	As requested, here is a brief summary of what I	observed at GTMO	
	On a couple of occassions, I entered interview n	some torfind a defense abound band and f	-
	position to the floor, with no chair, food, or water	Most times they had unnated or defacated	
	themselves, and had been left there for 18 24 h	ours or more. On one occassion, the air cor	ditioning
	nad been turned down so far and the temperatur	e was so cold in the room, that the barefoote	d detainee
	was shaking with cold When I asked the MP's w	vhat was going on. I was told that interrogato	rs from the
	day prior had ordered this treatment, and the de	anee was not to be moved. On another occ	assion the
	A/C had been turned off, making the temperatur	a in the unventilated room probably well over	r 100
	degrees The detainee was almost unconcious	in the floor, with a pile of hair next to him H	e had
	apparently been literally pulling his own hair out	inroughout the night. On another occassion,	not only
	was the temperature unbearably hot, but extrem had been since the day before, with the detained	siy loud rap music was being played in the ro	oom, and
	floor	,	on the tile
