b6 -1 The attached is modified version of your draft that incorporates suggested changes based on UC [redacted]  
b7C -1 conversations today with SSA's [redacted] was present with [redacted] in the observation room observing another interview and was not with [redacted] when he observed the detainee who had been dud taped. His additions to the draft letter are bolded and deletions are bracketed [ ]

Although the recommended changes add detail that we believe is important, I have a broader concern about the letter and GTMO issues in general
