8. **Remarks** The Chain of Command reviewed the incident and conducted an investigation. 4th FSB reviews all TTPs for use of deadly force within the Brigade Collection Facility. [REDACTED] b2-3

[REDACTED] The current collection facility is a temporary facility that is limited in its capability to hold large numbers of detainees, especially detainees in isolation. The current detainment material for the isolation cells, concertina wire, is adequate but more permanent facilities should be expedited to mitigate the risk posed by the temporary nature of the facility. A contract to establish a permanent facility has been provided to the Division Comptroller for funding. This facility will increase the security of the detainees and improve the safety for the guards.

Report by AR 15-6 Investigating Officer on Shooting Death of Iraqi  
Detainee, FOB Packhorse, Tikrit Iraq, 11 Sep 03

Narrative: On 11 Sep 03, 1LT [REDACTED], SPC [REDACTED], and SPC [REDACTED] were performing guard duty at the FOB Packhorse detention facility. 1LT [REDACTED], the Officer of the Guard, was standing less than twenty feet away from SPC [REDACTED] in the breezeway portion of the facility facing into the facility's back yard when he heard a shot fired (Exhibit A). SPC [REDACTED], a member of the guard force, was standing between 1LT [REDACTED] and SPC [REDACTED] when the shot was fired. SPC [REDACTED] was standing in the hallway of the isolation cell portion of the facility. At some point, SPC [REDACTED] looked away from the detainees in isolation in order to speak to SPC [REDACTED] (Exhibit B). Within a few seconds of turning back to see the detainees, SPC [REDACTED] raised his rifle, placed the selector on fire, and shot Obeed (Exhibit C). Obeed was handcuffed with plastic "flexicuffs" at the time he was shot. Neither 1LT [REDACTED] nor SPC [REDACTED] saw [REDACTED] pull the trigger. They were not in a position to see Obeed's activity. The other detainee in the isolation cell, [REDACTED] b64/b7c-4 (Obeed's [REDACTED] saw SPC [REDACTED] fire his weapon, but did not see Obeed's activity either (Exhibit D). Upon hearing the shot, 1LT [REDACTED] moved to SPC [REDACTED] to assess the situation. According to 1LT [REDACTED] [REDACTED] stated, "He was standing right up next to the wire." Initially, 1LT [REDACTED] did not see any blood on the fallen Obeed, and asked [REDACTED] if he had indeed shot the detainee. SPC [REDACTED] stated again that he had shot Obeed because he was standing next to the wire (Exhibit A). When 1LT [REDACTED] noticed that Obeed was bleeding, he moved to the radio in the breezeway and called the b2-3 4<sup>th</sup> FSB TOC [REDACTED] for assistance. SPC [REDACTED] who was guarding prisoners at a building directly across from the detention facility entrance, left his position to assess the situation at the main detention facility. Upon arriving at the scene, SPC [REDACTED] asked for a combat lifesaver's bag and SPC [REDACTED] went to the storage closet in the interview office to retrieve it (Exhibit E). SPC [REDACTED] and SPC [REDACTED] performed first aid on Obeed at this time. SPC [REDACTED] went into the interview office and sat down. At around 2320, SSG [REDACTED] and SGT [REDACTED] medics, arrived. They assessed Obeed's condition and transported him by ambulance to the aid station (Exhibit F). Upon Obeed's arrival at the aid station, more life-saving steps were taken. 1LT [REDACTED] the physician's assistant on duty at the time, declared Obeed dead at approximately 2330 hrs (Exhibit G). The body was photographed by CPT [REDACTED], with 1LT [REDACTED] assisting, as part of the 4<sup>th</sup> FSB's initial inquiry.

Facts.

a. Obeed Hethere Radad was a detainee at the FOB Ironhorse Detention Facility when he died of a gunshot wound to the abdomen on 11 Sep 01 at approximately 2315 hours. He had turned himself at FOB Arrow on 02 Sep 03 upon learning that he was a targeted individual from Operation Arrow Sky, conducted by TF 4-42 (Exhibit H). He and his [REDACTED] b6-4/b7c-4 were in separate isolation cells at the detention facility. Obeed had been incarcerated in the isolation cell since 8 Sep 03. Obeed had been seen by

medics earlier in the day on 11 Sep. He had complained of joint and back pain and couldn't sleep. The medics advised the guards, SPC [REDACTED] included, that the detainee should be allowed to get up and walk around in order to reduce his back and joint pain. Furthermore, the detainees in isolation had been told not to speak and to stay away from the concertina wire or they would be shot. According to 1LT [REDACTED] he did not see any indication that the concertina wire had been moved at the time of the shooting. According to INTSUM reporting, the [REDACTED] were alleged Saddam loyalists (Exhibit H).

b. SPC [REDACTED] D Co., 4<sup>th</sup> FSB, shot Obeed once when he observed Obeed standing and touching the single strand concertina wire at his cell. SPC [REDACTED] did not give a verbal warning prior to firing his weapon. A round had already been chambered in the weapon. SPC [REDACTED] was aware that the medics had suggested that Obeed be allowed to stand and walk around in his cell in order to relieve some of the joint and shoulder pain Obeed had been experiencing while being held in the cell (Exhibits A and B).

c. SPC [REDACTED] requested a lawyer before any questioning could be done. He provided a statement on DA Form 2823 during 4<sup>th</sup> FSB's initial inquiry, but he was not read his rights (Exhibit B). In that statement, SPC [REDACTED] stated that the detainee had been fidgeting with his handcuffs earlier in the day. Furthermore, the detainee had been told not to speak. According to the statement, at about 2315 hours, Obeed said something in Arabic. SPC [REDACTED] who had been speaking with SPC [REDACTED] turned to look at the detainee and saw him standing near the wire and touching it. At that instant, SPC [REDACTED] raised his weapon and fired.

d. There are conflicting accounts about the training that the guards received prior to assuming their duties at the detention facility. SPC [REDACTED] and SPC [REDACTED] were on their second full day of detention guard duty. They had received a briefing from 1LT [REDACTED] on their duties, but SPC [REDACTED] did not recall any instructions with respect to graduated force IAW TF Ironhorse FRAGO 422 (Exhibit C). SPC [REDACTED] believed that they could shoot a detainee if the detainee approached the wire without permission. 1LT [REDACTED] stated that he gave that order but with the understanding that verbal warnings and other measures would first be considered before applying lethal force. No rehearsals or drills had been conducted.

e. The guard force had wooden clubs readily available in order to deal with belligerent detainees using less than lethal force (Exhibit J). Upon initial set-up of the detention facility, the guard force did not have weapons inside of the detention facility. At some point between the initial set-up of the facility and 11 Sep 03, the 1<sup>st</sup> BCT Commander instructed the 4<sup>th</sup> FSB to have guards carry weapons inside of the wire to ensure the presentation of authority (Exhibit K).

b(u)-2) 67c-2 A11

Report by AR 15-6 Investigating Officer on Shooting Death of Iraqi  
Detainee, FOB Packhorse, Tikrit Iraq, 11 Sep 03

f. The guard force has no written instructions and there is no written battalion guidance for the operation of the detention facility. Guards received their instructions verbally by the shift leader, in this case, 1LT [REDACTED] (Exhibit A).

g. TF Ironhorse FRAGO 422, Maintenance of Law and Order, dated 16 May 03, provides guidance for the use of graduated force and specifically identifies a "Shout, Show, [REDACTED] Shoot, Shoot" methodology (Exhibit L).

