[REDACTED] I have to take off. DAD Harrington gave me the o k to send this out pending further detailed guidance. We want to allow our people some ability to continue working over the weekend. They had been ordered to "stand down". Hope it doesn't conflict with anything. Talk to you Monday.

Frank, In an effort to give our people some guidance in the interim (pending more detailed protocol regarding interviews and SSE's) I would propose that we send over the following temporary guidance:

Re: Interviews/Interrogations

Our people will continue to conduct interviews of detainees (PUC's) at secure locations only.

If, during the conduct of any interview, events occur that, in the opinion of the FBI agent(s) present, exceed acceptable FBI interview practices, the agent(s) will immediately remove themselves from the scene and will report their concerns to the Afghanistan On Scene Commander.

Re: Sensitive Site Exploitations (SSE's)

Until further guidance is provided by CTD management, all FBI personnel assigned to the Afghanistan theater will conduct interviews at Kabul, and the following secure military bases only, that is, Jalabad, Asadabad, Khost, Gecko (Qandahar), Shkin and Bagram.

In those instances where FBI personnel are presently located at any other military bases, those individuals will remain in place unless a secure means of transportation to one of the above listed bases avails itself.

b7C -1

No FBI personnel are to engage in operations outside of any base or facility until further advised

For reporting requirements, it is imperative that all FBI personnel be continuously in a location where ready and reliable communication is available

Re Daily Location Report

To the extent possible, the FBI OSC/Afghanistan will provide MLDU a daily location report setting forth the most recent location, by name, of every FBI person in theater

Frank, if you can work with this would you please forward your edited/revised version to [redacted] as soon as reasonably possible so he can forward to SSA [redacted] today Thanks
