[Redacted] - As I have served as the On-Scene Commander (OSC) here for a total of one year (including June - August, 2002 and August, 2003 - present), I think it is important that I be interviewed. I'll be at Quantico 8/2 - 8/13, attending EDI - we can do it during that time if you find it appropriate.

b7c

In my capacity as the OSC, I have been made aware of a number of instances of interrogations being handled in a manner inconsistent with FBI training and policy, but approved by the DoD, at the Deputy Secretary of Defense level.

My knowledge of DoD interrogations does not include any instances where I believed "abusive" or "illegal" techniques were being used. Likewise, I have never personally observed an interrogation by any agency at GTMO that made me uncomfortable.

I am not aware of any FBI employees being involved in questionable interrogation techniques and no FBI employee has ever come to me and said they had to excuse themselves from an interrogation because it was being handled in an inappropriate way, or that they had first hand knowledge, or reliable indications of, inappropriate techniques being used.

Regards