h. Paragraph 3-2f, Army Regulation 190-14, The Carrying of Firearms by Law Enforcement Personnel and Personnel Performing Security Duties, states that, "Deadly force is justified only under conditions of extreme necessity and as a last resort when all lesser means have failed or cannot be reasonably employed." Furthermore, paragraph 3-2g requires that personnel give an order to halt before firing (Exhibit M).

i. [REDACTED] b (u-4) the other isolated detainee in the detention facility, stated that he received no warnings about what would happen if he tried to escape. He stated that none of the other prisoners provided the information. One prisoner held in the general population cell, [REDACTED] stated he had received a briefing on what would happen if he tried to escape (Exhibit D).

j. SPC [REDACTED] was described as overly aggressive by 1LT [REDACTED]. The other guards, SPC [REDACTED] and PFC [REDACTED], described SPC [REDACTED] as being unnecessarily vulgar towards the detainees. Also, SPC [REDACTED] had banged wooden clubs on the cell doors unnecessarily and had used vulgar language toward the prisoners on 10 Sep. 1LT [REDACTED] had corrected that behavior (Exhibits A, E, and N).

k. There is no indication that the detainee had been physically abused prior to being fatally shot. He had adequate medical attention for his aching back and joints; the guards understood that the detainees could stand up and stretch in order to relieve some of the discomfort. Adequate food and water had been given to the detainee (Exhibit G and O).

**Findings:** The convergence of several conditions resulted in the shooting of Obeed Hethere Radad on the evening of 11 Sep 03.

a. Statements reveal that there is sufficient cause to believe that SPC [REDACTED] knowingly or not, was in violation of Army use of force policy and TF Ironhorse directives governing the use of deadly force. No verbal warning was given, and no lesser means of force was considered before applying deadly force. Furthermore, the fact that Obeed was handcuffed and his position on the floor in his cell once he was shot provide sufficient doubt about Obeed's intent to escape (Exhibits A, B, C, and V).

u (u)-2 At

Report by AR 15-6 Investigating Officer on Shooting Death of Iraqi  
Detainee, FOB Packhorse, Tikrit Iraq, 11 Sep 03

b. There are insufficient instructions for guards in performing their duties. There are no written SOPs or post instructions for guards (Exhibits A and K). Instructions are given verbally by the shift leader, and the guards on-duty that evening had a different understanding of their responsibilities. For example, SPC [REDACTED] and PFC [REDACTED] did not have a round chambered in their weapons prior to the shooting—even though they were guarding isolated detainees—while SPC [REDACTED] and SPC [REDACTED] did. 1LT [REDACTED] did not have a round chambered in his weapon, either. SPC [REDACTED] and PFC [REDACTED] had an understanding of the use of force as it applied to the application of deadly force (Exhibit E and N). SPC [REDACTED] had not heard of graduated force or differing levels of force, nor did he remember receiving a briefing which covered verbal warnings prior to shooting an escaping detainee (Exhibit C).

b2-3  
b62  
b2-3 c. The combination of loaded weapons within the confines of the detention facility, in addition to the inadequate number of guards on duty, created an environment conducive for the quick escalation to the use of deadly force. There were [REDACTED] to use in applying less than deadly force. SPC [REDACTED] had used a club before in order to rattle the cage doors. There were [REDACTED] guards on duty at two different buildings with [REDACTED] detainees on 11 September. While the majority of detainees were in the general population, incarcerated in a large open room, there were [REDACTED] others held in isolation cells who required increased visual surveillance. [REDACTED] Furthermore, [REDACTED] b2-3

b6-4  
d. The isolation cells in which the [REDACTED] were held were unkempt and had inadequate barriers [REDACTED] b2-3  
Furthermore, [REDACTED] thus making it more difficult for detainees to move or negotiate, and making it clearer for guards to determine a detainee's intent to escape. Without a witness who might have seen Obeed's actions which caused SPC [REDACTED] to shoot, it is difficult to determine Obeed's intent with respect to crossing the wire on the evening of the shooting.

e. Based on comments by the interviewees, the detention facility had been visited on numerous occasions by leaders in the chain of command. Shift leaders were either a senior NCO or an officer. The officer in charge of detainee operations was on site daily. The battalion commander had inspected on numerous occasions. The brigade commander had inspected the facility and provided guidance in handling the detainees. Detainees were adequately fed, had plenty of water, and received adequate medical attention. Detainees were allowed to conduct hygiene and had access to latrines.

Recommendations:

a. A criminal investigation should be initiated immediately in order to determine possible violations of the UCMJ by SPC [REDACTED]. Statements from 1LT [REDACTED], SPC [REDACTED], and PFC [REDACTED] indicate that SPC [REDACTED] exhibited overly aggressive behavior when around the detainees. Obeed was handcuffed when he was shot, and SPC [REDACTED] did not apply graduated force IAW established regulations and orders.

The incident occurred approximately at 2310 on the 11<sup>th</sup> of Sept 2003. Initial atmosphere coming on to shift: My shift as night shift supervisor begins at 1800 and continues till 0600 the next morning. As I came on shift that afternoon the atmosphere at the holding facility seemed normal in most regards. The day shift supervisor and the guards on shift at that time greeted me upon my arrival and all seemed like business as usual. I spoke with the day shift supervisor and got a shift change brief before assuming the official change over of responsibilities. Approximately 1815 on shift, I assigned Spc. [REDACTED] to guard the two EPW's that we had in our two make shift isolation cells. I say make shift because the facility that we are using right now is only temporary. With our original SOP and facility layout we were not equipped to isolate any prisoners. We only have one large holding cell for all the prisoners that are sent to our collection center. Three days ago brigade sent us two prisoners and told us to isolate them knowing full well that we were not set up to handle isolation prisoners in our current facility. So we made make shift cells back in our administration area. The prisoners were placed in separate rooms, but both of those doors connect out to a main hallway. These rooms have no bars on the doors, and because of our need to supervise the prisoners we could not close the wooden doors to these rooms, or we would not be able to see them. Because we were inside a building with marble floors we could not drive pickets down into the floor to keep the wire properly secure. For one room we were able to secure the ends of the wire to a large swan cooler on one end, and the other we connected to a chain attached to an opening doorway. The other room we had nothing to secure the wire to so we stretched the wire out and used MRE boxes as weights to hold the wire in place. Initially the prisoners were told to sit down in their rooms and face the wall facing away from their doorway. They were told by our translator [REDACTED] to not get up or move around, and that they could not talk to anyone except to say we</i>

