ophone conversation

ess guidance - President Kellenberger's visit

wing press line from Geneva to clarify whether or not and to what
nberger had discussed the specifics of the Abu Ghraib case during his
his was one of many during this latest controversy as you can imagine
or delegations where a press officer is based. It is not a statement per
ess officers to be relayed verbally in response to media questions.

ildance we received relating to the a/m topic as this is what we were
ournalists.

ned that Mr Kellenberger's January visit should not be seen as
ention issues in Iraq. If asked about the visit please reply as follows:

r visited Washington in January and discussed detention matters with
ul Wolfowitz and Colin Powell. The main focus was on Guantanamo
anistan were also discussed. These meetings were part of the regular
een the ICRC and different governments. The substance of these
lic disclosure.

: can be made but only when asked the corresponding question:

red to the ICRC's upcoming report on US detention in Iraq but did not
this report." end quote
