~~(U)~~ The detainees have been unable to provide the names or employing agencies of anyone responsible for the alleged abuse. They have provided a description of their abusers as men in military uniforms or civilian interpreters working with the military. The detainees have also provided a description of the locations where the alleged abuse occurred. The acts are alleged to have occurred in Mazar-a-Shariff, Kandahar, Bagram, Egypt, as well as an unknown hanger and tarmac during transport in December, 2001 and January, 2002. Only one of the detainees has reported any abuse at Guantanamo Bay and the person responsible is described as a man wearing a military uniform.

~~(U)~~ The NCIS has requested access to investigative records in order to identify all personnel who had contact with these detainees since their capture as well as the purpose, date, and location of the contact. NCIS has also requested access to any information in FBI records regarding allegations of abuse made by these detainees or allegations made by other personnel about abuse inflicted upon these detainees.

~~(U)~~ MLDU is requested to review available records relating to these detainees in order to provide the identities of any personnel, including FBI personnel, who had contact with them since their capture. If possible, provide the date and location of the contact as well as the purpose (e.g. interview, fingerprinting, etc...).