9. STATEMENT (Continued) To let us know they had to use the latrine. They were also told not to approach the wire closing off their cells until we told them to get up and move toward the latrine. After two days in their cells, the prisoners were complaining to the medics that came to our facility every day to check the health of our prisoners, the medics told the prisoners that they could stand up and walk around their cells, but it was made very clear to them to not approach the wire closing off their cell. Also in relation to these two particular detainees I was told by Cpt. [redacted] the S-2 that these two needed to be isolated and they were suspected Fedeenen suspects. The guards were all briefed of that information, and conveying that information with the only single strand of constant wire separating them from the guards, I felt, put all of us kind of on edge, but only as it related to these two particular detainees. Both guards were acting normally around the detainees in our main holding cell. Approximately 1945 hours Spc. [redacted] told me that both of the isolation prisoners were trying to talk to each other, and had been twisting and turning trying to work against their restraints. I addressed them and told them to remain quiet, not to speak except to say 'WC', and to stop straining against their restraints. This seemed to have worked. Both prisoners sat down and stopped twisting their restraints. The evening seemed to be progressing along normally up to the point of the shooting. I was standing approximately 20 FT. from Spc. [redacted], and I was facing away from him. Spc. [redacted] was standing several feet behind me to my right. Spc. [redacted] was standing in a doorway facing down a hallway where he could see both prisoners in their cells at approximately 2310 hours. Spc. [redacted] turned slightly to look at Spc. [redacted] who was standing over by me, he was asking Spc. [redacted] to give him a lighter book. About two seconds later, I heard a shot. I turned around and approached Spc. [redacted] who was standing in the doorway looking down the hall. I passed him and proceeded several feet down the hall. I was trying to assess the situation at this point. Spc. [redacted] said "He was standing right up next to the wire." I told him he should have cleared it with me before he shot. Because I didn't see any blood on the prisoner at first glance, I asked Spc. [redacted] if he shot the prisoner? He said again yes, that he had shot the prisoner, and that he had been standing right next to the wire. The prisoner, I observed, had fallen backwards and was kind of moaning and he said something in Arabic. It was at this time I saw a small amount of blood coming from the prisoner's lower left chest area. After quickly assessing that the prisoner had been shot I walked quickly out of the hall, out of the doorway, and over to our radio to call Pack Horse Mike, so we could get medical help immediately for the prisoner. I spoke to Pack Horse Mike. I told them the situation, and that we needed immediate medical help. "Rover 3" Echo Company's rovers came on the net and told me that they were in Route. While I was on the radio, Spc. [redacted] came over from the other Building.

9. STATEMENT (Continued)

Where we had additional isolated prisoners, at that time we had "8" isolated prisoners. SPC [REDACTED] asked me what had happened. I told him SPC [REDACTED] had shot a prisoner and that he was in the back room, down the hallway. I was still speaking on the radio at this time. SPC [REDACTED] asked if we had a CLS Bag. I told him we did, and it was back in the closet in our main office. The three went and retrieved the CLS Bag and began giving first aid to the prisoner. SPC [REDACTED] seemed stunned and kind of shocked at first that SPC [REDACTED] had shot a prisoner. SPC [REDACTED] remained standing in the doorway, looking down the hallway at the prisoner. After I finished talking on the radio I went to see what I could do to help the prisoner. By this time SPC [REDACTED] sort of shock had worn off, and he was administering first aid with SPC [REDACTED]. When I got back into the prisoners "cell" I observed the two specialists applying a Battle dressing to the wound. One of them had already cut away the prisoners hand cuffs. The prisoners eyes had halfway rolled back into his head. He had a weak pulse and was breathing barely. About <sup>5:30</sup> this time SSG [REDACTED] and SGT [REDACTED] had arrived on the scene. They quickly surveyed the prisoners condition and asked SPC [REDACTED] to go and get a litter from their truck. SGT [REDACTED] asked me to get on the radio and call Echo Mike and inform them that they were in route back to Echo with a critical casualty. I went to the radio and relayed the message to Pack Horse Mike. Time seemed to be flying by, by this time it was approximately 2325 hours. SSG [REDACTED] and SGT [REDACTED] worked on the prisoner for a couple of minutes and then I saw SPC [REDACTED], SPC [REDACTED], SSG [REDACTED], and SGT [REDACTED] hauling the prisoner out of the doorway on a stretcher out to an awaiting ambulance that had just arrived. [REDACTED]

Q: MAJ [REDACTED]

A: 1LT [REDACTED]

Q: please explain if SPC [REDACTED] made any statements after the shooting to you.

A: He stated that he had shot the prisoner, because he was standing right next to the wire. I asked him again, a little later, after the medics left, how he <sup>felt</sup> his side of the story and he related that just after he had asked [REDACTED] for the lighter he quickly glanced back down the hallway, noticed the prisoner standing next to the wire and he fired. He said that it was just instinct. He said he saw the guy snap his rifle up and fired. [REDACTED]

Q: Did you hear SPC [REDACTED] give a warning to the detainee?

A: No, no verbal warning was given before he fired. [REDACTED]

## 9. STATEMENT (Continued)

Q: How far away from SPC [REDACTED] were you and SPC [REDACTED] when the shot was fired?

A: I was approximately 20 FT. from SPC [REDACTED], and approximately 13 FT. from SPC [REDACTED].

Q: Did you ever tell SPC [REDACTED] or anyone else that the detainees were allowed to stand in order to stretch?

A: Yes, I told both SPC [REDACTED] and SPC [REDACTED] several hours before the shooting occurred.

Q: Were there any indications that SPC [REDACTED] was stressed or fearful because of the circumstances surrounding his duty that night?

A: Yes, as I wrote in this statement all of the guards were "on edge" when dealing with these two because we did not have a proper way to hold these detainees. No cage or barred door, only one strand of wire between the guards and the detainees.

Q: Why was only one strand of concertina wire used?

A: When the S-2 and S-3 told us we had to accept these two detainees we had to barely prepare for this arrival. Also we had no way of securing the wire to pickets, it is a solid metal floor.

Q: How long had the deceased been a detainee at the facility?

A: Two full days and about 15 hours into the third day.

Q: Are the guards given written instructions for their duties?

A: No, I have given verbal instructions to all guards thus far. I am still writing our SOP for the facility.

Q: What do those instructions tell guards to do with respect to the use of deadly force?

A: Our usual instructions are given for detainees in our common holding cell, as

STATEMENT OF [REDACTED] TAKEN AT FOB Pack Horse DATED 2003 09 13

## 9. STATEMENT (Continued)

Continued:

A: I stated we are not setup for holding isolation type prisoners. Specifically, there is no warning shot given. There is to be a verbal warning to "stop" or "get down on the ground," stated before any shots are fired. Also try to aim to "wound if possible." all guards have been briefed on our Division level "ROE" policies. Specifically, the use of graduated force up to and including "deadly force if necessary." [REDACTED] had been briefed on the use of graduated force?

A: Yes, he received several Briefings about the use of force as it relates to our "ROE".

Q: What would constitute an attempt to escape by a detainee in isolation?

A: Attempting to remove any barrier, i.e.: wire that we have placed to keep them safely detained. Also, removal "by the prisoner" of restraints we place on their person, i.e.: hand cuffs, or 550 cord we use to limit their movement of their hands or feet.

Q: How was the deceased Detainee Bound?

A: He was wearing flexi-cuffs on his wrists, and they were in front of him so he could drink, and eat, use the latrine. [REDACTED]

Q: What kind of rehearsals, drills were done prior to the shooting to deal with attempted escapes?

A: Just verbal scenarios talk over with the guards. [REDACTED]

Q: How many prisoners/detainees were in custody at the facility where the shooting took place?

A: we had 50 prisoners at the detention facility. [REDACTED]

Q: Did SPC [REDACTED] have adequate rest prior to assuming his duties on the evening of the shooting?

9. STATEMENT (Continued)

Continued:

A: I am unsure of how much rest he had prior to the shooting. <sup>CRA</sup>

Q: How long has SPC [REDACTED] worked for you?

A: SPC [REDACTED] has worked with me for approximately four months.

Q: Please characterize his performance up until the evening of the shooting.

