7C -1

SA [redacted] provided information concerning the reference, from his prior conversation with SSA [redacted] to his request that prison guards not "ridicule or humiliate" a specific detainee. SA [redacted] stated he did not observe any physical harassment of detainees, other than the examples he previously noted. He observed the prison guards verbally harassing and ridiculing the detainees. It was never aggressive, but was degrading

b6 -1
b7C -1

As an example, SA [redacted] observed the guards give the detainees cleaning supplies and ordered them to scrub the floors. He observed the orders given in a "theatrical and humiliating" manner, that is the guards ordered the detainees to clean "their" (meaning the guard's) floor and repeatedly yelled orders to the detainees. SA [redacted] A [redacted] C the treatment as constant verbal harassment. [redacted] noted the treatment was not unlike treatment he had observed in U.S. prisons/jails.

b6 -1
b7C -1

SA [redacted] stated he requested the guards spare the specific detainee the "ridicule and humiliation" not because SA [redacted] was concerned for the safety of the detainee, but because SA [redacted] wanted the detainee to think SA [redacted] had the power to change the detainee's environment. SA [redacted] requested the guards call the specific detainee by his true name

The purpose of the interview was to inquire about UC [redacted] knowledge of FBI personnel activities at Abu Ghurayb Prison between October 2003 and December 2003. UC [redacted] advised he had arrived in Iraq on 12/06/2003 and departed Iraq on 12/07/2003. His reason for visiting Abu Ghurayb Prison was to determine how his unit (BAU-1) could support FBI personnel in their interviews/interrogations of Iraqi prisoners in Iraq, if called to do so. UC [redacted] provided the following response to questions asked from a document titled, "Questions Concerning FBI Activities at Abu Ghurayb Prison-IRAQ"

b6 -1
b7C -1

During his one day at Abu Ghurayb Prison, UC [redacted] said he did not observe any misconduct or mistreatment of detainees, nor did he have any reason to believe that any misconduct or mistreatment of detainees at Abu Ghurayb Prison was occurring. The one interview in which UC [redacted] participated, adhered to all rules, guidelines, and protocols established by the Department of Justice and/or FBI.

b6 -1
b7C -1

The interview UC [redacted] participated in, took place inside an air-conditioned, pre-fabricated structure located inside the walled compound of Abu Ghurayb Prison, but away from the older main buildings. It was the opinion of UC [redacted] that this pre-fabricated facility, which was called the "Wood Site", contained approximately two rooms. UC [redacted] also opined that the "Wood Site" was built for interrogations/interviews because the facility was more comfortable and removed from the cells contained in the main prison. UC [redacted] was not aware of any number or letter designation for the "Wood Site".

b6 -1
b7C -1

UC [redacted] said he had no substantive contact with the Military Police (MP) or with Military Intelligence (MI). His only contact with the MP or MI was when he was introduced to them as he processed into the prison, signing into a register and checking-in his weapon.

b6 -1
b7C -1

UC [redacted] described the lone interview he [redacted] in as being comprised of a lead interviewer, SA [redacted] the translator, SA [redacted] (Last Name Unknown), and himself as the observer. UC [redacted] could not recall what unit SA [redacted] was assigned to, however, he did know that SA [redacted] is currently assigned to the Fly Away Rapid Deployment Team Unit based out of FBIHQ. UC [redacted] stated SA [redacted] may have been assigned to the Pittsburgh Division.

b6 -1
b7C -1

According to UC [redacted] at no time did any interviewee bring to his attention any act of misconduct or mistreatment by U.S. personnel. UC [redacted] also explained that he does not have any pictures, video tapes, or notes of actions denoting misconduct or inappropriate behavior by U.S. personnel against detainees, nor is UC [redacted] aware of anyone else who is in possession of such items.

b6 -1
b7C -1

UC [redacted] could recall no authorization for the use of interrogation techniques not normally employed by the FBI. The interview/interrogation techniques observed by UC [redacted] conformed with DOJ/FBI policy, procedure and guidelines and were in accordance with U.S. law. UC [redacted] was not aware of any Department of Defense authorization for the permitted use of certain interrogation techniques in Iraq.

