Steve,				
Per you instructions this morning, will coordinate the requested interviews of FBI personnel.				
We will not open an Internal Investigation matter case on them unless we receive some evidence				
that they were involved in misconduct. We will stay on top of this, and if they situation changes, you				
will be advised immediately.				
We have contacted at least one person in WFO who is more than willing to be interviewed and has				
already forwarded us some documents concerning interviews conducted in Iraq.