A: SPC [REDACTED] performance up until the shooting had been 'OK'. SPC [REDACTED]

with Iraqis. [REDACTED] is very aggressive when he is put in situations dealing directly with Iraqis. When he is with/around soldiers he is "normal", but when he is put in situations where he has to deal with Iraqis he becomes almost to the point of being overly aggressive.

Q: What do you mean, "overly aggressive?" Can you give examples?

A: The day prior to the shooting he was yelling at the prisoners for very minor things. His whole demeanor changes when he is around Iraqis, in his speech and monologues.

Q: Had the deceased detainee ever try to escape before?

A: No, not to my knowledge. SPC [REDACTED] did report earlier that night that he was visibly ~~restraining~~ against his hand cuffs, and the two detainees we had in isolation in that hallway did attempt to speak to each other earlier that night.

Q: Did the deceased ever try to move the concertina before the evening of the shooting?

A: No, not to my knowledge. [REDACTED]

9. STATEMENT (Continued)

Q: Do you have anything to add?

A: After thinking about the incident over the past 24 hours I do not think that SPC. [redacted] should have shot, prior to giving a verbal warning. He did not give any warning to anyone, the prisoner, myself, or SPC. [redacted]. Just after SPC. [redacted] had fired I entered that hallway, no more than 5 seconds later. I did not see that the wire had been moved at all by the detainee, but by virtue of where the detainee fell I do think he was standing near the wire. Both of those two detainees that were in that hall were told at least three times to not approach the wire over the course of the two days prior. Also, as I stated before where we are working now is not set up to hold isolation prisoners until the other jail next door is complete. Having those type of prisoners "on site" now places them at risk, as well as the guards.

 On the night of SEPT 11 2003 on or about 23:15 SPC [REDACTED] Shot a prisoner that was trying to escape. My shift at the prison started at 18:00 during this time two prisoners that me and SPC [REDACTED] were Guarding, that were in Solitary. Were acting SUSPICIOUS during our whole shift, by trying to communicate with each other we told them repeatedly ~~told them~~ to not communicate, later around 23:15 I was standing by the doorway when at the same time SPC [REDACTED] already pointed his weapon and fired at the prisoner the prisoner was laying by the wire when I saw him. The two Solitary prisoners were told not to stand up without asking first and to not approach the wire or they'd be shot on site, those were the rules. SPC [REDACTED] acted correctly by taking appropriate action.

I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:			
<p>On 11 SEP 03 at approximately 2330 I was woken up by the TOC NCO and informed that a detainee was shot while trying to escape. I immediately dressed and drove out to the Detention Center to find out what happened. By the time I arrived the body of detainee was removed and taken to the aid station. First I asked 1LT [REDACTED] what happened and he told me he was standing in the archway looking at the latrine at the time of the shooting. He did not hear any warning prior to the shot being fired.</p> <p>I next pulled aside and questioned SPC [REDACTED]. He told me the detainee stood up (which he is allowed to do). He said the detainee was attempting to escape from his isolation cell and he shot him. I asked him why he did this and what lead up to this. He told me the two detainees were attempting to communicate with each other in Arabic. He next moved to the wire and at this time was shot by SPC [REDACTED]. I asked if he was sure if he was trying to escape; if he had his hands on the wire and was trying to move it aside. He thought about it for about 30 seconds and told me "yes."</p> <p>After talking to SPC [REDACTED] I pulled SPC [REDACTED] aside and asked him what happened. He told me he was outside the building smoking a cigarette while the shooting happened. At this time I realized the only two people who knew exactly what happened were SPC [REDACTED] and Obeed Radad (the detainee). I then left and drove to the aid station to check on the detainee. I arrived at the aid station to find the detainee had expired.</p> <p>My next stop was the TOC to conduct a 15-6 investigation and SIR with the Battalion XO and S3. This was completed around 0400 on the 12 SEP.</p> <p>My role as the Battalion S2 is to supervise the operation, construction, and administration of the detention facility. We are currently using a temporary facility while a permanent facility is being financed and built. There are no true isolation cells yet so we are using bathrooms and horse stalls with concertina wire across the doorways. Obeed Radad and [REDACTED] were being held for questioning relating to the location of [REDACTED]. They were isolated to prevent them from collaborating a story and talking with other detainees. Both were told by an interpreter that if they attempted to remove the ties from their wrists or leave the cell they would be shot.</p> <p>b64/b7c-4</p> <p>Q: MAJ [REDACTED] A: CRT [REDACTED]</p> <p>Q: Who made the determination that detainees were to be shot if they got up and approached the concertina wire? A: <del>IT WAS MY DECISION</del> IF THE DETAINEES ATTEMPTED TO EXIT THEIR CELLS THEY COULD BE SHOT. THIS WAS MY DECISION BASED ON THE CURRENT ROE. [REDACTED]</p> <p>Q: "Attempted to exit their cells" means, what, specifically? A: ANY ATTEMPT TO LEAVE THE CELL WITHOUT PERMISSION. EX: MOVING THE WIRE, GOING OVER, UNDER, OR AROUND IT, GOING THROUGH THE WINDOW [REDACTED]</p> <p>Q: Do you have a written order or instruction that directs a guard's action during an escape? A: NO, ALL INSTRUCTIONS ARE VERBAL UNTIL WE ESTABLISH TTPs FOR THE</p>

## SECTION IV - FINDINGS (para 3-10, AR 15-6)

2. (investigating officer) (board), having carefully considered the evidence, finds:  
 e incidents surrounding the shooting of detainee, Obeed Hethere Radad at the 1st Brigade Collection Facility was a result of the detainee playing intent to breach the concertina barrier of the isolation cell. The collection facility consists of a single detention cell with a fifty ainee capacity and limited isolation rooms/cells. The detainee was delivered to the 1st Brigade collection point on 8 Sep 03. He was ained by 4-42FA in the vicinity of Ad Dwar. The detainee was instructed upon his arrival by an interpreter that he was to remain seated l to stay away from the concertina wire or he would be shot. Throughout the guard shift SPC [REDACTED] reported that the detainee s "fiddling" with his hand cuffs and attempting to speak to the other detainee in the adjacent holding cell. At approximately, 2315SEP03, SPC [REDACTED] the appointed guard at the isolation guard point momentarily turned away from the ainee, Obeed Hethere Radad. While SPC [REDACTED] was turned away from the detainee, the detainee stood up from a sitting sition and moved approximately 4-5 feet through the detainment cell doorway. After 2-3 seconds SPC [REDACTED] turned back to e the detainee. As SPC [REDACTED] turned back facing the detainee he was surprised to see the detainee standing with his upper torso ning over the single strand of concertina wire. SPC [REDACTED] stated that he leveled his weapon, moved the selector switch from e to semi and fired one un-aimed round in the direction of the detainee. The detainee was struck in the abdomen. SPC [REDACTED] moved into the isolation area moved SPC [REDACTED] into the office area and rendered first aid to the detainee. The ainee was evacuated to E Company, 4th FSB Medical Aid Station where medical aid was rendered. The detainee died after all efforts to ive the him had failed.

## SECTION V - RECOMMENDATIONS (para 3-11, AR 15-6)

view of the above findings, the (investigating officer) (board) recommends:  
 FSB reviews all TTPs for use of deadly force within the Brigade Collection Facility. Limit the number of detainees held in isolation to 0. During the incident there were a total of [REDACTED] detainees held in isolation cells. [REDACTED]  
 [REDACTED] The current detainment material for the isolation cells, concertina wire, is adequate but more permanent facilities should be expedited to mitigate the risk posed by the temporary nature of the ility. A contract to establish a permanent facility has been provided to the Division Comptroller for funding. This facility will increase security of the detainees and improve the safety for the guards.

