Josh -

Can you clear this for L/PM? Please call JoAnn at home to review with her and then send any comments directly back to Andrew Sagor.

Thanks. Josh

Subject: Clearance/comments needed on red border response letter

S/WCI has been tasked to respond to this red border soonest concerning a detainee said to be held at Abu Ghraib. There are several other letters like it as well. I've drafted a response in coordination with NEA/I and am requesting your comments/clearance so Amb. Prosper can sign it before COB today. Thanks for your help, Andy Sagor