The following investigation was conducted by Supervisory Special Agent (SSA) [redacted] in Portland, Oregon on May 18, 2004

b6 -1
b7C -1

Special Agent (SA) [redacted] assigned to the Fly Away/Rapid Deployment Team at FBI Headquarters (FBIHQ) provided the following information:

b6 -1
b7C -1

SA [redacted] started work with the FBI on [redacted]. His FBIHQ extension is [redacted] and cell phone is [redacted]. In his capacity as an SA assigned to the Fly Away Team, he served in Iraq from 11/05/2003 until 01/30/2004. As one of his duties in Iraq, he interviewed detainees at Abu Ghurayb Prison. As a result, the following questions were posed to SA [redacted]

b2 -1
b6 -1
b7C -1

1. Did you observe any misconduct or mistreatment of prisoners at any time during your presence at Abu Ghurayb prison?

Response: SA [redacted] stated he did not observe any mistreatment of the nature, or extent, as recently reported by the media. SA [redacted] stated he observed three incidents that caught his attention. On one occasion at Abu Ghurayb Prison, SA [redacted] observed military personnel restraining a detainee. The detainee was spread eagle on a mattress on the floor and yelling and flailing. The military personnel advised SA [redacted] the detainee was mentally ill. The detainee was covered with a blanket. SA [redacted] also thinks he remembers observing an IV bag for the detainee. SA [redacted] stated his observations were consistent with military personnel attempting to assist a mentally ill person. SA [redacted] also noted the prison held numerous mentally ill detainees.

b6 -1
b7C -1

The second incident consisted of a detainee, either naked or wearing boxer shorts, lying prone on the wet floor. There was one military person in the vicinity, but no one was interacting with the detainee.

The third incident consisted of a detainee standing on the second floor of the prison and handcuffed to a waist high railing. An empty green nylon sand bag was placed over the detainee's head. The prisoner was draped in a shower curtain. The military personnel advised SA [redacted] the detainee was being subjected to sleep deprivation. SA [redacted] observed a military policeman (MP) lightly slap the detainee on his back.

The slap was not hard, and consistent with someone trying to assure the detainee did not fall asleep.

2. Did you have any reason to believe that any misconduct or mistreatment of detainees at Abu Ghurayb was occurrrna? These reasons could include casual observations, prisoner appearance or demeanor, or conversations with prison personnel.

Response: No, other than the limited observations documented in the response to question number one. SA [redacted] noted there was documentation and limited conversation related to "Ego Up and Ego Down," and "Fear Up and Fear Down," referring to the detainees. Before SA [redacted] was able to conduct interviews in the prison, he was required to sign a Military Intelligence (MI) document delineating the interview techniques allowed, and those requiring specific approval. The document appeared to be a standard form, and applicable to agencies wanting to conduct interviews of detainees. SA [redacted] thinks the document specifically mentioned "Ego Up and Ego Down," as well as "Fear Up and Fear Down." SA [redacted] noted sleep deprivation was not on the list of permissible interview activities, but required a specific request. SA [redacted] stated he generally discussed the form, read the form, and signed the form. He did not maintain a copy of the form.

b6 -1
b7C -1

3. Did interview conducted by you and members of your team comport with prescribed Department of Justice and/or FBI protocols?