I, SSG [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 11 Sept. 2003 at or about 2315 hours, I was conducted roving guard duties with SGT [REDACTED], while I was checking on guard point 14 (while I was outside the vehicle) SGT [REDACTED] told me he heard over the radio that one of the prisoners at the detention center was trying to escape and was shot in the chest. I asked him if he was joking and when he said no, I told him to go to the Aidstation and grab an aid bag and some gloves. We went to the Aidstation, grabbed the items and went to the detention center. When we arrived at the detention center, SSG [REDACTED] and SGT [REDACTED] was already on the scene with a wheeled ambulance. When we pulled in, SSG [REDACTED], SGT [REDACTED] and two other individuals were on their way out of the detention Building and heading to the ambulance with the casualty on the litter. The casualty had a field dressing over his left mid-epigastric area and was not responsive at all. SSG [REDACTED] said that one of us needed to ride in the ambulance with them. I jumped in and SGT [REDACTED] said he (the detainee) does not have a pulse. I began chest compressions and SGT [REDACTED] started bagging him. I looked at the casulities face and his eyes looked glazed and dialated. When we arrived at the Aidstation we carried him into the tretment room and continued chest compressions until 1LT [REDACTED] said he is gone at approximately 2320.

On 11 Sept 03 between 2300 and 2330 hrs I was conducting my roving patrol along with SSG [REDACTED] when I heard a call over the net for medical assistance at Bighouse Mic. I radioed Packhouse Mic to let them know that we were on the way, but had to stop and get medical supplies. As we approached the detention center we learned that Ambulance Platoon was already on the scene. They were on the way out with the casualty. We loaded him into the FLA and headed back to the Aid Station. SSG [REDACTED] was in the back of the FLA with SGT Vail performing CPR. On the evening of 11 Sep 2003 at 18:00 hours me and SPC [REDACTED] arrived at the prison on South Tikrit Airfield for duty. We were instructed the day before on the rules for the General Population prisoners and the detainees in Solitary which were any of them try to escape shot them. The briefing was done by 1st Lt. [REDACTED] the two prisoners in Solitary were instructed to face the wall sitting down, to not stand up without being told to and to not approach the wire or they would be shot. 10 Sep 2003 was the first day we started guarding prisoners. On the evening of 11 Sep 2003 the shift started out smoothly with the normal routines of the prisoners going to the latrine and washing up. During the entire time up to the incident the shift was smooth except for the actions of the two Solitary prisoners. The prisoners were acting suspicious all night by

trying to communicate to each other by speaking Arabic. Also the prisoner that was shot was trying to loosen his cuffs when the power went out. I do not recall the exact time the prisoner was messing with his cuffs, up to the event was quiet, until around 11:15 or so when I started walking towards SPC [REDACTED] I do not remember at all what I was doing before I started walking towards SPC [REDACTED] but I remember before I could reach the doorway SPC [REDACTED] turned around lifted his weapon and fired one single shot. SPC [REDACTED] stood in the doorway somewhat dazed until I told him to go sit down. I stood in the hallway for a brief moment looking at the prisoner until SPC [REDACTED] came from the other building and saw what happened. Pulled the concertina wire back and told me to get the CLS Bag, at the same time [REDACTED] was calling packhorse Mike for aid. Me and SPC [REDACTED] started to render aid to the prisoner by applying a field dressing and sitting the prisoner up. The medics arrived shortly and took the prisoner away. Those are the facts in my opinion. SPC [REDACTED] acted correctly almost reflex-like. The prisoners in Solitare should not have been in

I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

ON 11 SEPT 03, PFC [REDACTED] AND MYSELF REPORTED TO GUARD AT 1800 HOURS. AROUND 2100 HOURS, WE HAD BEEN VISITED BY CPT. [REDACTED]. WE EXPRESSED OUR CONCERN TO HIM ABOUT THE SKILL ADDITUDES OF THE 4FSB GUARDS. THAT THEY LACKED PROFESSIONALISM THAT IS NEEDED FOR DEALING WITH EPW'S.

LATER THAT NIGHT, AROUND 2300 HOURS, PFC [REDACTED] AND MYSELF WERE CONDUCTING OUR ROUTINE CHECKS ON THE EPW'S. WHEN WE HEARD A LOUD BANG FROM OUTSIDE. WE THOUGHT THAT IT WAS THE 4FSB GUARDS BANGING ON OUR DOOR WITH A PICK HANDLE FROM THE OTHER GUARD SHACK/CELL BLOCK. ONLY BECAUSE ON 10 SEPT 03, THE TWO 4FSB GUARDS LEFT THEIR POST TO COME OVER TO OURS AND STARTED BANGING ON THE EPW'S CELL DOORS, WAKEING UP THE EPW'S. I WENT OUTSIDE TO SEE WHAT WAS GOING ON. PFC [REDACTED] REMAINED IN THE CELL BLOCK AT HIS POST. WHEN I WAS GOING TO THE OTHER JAIL HOUSE, I SAW THAT THE TWO 4FSB GUARDS HAD THEIR M16'S AT THE READY AND POINTED DOWN THE HALLWAY. AS I WENT UP THE STAIRES I DREW MY M9. I THEN

LOOKED DOWN THE HALLWAY TO SEE WHAT HAPPENED AND SAW [REDACTED] LAYING ON THE FLOOR WITH HIS HAND ZIPPED CUFFED AND OVER HIS FACE. HE WAS LETTING A TYPE ON EXHALE YELL/SCREAM. I TURNED TO THE 4FSB GUARDS AND ASKED WHAT HAPPENED. SPC. [REDACTED] REPLYED WITH "HE STOOD UP AND WAS NEXT TO THE WIRE". I LOOKED OVER THE WIRE AND PUT MY M9 BACK INTO ITS HOLDSTER.

LT. [REDACTED] WAS ON THE RADIO, CALLING FOR THE MEDICS. I ASKED FOR A CLS BAG AND SPC. [REDACTED] WENT INTO THE OFFICE TO GET IT. I THEN TOOK SPC. [REDACTED] WEAPON AND TOLD HIM TO GO AND SIT IN THE OFFICE. SPC. [REDACTED] HANDED THE CLS BAG TO ME AS I WAS MOVING THE WIRE TO GET A BETTER LOOK AT THE WOUND. AS I WAS PUTTING ON GLOVES, I ASKED SPC. [REDACTED] TO CUT THE ZIP-CUFFS. I PROCEEDED TO RIP THE SHIRT TO EXPOSE THE WOUND. AT THAT TIME I NOTICED A BULLET HOLE THREW HIS FORARM, OF THE RIGHT ARM. THERE WAS NO BLOOD FROM THAT WOUND. THE OTHER WOUND WAS JUST LEFT FROM CENTER AND BELOW THE RIB CAGE. THERE ALSO WAS NO BLOOD FROM THAT WOUND. AT THAT TIME HE GASP FOR AIR A COUPLE OF TIMES. THE PULSE WAS VERY FAINT, NO REPOSE TO OUR VOICES AND NO RESPONSE FROM HIS EYES. WE THOUGHT THERE WAS A EXIT WOUND, BUT WHEN I CHECK USEING MY HANDS, THERE WAS NONE. LT. [REDACTED] BY THIS HAD CALLED THE MEDICS AND TOLD US THAT THEY WERE ON THEIR WAY. LT. [REDACTED] ASKED SPC. [REDACTED] WAY HE SHOOT HIM AND HE REPLIED WITH THE SAME ANSWER, "HE STOOD UP AND WAS BY THE WIRE." THEN I HEARD LT. [REDACTED] SAY THAT HE HAD GIVEN PROMISSION TO HIM TO STAND UP. WE THOUGHT THAT IT MIGHT HAVE HIT THE LUNG, SO WE ROLL HIM OVER TO LET THE BLOOD COME OUT OF THE LUNG. AT THAT TIME, WHEN WE ROLLED HIM, THAT THE WOUND ON THE BODY STARTED TO BLEED. SO WE APPLIED A FEILD DRESS TO IT, AND KEPT PRESSURE ON IT. AT THIS TIME I DO NOT SEE SPC. [REDACTED] ANYWHERE. BUT I SAW THE LT. AND HE SAID THAT IT MIGHT BE BETTER TO SIT THE BODY UP RIGHT. SO WE DID, AND KEPT PRESSURE TO FEILD DRESSING ON THE WOUND. SOON AFTER THAT, THE MEDICS SHOW UP. THEY LOOK AT THE BODY, TAKE A PULSE. SAID THEY DIDN'T FIND ONE, AND CALLED FOR THE STRETCHER. SPC. [REDACTED] WENT AND GOT THE STRETCHER. I HELPED THE MEDICS PUT HIM ON AND IN THE BACK OF THEIR AMBALANCE.

