I received a written request for a roster of FBI personnel in Iraq (october to December

2003) from Army CID, which is investigating allegations of abuse at Abu Ghraib. The request was delivered by CID's poc who is co-located with our NJTTF group at LX-1. In addition, Army CID states that the information is necessary to facilitate any possible future interviews which may be requested during official hearings. I have requested more information as to the nature of any purported allegations (either of abuse or failure to report same) against FBI peronnel, as well as any proposed interviews. I just spoke with CID's poc by phone and am waiting to hear back from her on these questions.

She mentioned that this request has already gone through I'm not  $^{b6}_{b70}$  sure if you were made aware of this request since the poc also mentioned that you were acting as legal counsel.

I would appreciate any information either of you may have about this matter. Thanks.