Response: Yes. SA [redacted] noted he was not aware of any specific DOJ or FBI protocols established for the detainee interviews. He said he did not give the detainees Miranda rights, but stated he was conducting the interview for intelligence information. SA [redacted] added that he, and his associates, treated the interviewees professionally and humanely at all times.

b6 -1
b7C -1

4. Please identify where the interviews occurred in the prison.

Response: SA [redacted] stated each of his interviews was conducted in an interview facility called the "wood site." It was called the wood site because it was a structure built of wood. It was located approximately 150 yards from the security cell block portion of the main prison. The "wood site" consisted of six interview rooms. Each room held a plastic table and plastic or metal chairs. Each room also had

b6 -1
b7C -1

DETAINEES-3485

one door, a one way glass/mirror for persons outside the room to observe the interview, and an air conditioning/heating unit

SA [redacted] stated the interviewees would be removed from the main prrson and escorted to the interview site, the "wood site." Per prison regulations. the prisoners were escorted in handcuffs and hoods. For the first interviews conducted by SA [redacted] the detainee was escorted by MI or ocher military police personnel. Later, SA [redacted] sometimes escorted the detainee from the cell area to the interview site.

b6 -1
b7C -1

5 Were they ever held in Units 1A or 1B (where the abuses occurred)?

Response: SA [redacted] stated he was not aware of the 1A or 1B classification for areas of the prison, nor was he aware of the specific area in question. He stated he obtained his detainees from the last wing of the prlson. To get to the wing holding his detainees, he would enter the front of the prlson building and walk down the center corrlidor. Four or five wings, on both sides of the central corrlidor, spoked off from the main corridor. SA [redacted] stated he walked to the last set of wings, and passed all the wings while traveling to his destination. On one occaslon when SA [redacted] interviewed detainee [redacted] unidentified military personnel brought the detainee to SA [redacted] SA [redacted] thought the detarnee was in Camp Vigilant, the open air detention camp next to the Abu Ghurayb Prison. From the wing holding SA [redacted] interview sub] ects, SA [redacted] escorted them out the back door to the interview building.

Resoonse: SA [redacted] stated his conversations with Military Police personnel in charge of the prlson were frequent, but not substantive nor related to interviews other than in general terms. Relative to Military Intelligence personnel, SA [redacted] noted he met Colonel [redacted] on one occasion. He did not hold any substantive conversation with the Colonel

uprisings, a shooting incident inside the high security cellblock, and attacks on the prison from the surrounding village. They did not discuss interview techniques.

SA [redacted] met both Captain [redacted] and Major [redacted]. SA [redacted] thinks Captain [redacted] was in charge of the MI interview teams. SA [redacted] conversed with both officers on several occasions, but did not discuss specific interview techniques. SA [redacted] noted he knew how he was going to proceed on his interviews, and knew his procedures were within DGJ and FBI parameters. SA [redacted] stated he introduced other interviewers to Major [redacted].

b6 -1,2
b7C -1,2

SA [redacted] said his primary prison contact person was Chief Warrant Officer [redacted]. Chief [redacted] supervised the Sgts. and Specialists responsible for scheduling and monitoring interviews. On several occasions, SA [redacted] discussed his proposed interview approaches for specific detainees, with Chief [redacted]. SA [redacted] indicated his intent, to Chief [redacted] to pursue a lengthy and professional series of interviews with a detainee. At no time did Chief [redacted] suggest a more aggressive approach for the interviews.

b6 -1,2
b7C -1,2

7. Please explain the roles of members which comprised your interview team.

Response: SA [redacted] said he primarily interviewed detainee [redacted]. SA [redacted] primary counterpart in the interviews was SA [redacted]. SA [redacted] served as a translator and co-interviewer. After SA [redacted] left the country, [redacted] served as a translator in the interviews. On one occasion, Intelligence Analyst [redacted] served as an observer and note taker. On one occasion, [redacted] served as a linguist during an interview. On another occasion, [redacted] served as a co-interviewer with SA [redacted].

8. During your interviews, did any interviewee bring to your attention any acts of misconduct or mistreatment by U S personnel?