I was talking with SGT [REDACTED] behind her vehicle E216 in the Ambulance Plt Area. When a call came that they needed medics at the EPW compound because a prisoner had tried to escape and had been shot in the chest. I immediately ran to get the rest of my clothes on and started the vehicle and she went to notify the Plt SGT. We then left our area on a straight path to the EPW camp. We stopped at the guard tower to ask about the entrance then went to the entrance and drove in to the main area. I jumped out of the truck and hurried up to the hall. On my left where prisons behind bars on the right a large light shining at them a couple more steps a hall way to the right. One of the soldiers said over here I went down the narrow hall on the right consisted wire on both sides. At the end of the hall a small room the prison was propped up against the door. Dressing on his abdomen. The soldier stated that he (the prisoner) had been shot in the Arm and stomach and he had a weak pulse. I felt for a pulse in the PT's left wrist and felt none. I then told SGT [REDACTED] to not give the IV here we would try in route. Go get a litter, I felt for a carotid pulse in neck and SGT [REDACTED] beat me to it. I placed my hand near his mouth and felt no Air movement. The litter came we put the prisoner on it and got him to the back of the ambulance. SGT [REDACTED] got in the back with him SSG [REDACTED] also they started CPR. In route back I drove quickly to the BHS where he was taken in and Doc [REDACTED] took control the O<sub>2</sub> was hooked up and CPR continued till Doc [REDACTED] said Stop. While inside the hall leading back to the prison One soldier stood while 2 others were in the room with the injured prisoner One stood back while the other held the first Aid dressing on the wound on his abdomen. There was a sense of urgency in all three of the soldiers there at the scene. A combat life saver bag was opened and on the outside of the door he was leaning against. They seemed like they were trying to help and they wanted to help.

AT APPROXIMATELY 2310-2315HRS I WAS AWOKED BY MY MEDICS INFORMING ME THAT AN EPW/DETAINEE HAD BEEN SHOT IN THE CHEST AT THE DETENTION CENTER. MY MEDICS AND I QUICKLY BEGAN PREPPING OUR CLINIC AND TREATMENT TEAM FOR THE CASUALTY'S ARRIVAL. AT APPROX. 2330 THE CASUALTY ARRIVED VIA AMBULANCE AND WAS THEN RECEIVING CPR BY MY MEDICS. CPR WAS CONTINUING WHILE THE PATIENT'S INITIAL VITAL SIGNS WERE BEING RECORDED AND MONITOR IMPLACED, AND IV LINES ESTABLISHED. I PROCEEDED TO EXPOSE AND EXAM THE BODY, OBSERVING CPR BEING PERFORMED, AND NOTICED THE CASUALTY APPEARING LIFELESS. HIS WOUNDS CONSISTED OF A THROUGH & THROUGH GUNSHOT TO THE MID-LEFT FOREARM AND AN OBLONG LOOKING ENTRANCE WOUND TO THE LEFT CHEST WALL JUST BELOW THE LEFT RIBS. I BELIEVED THE ENTRANCE WOUND ON THE CHEST TO BE OBLONG FROM THE PROJECTILE TUMBLING AFTER FIRST STRIKING THE PATIENT'S LEFT ARM. THERE WERE NO EXIT WOUNDS ON [REDACTED]

CPR WAS CONTINUING WHILE I NEXT PROCEEDED TO THE CASUALTY'S HEAD NOTICING THAT HIS EYES WERE FIXED, DILATED, AND HAZY INDICATING DEATH/IMMINENT DEATH. I INSTRUCTED MY MEDICS TO THEN STOP CPR WHILE I CHECKED FOR A CAROTID PULSE OR SIGNS OF SPONTANEOUS BREATHING. Q: Did you see SPC [REDACTED] (b)(6)S during the night of the shooting or since then for medical reasons?

A: No [REDACTED]

Q: Is there anything else that you would like to add?

My medics that initially responded (SGT [REDACTED] / SSG [REDACTED]) later informed me that upon their arrival the casualty was found in a back room with no ongoing first aid being provided to the victim. Again later I was informed that the casualty's hands were bound in front of him which seemed to give reason how/why the bullet first struck his (L) arm and then proceeded to enter the chest cavity as if he were holding his arms up in front of him by the nature of them possibly being bound. On 11 Sept at around 1700 myself and PFC [REDACTED] went to the Iraqi Prison here at Camp Pockhose because a call came in over the radio that a prisoner was suffering from an unexplained nose bleed. Earlier PFC [REDACTED] went to the prison and screened the prisoners and I went the second time with him to ensure his security and to make sure the guards aren't calling us out for trivial reasons and in case something was really wrong with the nose bleeding prisoners. We went to the building where it was only about 6-8 prisoners in separated rooms first and saw the nose bleeding prisoner. Treated him and screened the remainder prisoners in the building to ensure they didn't have any major medical complaints and treated

what ever complaint they may have. On the way out the building SFC [REDACTED] informed me there were two more prisoners who needed to be screened in the new building across for the cell which house the majority of the prisoners. He informed me the "deceased prisoner" requested to see the medics and SFC [REDACTED] didn't know how the deceased prisoner knew we were there. So myself, SFC [REDACTED], SFC [REDACTED] and an Iraqi interpreter went over to talk to him. He began to complain about joint pain, back pain and he couldn't eat. The 800mg Motrin(3) that SFC [REDACTED] gave him previously were on the floor ~~unused~~ unused. We informed him he has to try and take the medication we gave him in order to be relieved from the pain cause the only other thing we could do was given him something stronger which wouldn't make sense cause he hadn't taken the meds. We've given him the first time. We explained to him he has to eat to keep up his strength and drink the four bottles of water he is given everyday. SFC [REDACTED] recommend to the guards on duty to pay close attention to the prisoner and ensure he gets the opportunity to walk

around his little cell sometimes. On our way out the prisoner began to complain about how he was being treated while in prison but I really couldn't make out exactly what the translator was saying. I think it was something regarding to the size of the room he was in. We also told the prisoner that sleeping on the concrete floor would cause his joints and back to ache. We also noticed pieces of bloody tissue on the floor in the cell but when ~~the translator~~ the translator was answering why the tissue was there I was turned around talking to one of the guards but SFC [REDACTED] heard the answer.

