JoAnn -

This includes three points at the end on our POW policy in Iraq -- can you look over? I've tracked a few editorial suggestions in other places, and I'd suggest that Todd and Ed have a look as well at the whole piece.

Todd, Josh, Tom --

Among our flood of immediate attention items this morning is the attached draft OSCE intervention on the humanitarian situation in Iraq, which has "if asked" sections on the treatment of POWs in Iraq and on events at the CHR (the EU resolution on Iraq and the Iraq special sitting proposal). These need chops from L/PM and IO respectively. Thanks.
