They should grow up. I have told the JAG So Com people that I think the press is blowing this way out of proportion. There are a relatively few people who saw anything. Unfortunately, they are getting hit in the cross fire that is really intended for Gonzales. Furthermore, if they didn't treat people badly . . .

Hey, you are my representative down there.

Ok A little tense with the Military - But we are working through it. A few jeers and mean looks directed at the Agents from some of the less mature military interrogators. But, on the Command level we are in good standing -having provided him advance notice of the FOIA releases, nothing substantive just notice. Good or bad the Military seems to think I am your personal representative, and expect that I have all the answers you have....I am and have been cautious not to make any representations or honored any requests from the JTF without clearing them with my chain of command. Please let me know if I can help you with information or anything from this angle.

Thanks,

They should all be directed to use as the POC for interviews b7c of our people. The SouthCom JAG folks talked to me this morning. Unredacted copies should be going over to the Pentagon by COB today. BGen Furlow is the investigator.

I understand that JTF GTMO and SOUTHCOM have asked for unredacted copies of ACLU released FBI e-mail via letter to Valerie. I have also been informed that a Brigadier General (NFI) has been appointed to be the chief investigator of the FBI based abused allegations. He is scheduled to arrive here at GTMO on Friday. I request guidance on providing information to his team, requests for interviews of GTMO personnel etc.