Q: Which guards were told to let the detainee to get up and walk around in his cell?

Q: When you spoke with the detainee, did you notice any signs of physical abuse?

 On the night of Sept. 11, 2003, SPC [REDACTED] was on guard duty at the Brigade Detainee Collection Point specifically guarding detainees in one of the isolation areas. I was woken up at approx. 1120 hrs and told that a prisoner was shot while attempting to escape. Upon notification, I rushed down to the TOC, stopping first at the Aid Station and observed the deceased prisoner. I then proceeded to the TOC to start information gathering. At approx. 1145 hrs, a SPOT report was sent up to the IBCT ~~to~~ TOC by myself with the preliminary information. After completing the spot report, I then went to take digital photos of the remains. The remains were then loaded into a body bag and placed in an FMTV. Ice was then brought in and I helped pack bags of ice on the body.

As the S-3 of 4th FSB, it was my job to help facilitate and coordinate the transfer and guard mission for the new Brigade D.C.P. The issues we were having with the collection center were available space, lack of guards, nonavailability of

isolation areas and providing basic essential items to the prisoners. At the time of the incident, there were 56 prisoners in the facility with eight in isolation. We were mandated by BDE to hold no more than 50 but due to not having an interpreter, we were forced to hold onto individuals longer than necessary. The deceased individual was in isolation and due to lack of space, he was placed in ~~an~~ a bathroom across from the main holding cell, blocked in by concertina wire and guarded by a guard. I do not know the purpose of the isolation but it was thought that he had a connection ~~to~~ to the wife of (b)(6)(b)(7)(F). In this particular isolation cell, there was little room and the prisoner had his hands tied. exterior of the main cell so that prisoners could not reach out of a window and grab a fire arm off a guard.

Q: Can you describe the type of ROE and use of force training the guard force received prior to assuming duties?

The guard force is a rotating duty provided primarily by the maneuver battalions. Upon arrival at the beginning of the duty, new guards are briefed on procedures consisting of, food, latrine, bathing, force, uniform requirements, and shift hours. The 1 BCT or 4 ID never gave the 4th MFS PSB any formal training as to how to handle prisoners. 220 MP visited and gave recommendations. The prisoners in isolation were told by the ~~S-2~~ interpreter to not stand up or approach the wire or they risk being shot.

Q: How long were you without an interpreter?

A: about 4-5 days.

Q: Were you present during the interpreter's in-briefing of detainees, or are you describing the process for in-briefing?

The I was not there. The Detention center OIC, LT, NCOIC, SPC or the BN S-2, CPT handle the briefings of incoming personnel and give instructions to the prisoner via an interpreter.

Q: Why were only five guards on duty for more than 50 detainees?

Q: Did you receive and did you issue your subordinate units Frago's or instructions on the handling of detainees?

## Chapter 3 Use of Force

### 3-1. Procedures for use of force

a. DA military and civilian personnel engaged in law enforcement or security duties will avoid the use of force where they can carry out their duties without resorting to its use. In such cases where the use of force is warranted, DA personnel will use the minimum amount of force necessary to reach their objective. Only as a last resort will deadly force be used and only as described in this regulation.

b. Commanders are encouraged to substitute nonlethal devices for firearms when considered adequate for safely performing law enforcement and security duties. In evaluating the degree of force required for specific law enforcement or security situations, the following options should be considered in the order listed:

- (1) Verbal persuasion.
- (2) Unarmed defense techniques.
- (3) Chemical aerosol irritant projectors (subject to host nation or local restrictions).
- (4) MP club.
- (5) Military working dogs (military working dogs will be used per AR 190-12).
- (6) Presentation of deadly force capability.
- (7) Deadly force (para 3-2).

### 3-2. Deadly force

a. Principles defined in this regulation on the use of deadly force with firearms will be applied equally to personnel using a weapon or equipment which, when properly employed in their intended application, would exert deadly force.

b. The Secretary of the Army, major Army commanders, or their designees may impose further restrictions on the use of deadly force if deemed necessary in their judgment and if such restrictions would not unduly compromise the national security interests of the United States.

c. Personnel will not be permitted to perform law enforcement or security duties requiring the use of weapons until they have received instruction on applicable regulations for the use of deadly force in the performance of such duties. Additionally, annual refresher training will be given to all personnel assigned to those duties to ensure that they continue to be thoroughly familiar with all restrictions on the use of deadly force.

d. Personnel carrying weapons for personal protection under the provisions of paragraph 2-2d will have the necessary training on deadly force commensurate with that prescribed by this regulation.

e. For contract security forces, use of deadly force criteria will be established consistent with this regulation and local law.

f. Deadly force is justified only under conditions of extreme necessity and as a last resort when all lesser means have failed or cannot reasonably be employed. Deadly force is justified under one or more of the following circumstances:

(1) *Self-Defense and defense of others.* When deadly force reasonably appears to be necessary to protect law enforcement or security personnel who reasonably believe themselves or others to be in imminent danger of death or serious bodily harm.

(2) *Assets involving national security.* When deadly force reasonably appears necessary to prevent the actual theft or sabotage of assets vital to national security. DOD assets will be specifically designated as "vital to national security" only when their loss, damage, or compromise would seriously jeopardize the fulfillment of a national defense mission. Examples include nuclear weapons; nuclear command, control, and communications facilities; and designated restricted areas containing strategic operational assets, sensitive codes or special access programs.

(3) *Assets not involving national security but inherently dangerous to others.* When deadly force reasonably appears to be necessary to prevent the actual theft or sabotage of resources, such as operable weapons or ammunition, that are inherently dangerous to

others; such as assets that, in the hands of an unauthorized individual, present a substantial potential danger of death or serious bodily harm to others. Examples include high risk portable and lethal missiles, rockets, arms, ammunition, explosives, chemical agents, and special nuclear material.

(4) *Serious offenses against persons.* When deadly force reasonably appears necessary to prevent the commission of a serious offense involving violence and threatening death or serious bodily harm. Examples include murder, armed robbery, and aggravated assault.

(5) *Arrest or apprehension.* When deadly force reasonably appears to be necessary to arrest, apprehend, or prevent the escape of a person who, there is probable cause to believe, has committed an offense of the nature specified in (2) through (4) above.

(6) *Escapes.* When deadly force has been specifically authorized by the Secretary of the Army and reasonably appears to be necessary to prevent the escape of a prisoner, provided law enforcement or security personnel have probable cause to believe that the escaping prisoner poses a threat of serious bodily harm either to security personnel or others.

g. Additional requirements for the use of firearms.

- (1) Give an order to halt before firing.
- (2) Warning shots are prohibited.
- (3) When a firearm is discharged, it will be fired with the intent of rendering the person(s) at whom it is discharged incapable of continuing the activity or course of behavior prompting the individual to shoot.
- (4) Shots will be fired only with due regard for the safety of innocent bystanders.

(5) In the case of holstered weapons, a weapon should not be removed from the holster unless there is reasonable expectation that use of the weapon may be necessary.

h. Commanders of MACOMs may establish additional considerations in implementing procedures over the use of firearms.