Response: No. During the first interviews with detainee [redacted] complained of commotion and screaming at night. SA [redacted] said he interpreted the detainee's statements as possible surmise on the detainee's part that other detainees might be subject to torture. SA [redacted] said the detainee was in a cell with a solid door and walls, so was unable to report on anything he observed. SA [redacted]

[redacted] also perceived the detainee's complaint of hearing screams as "posturing" to support his early anti U.S. position, as well as a complaint regarding lack of sleep. SA [redacted] noted the prison was a very noisy environment with frequent wailing and/or yelling. [redacted] does not recall his interview subjects complaining of abuse to themselves, or to anyone else in the prison. At one point, detainee [redacted] complained of not being able to see a doctor. SA [redacted] arranged for doctor visits to detainee [redacted].

9 Are you in possession of any pictures, video tapes, or notes of actions depicting misconduct or inappropriate behavior by U.S. personnel against detainees? Are you aware of anyone else who is in possession of such items?

Response: No / No

10. What, if any, was your understanding of Department of Defense and/or Department of Justice authorization for the permitted use of certain interrogation techniques?

Response: SA [redacted] stated that other than the initial DOD form he signed prior to conducting interviews, he was not aware of DOD authorizations or techniques regarding interviews. SA [redacted] said the DOD techniques were irrelevant to his interviews. SA [redacted] stated he did not have any understanding of altered DOJ interview standards, other than not utilizing Miranda warnings

b6 -1
b7C -1

11. If you were aware of any mistreatment or abuse of detainees, did you document or report it to anyone?

Response: Not Applicable

12 Do you have any additional information relating to the abuse/mistreatment of detainees?

Response: No. SA [redacted] wanted to note the difference in his interview techniques between detainee [redacted] and detainee [redacted]. SA [redacted] noted detainee [redacted] was a potential long term interview subject with information of possible value over a period of time. Conversely, detainee [redacted] was thought to hold information of immediate value only. As a result, the interview technique with detainee [redacted] was more aggressive. The techniques included yelling and hitting the table. SA [redacted] stated they did not, at any

SA [redacted] noted he provided amenities to one detainee/interviewee. SA [redacted] brought a light bulb for the detainee's cell, provided him with polypropoiene underwear and sandals, and provided him a copy of the Koran. SA [redacted] requested the prison guards to treat one detainee, of interview interest, very professionally. SA [redacted] explained she participated in approximately ten interviews of detainees located at Abu Ghurayb Prison between 09/12/2003 and 11/12/2003. All but one of these interviews took place in one of the two interrogation tents located outside the brick buildings of Abu Ghurayb Prison. These tents were described by SA [redacted] as three sided tents, with the fourth side exposed to the public. SA [redacted] recalled participating in one interview conducted inside the brick buildings of Abu Ghurayb Prison, and SA [redacted] was unaware of any number or letter designation given to this area of the prison.

b6 -1

The only contact SA [redacted] remembered having with Military Police (MP) or Military Intelligence (MI) personnel was when she would coordinate with them regarding the logistics of conducting an interview. SA [redacted] said she would ask about the availability of the prisoner for an interview, and she would inquire about a location for the interview to take place. The only other contact SA [redacted] recalled having with the MPs or with MI personnel, was when she forwarded a request by a detainee for long pants, as the detainee was clothed in shorts. The next time SA [redacted] saw the detainee, she noticed he was clothed in a traditional robe rather than shorts.

According to SA [redacted] her interview team was usually made up of herself, SA [redacted] Houston Division, and Language Analyst (LA) [redacted] Houston Division. SA [redacted] stated that LA [redacted] San Francisco Division, replaced LA [redacted] on several occasions as the translator. SA [redacted] explained that SA [redacted] and herself would alternate their roles during the interviews, with SA [redacted] asking questions and SA [redacted] taking notes during one interview, and SA [redacted] asking questions and SA [redacted] taking notes during the next interview. The LA would occasionally take notes, however, these notes, as well as all other interview notes, were maintained in a 1-A envelope. SA [redacted] said that on one occasion [redacted]

b6 -1

At no time did any interviewee bring to SA [redacted] attention any acts of misconduct or mistreatment by U.S. personnel. SA [redacted] NYO, Squad CD-22, [redacted] b2 -1

advised of the identity of AI [redacted] and the nature of the b7C -1
interview. He provided the following information:

SA [redacted] deployed to Iraq or, or about 11/13/2003 b6 -1
through 01/16/2004. His primary duties while in Iraq consisted b7C -1
of conducting FCI interviews at Camp Cropper in the vicinity of
Baghdad International Airport. He worked primarily with SA [redacted]
[redacted] He went to Abu Ghurayb prison on approximately five
occasions. On one occasion he was searching for a "ghost"
detainee through both cell blocks and the tent compound, but did
not locate him. He described a "ghost" detainee as someone
detained at the prison by intelligence personnel without any
record of the detainee's presence. He did not know how many such
detainees existed. On one occasion he processed for
fingerprinting and DNA approximately 25-50 detainees at the
prison. He also introduced a detainee whose name he could not
recall to the Iraqi Survey Group (ISG) because of the WMD
knowledge that detainee possessed. The ISG was U.S. military, to
the best of his recollection. He also dealt with Department of
Defense (DOD) personnel who were in civilian clothes. He believed
they represented Defense Intelligence Agency.

Other than his search for the "ghost" detainee in the
cell blocks, he interviewed detainees in the stand alone
buildings known as "wood" and "steel," respectively. He actually
interviewed the "ghost" detainee prior to the search on one
occasion and saw no signs of abuse. The detainee was
subsequently released, and that is why SA [redacted] could not locate b6 -1,3,4
him during the search. These stand-alone buildings were located b7C -1,3,4
outside the cell blocks. Those detainees were from the tent b7D -1
compound, not the main cell blocks. He recalled interviewing b7E -1

stand alone building by MPs who did not participate in the
interview. The detainee was brought to the interview in hand
cuffs. He also saw detainees wearing hoods while they were
escorted on the prison grounds.

SA [redacted] did not observe any misconduct or b6 -1
mistreatment of prisoners at any time during his presence at Abu b7C -1
Ghurayb prison. He conducted a thorough search of all the cells

in the prison for the "ghost" detainee and saw no evidence of any mistreatment or misconduct.

b6 -1

SA [redacted] had no reason to believe that any misconduct or mistreatment of detainees was occurring at the prison. While processing numerous (25-50) detainees for fingerprints and DNA samples, he noticed no marks or signs of abuse on the prisoners. He did not recall meeting the guards who were depicted in the media allegedly abusing prisoners in the prison.

b7C -1

SA [redacted] advised his interviews conducted at Camp Cropper and Abu Ghurayb prison were reported via EC. He did not advise detainees of their Miranda Warning rights, and could not recall why. His interviews always took place in the stand alone buildings previously described and none of his interviewees were housed in units 1A or 1B. He had no substantive contact with Military Police personnel in charge of the prison. The only other member of his interview team at the prison was SA [redacted]. He did not recall a translator being present because the subject of the interview spoke English.

b7C -1

During his interviews, no interviewee brought to his attention any acts of misconduct or mistreatment by U.S. personnel. He was in possession of no pictures, video tapes, or notes of actions depicting misconduct or inappropriate behavior by U.S. personnel against detainees. He was not aware of anyone in possession of such items. He had no knowledge of DOD or DOJ authorization for the use of certain interrogation techniques. He and other interviewers, including the MI handlers, would discuss interview strategies as to whether or not the interview would use a positive, rapport building tone, or an accusatorial, negative tone. No discussion or thought was given to using physical interrogation techniques during any interview. He had no knowledge of sleep deprivation or isolation used on detainees. He had no additional information relating to the abuse/mistreatment of detainees.