## Chapter 4 Carrying Firearms While Aboard Commercial and Military Aircraft

### 4-1. Procedures

DA personnel authorized to carry firearms aboard commercial and/or military aircraft will follow the rules specified in this paragraph. These rules satisfy both Federal Aviation Administration regulations and military directives for DOD personnel who carry firearms aboard commercial and/or military aircraft, and ensure the safety of aircraft and the personnel on the aircraft.

a. When personnel must carry firearms aboard aircraft, either on themselves or in their baggage, the commercial airline or military passenger service representatives will be notified before the flight departure.

b. Personnel will possess proper identification with full-face photograph and written authorization, such as, letter of authorization, credentials, and so forth, to carry firearms. Exceptions will only occur as a result of prior coordination with competent authority.

### 4-2. Firearms not required in flight

If the firearm is not required during the flight, the person carrying the firearm will—

a. Declare to the commercial airline representative or military passenger service representative, before the baggage is checked, that an unloaded firearm is in the baggage.

b. Inform the commercial airline representative or military passenger service representative that the firearm container is appropriate for air transportation. If the firearm is a handgun or other weapon that normally is not fired from the shoulder position, the baggage will be locked and the key will be kept by the person carrying the firearm. If the firearm is carried in the baggage, the weapon will be unloaded and securely locked in the baggage.

c. Place ammunition in an ammunition pouch or other suitable

When I went up the stairs I noticed EPWs locked in a cell facing the scene of the shooting, and a bright light facing them. There was a soldier holding a field dressing to the left upper quadrant of the patient with minimal bleeding. There was also blood on the left forearm sleeve of the patient. A combat life saver bag was laying next to the patient open. When SSG [REDACTED] stated that he didn't feel a pulse I felt for one, and couldn't find one either. I did not see the incident happen. I was standing approx 20 feet from Spec. [REDACTED] facing north. Spec. [REDACTED] was behind me standing in the doorway of our office/temp isolation cell holding area (b)(6)(5). He was guarding two prisoners in two different isolation areas. Spec. [REDACTED] was standing to my right, a few feet behind me. Spec. [REDACTED] looked out of the doorway out toward Spec. [REDACTED] and myself and asked Spec. [REDACTED] if he had a lighter. Maybe two seconds later I heard Spec. [REDACTED] shoot one round. I turned around and approached Spec. [REDACTED]. I walked in the door way asking Spec. [REDACTED] what was happening. He stated the prisoner in the rear holding area had been standing right next to his single strand of Constantine wire that was holding him in his isolation area. I observed the prisoner on the floor moaning and he said something in arabic. I then asked Spec. [REDACTED] if he had shot the prisoner, because I did not see any blood at first glance at the prisoner. Spec. [REDACTED] stated he had shot the prisoner because he was standing right next to the wire and thought he was trying to escape. I looked at the prisoner again and this time saw a little bit of blood on the prisoners chest in the area of his left lung. I went immediately to the radio and called Pack horse mike asking for Echo med and relating the status of the injury to Pack horse mike. While I was on the radio, Spec. [REDACTED] came over from the next building to inquire about the shot he heard. Upon finding out what had happened, he got the CLS bag from the office and began administering first aid to the prisoner. Upon completing the radio call to Pack horse mike I went in to see what I could do to help with the prisoner until Echo company arrived on the scene. End of Statement

I, SPC. [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

ON 11 SEPT 03, TIME 23:20, PFC. [REDACTED] AND MYSELF WERE WALKING THE LINE, CHECKING ON THE EPWS. ~~WHEN~~ THEN HEARD A LOUD BANG FROM OUTSIDE. I PROCEEDED TO THE OTHER JAIL HOUSE TO FIND OUT WHAT WAS GOING ON. PFC. [REDACTED] STAYED AND PULLED SECURITY ON THE EPWS IN OUR CELL BLOCK. AS I WALKED OVER TO THE OTHER CELL BLOCK, I SAW SPC. [REDACTED] AND PVT. [REDACTED] WITH WEAPONS (M16'S) AT THE READY, POINTING INTO THE SMALL HALLWAY. I DREW MY MA (BERETTA) AS I WALKED UP THE STAIRS. AFTER I LOOKED AROUND, I NOTICED THAT [REDACTED] WAS LAYING ON THE GROUND, WITH A EXHAUST SCREAM. I LOOKED AT SPC. [REDACTED] AND ASKED "WHAT HAPPENED?" HE RESPONDED WITH; "HE STOOD UP AND WAS BY THE WIRE". I THEN PROCEEDED TO HOLDSTER MY WEAPON AND LOOK AT THE BODY TO SEE THE WOUND. I HEARD LT. [REDACTED] ASK SPC. [REDACTED] WHAT HAPPENED. SPC. [REDACTED] RESPONDED WITH THE SAME ANSWER. LT. [REDACTED] THEN SAID HE GAVE EPW BR#2 PERMISSION TO STAND UP. AS THEY SAID THAT, AT THE SAME TIME I MOVED THE WIRE TO GET A CLOSER LOOK. PVT. [REDACTED] BROUGHT ME THE CLS BAG. I TOOK THE BAG AND KNEELED BESIDE THE BODY. I RIPPED OPEN THE CLOTHES EXPOSING THE WOUND. PVT. [REDACTED] CUT THE ZIP-TIE CUFFS LIKE I ASK HIM TO DO. AS I PULLED OUT A PAIR OF RUBBER GLOVES TO PUT ON, I NOTICED A BULLET HOLE THREW HIS FORARM. I BELIEVE IT WAS HIS RIGHT ARM. THE OTHER BULLET HOLE WAS JUST LEFT OF CENTER AND BELOW THE RIB CAGE. AT THAT TIME I CHECKED WITH MY HANDS FOR A EXIT WOUND, BUT THERE WAS NONE. THE PULSE WAS FAINT AND THE BODY GASP FOR AIR A COUPLE OF TIMES. HE DIDNT RESPOND TO OUR VOICES AND HIS EYES WERE NOT MOVING OR RESPONDING. WE HAD ROLLED HIM TO HIS SIDE TO LET BLOOD LEAK OUT OF THE LUNGS, IN CASE THE BULLET HIT THE LUNG. WHEN WE ROLLED HIM THE GUN SHOT WOUND STARTED TO LEAK BLOOD PVT. [REDACTED] HAD A FIELD DRESSING OVER THE WOUND. BY THIS TIME THE LT HAD CAME OVER AND TOLD US THAT HE CALLED THE MEDICS AND THEY WERE ON THEIR WAY. WE TOLD THE LT ABOUT AND WERE THE WOUNDS WERE. HE THEN DIRECTED US TO SET THE BODY UP TO HELP LET BLOOD COME OUT OF THE LUNGS, IF IT WAS A LUNG WOUND.

I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On the evening of Sept. 11th, I PFC [REDACTED] and Spc. [REDACTED] came onto EPW guard at 18:00. Around 23:00, we were making our routine bathroom checks, when we heard a loud bang come from outside toward the other EPW building. At first, we thought it was one of the guards banging on the gate with a club. We ran to the door to investigate it. Once we were at the door, I seen the 2 guards standing with their weapons fixed on the solitaire EPW room. Spc. [REDACTED] then ran over to investigate the situation. I continued to man my post while observing out the door. I then seen Lt. [REDACTED] ask Spc. [REDACTED] why did he shoot the EPW. From that point I (b)(6)(b)(5) continued to observe at my post. Spc. [REDACTED] then sat down outside and smoked a cigarette. About 10 to 15 minutes later,