b6 -1
b7C -1

SA [redacted] was deployed to Iraq from approximately 11/13/2003 through 01/11/2004. He was an SRT member and worked three to four days per week at Abu Ghurayb Prison. He was not selected for the Abu Ghurayb assignment for any particular reason other than his FCI investigative background. He assumed a liaison role with the prison personnel, but did not have contact with high ranking military officers in charge of the prison. He dealt primarily with Military Intelligence (MI) personnel in facilitating interviews of prisoners. In the first few months he processed prisoners by fingerprinting them and obtaining DNA samples. He devised a standard list of questions which were asked. He was given access to the prison's stand-alone computer database which housed prisoner biographical data and utilized that information in facilitating interviews and/or identifying subjects to be interviewed. He was not provided a list of individuals to interview. Instead, he was told by the OSC, SAC Ed Worthington, to use his judgement when identifying individuals to be interviewed. b6 -1
b7C -1

SA [redacted] conducted his first interview at Abu Ghurayb approximately one to 1.5 weeks after his arrival in Iraq. The subject of the interview was [redacted] from [redacted] who traveled to Iraq to participate in jihad. He believed the interviewee was [redacted]. He also confirmed conducting interviews of [redacted] and [redacted]. b6 -1,3,4
b7C -1,3,4
b7D -1
b7F -1

SA [redacted] did not observe any misconduct or mistreatment of prisoners at any time during his presence at Abu Ghurayb prison. He noticed no evidence of physical abuse in prisoners he processed for fingerprints and DNA. He had no reason to believe that any misconduct or mistreatment of detainees at Abu Ghurayb was occurring. He stated the prisoners he interviewed were housed in the tent portion of the prison, not the main cell blocks. The detainees were brought to the interviews by a "handler" from MI. They were shackled and handcuffed. He removed the shackles and handcuffs for the interviews. The prisoners appeared well treated. He had no contacts with military guards whose photos were displayed in the b6 -1

media as those involved in the alleged abuse. The two primary MI personnel he dealt with were CWO [redacted] and SPC [redacted].

b6 -2
b7c -2

SA [redacted] advised he was never in the main call area. He conducted his interviews in a stand alone building within the prison walls located in the vicinity of the cent area. There were two such buildings referred to as "wood" and "steel" respectively. He could not recall in which one he did the interviews.

b6 -1
b7c -1

SA [redacted] advised he conducted his interviews in the presence of the MI handler for the detainee who was being interviewed and the language specialist (L/S). No guards were present. At the direction of the FBI's Deputy On-Scene Commander, he did not advise the interviewees of their Miranda Warnings. The interviews were not recorded. The results of the interviews were reported via EC. He conducted no interviews in Unit 1A or 1B. SA [redacted] had no substantive contact with Military Police personnel in charge of the prison.

b6 -1
b7c -1

[redacted] described the "handlers" for the detainees as those MI personnel who were responsible for the military's interviews of the detainees. He observed during his interviews of detainees, the MI personnel utilized rapport building with the detainees in building a relationship which they used in the interview process. The handlers participated in the interviews. Other members of the interviewing team included other FBI SAs and FBI Language Specialists (L/Ss) who rotated.

b6 -1
b7c -1

During the interviews, no interviewees brought to his attention any acts of misconduct or mistreatment by U.S. personnel. He had no pictures, video tapes, or notes of actions depicting misconduct or inappropriate behavior by U.S. personnel against detainees. He was also unaware of anyone who had possession of such items.

He was aware the Department of Defense utilized sleep deprivation and isolation for prescribed periods of time, but did not witness any such act. He knew of those techniques through the MI handlers. It was his understanding, these techniques were allowed for limited periods of time.

He was not aware of any mistreatment or abuse of detainees. He had no additional information of any abuse/mistreatment of detainees. He described the DOD personnel with whom he worked as very professional. He stated the prisoners appeared to be happy to see their "handlers" because of
